Bed Prosperity has returned to our sister State. Virginia. The Petersburg Indices says: "Money is more plentiful and at easier rates year by year. New industries have been established and are prospering while those already established have advanced far beyond their former measure of profit. Not a town in our limits but is fairly prosperous, and not a county where formed feeting and interest of the franking privilege, but virtually retaining all the privileges, in fairly prosperous, and not a county where feeting and increased production over the dark years of '67, '08 and '69 scalized. A large portion of the farming class is still in great difficulties, but State gendiation will but plunge them deeper. Let the Figelishure only preserve our public eredit, and all may yet be well."

IN THE SENATE, YESTERDAY,
IM. Colfax, in reference to charges against him concerning his transactions in Credit Mobilier stock, asked the Senate to appoint a committee to investigate his case. He was informed, as he certainly must have known when he made the request, that as Vice President of the United Status as beyond the reach

the Vienna Exposition appropriation bill, reduced by the House to \$200,000, was passed.

An amendment adopted to the legislative bill effectually prevents the payment of claims to men of questionable loyalty without the consent of Congress.

Mr. Sherman's proposition to increase the salaries of assistant secretaries and others was adopted.

IN THE SENATE, TO-DAY, was very choice, the President was unusually affable and sociable, and the party, constantly coming and departing from Suntil throughout the country.

THE PRESIDENT'S RECEPTION THIS EVEN-TO-DAY, without the consent of Congress.

The President's second evening reception is just closing, (11 o'clock), and from point of numbers and notable characters present, one of the most attractive he has vary echoice, the President was unusually affable and sociable, and the party, constantly coming and departing from Suntil throughout the country.

Mr. Cameron made an ineffectual effort to call up the French Spoliation bill; but intimated that he would move to take it up as soon as the legislative appropriation bill was then proceeded with. The question was very choice, the President was unusually affable and sociable, and the party, constantly coming and departing from Suntil 11 o'clock, appeared to enjoy themselves as they can do only where social freedomis a prominent element in the entertainment. The reader need not mention the fact, but U.S. Grant is the most popular man, upon his own merits too, you can find in whington, and that popularity is on the increase.

IN THE HOUSE, TO-DAY, as reported, but death is probable at any moment. Poor Carlotta!

The bill for the admission of Colorado came up, and Mr. Taffe, Neb., supported the measure. Mr. Kerr, Ind., opposed it on the ground of insufficiency of population and the undue influence and power given in the Senate.

At the expiration of the hour, Mr. Hooper, delegate from Utah, obtained permission to reply to an attack made, during the debate yesterday, upon the Mormon for that purpose.

George Francis Train has been summonted before the Wilson Credit Mobilier Committee appointed in behalf of the Government, and was unusually severe.

George Francis Train has been summonted before the Wilson Credit Mobilier Committee appointed in behalf of the Government, replied, supporting the charges made, that all the legislation of the territory was prompted by the Mormon church and calculated to build up Mormonism, and drive Gentiles to the wall. He made a ficre attack upon Brigham Young and the clumber of the Wilson Credit Mobilier Committee appointed in behalf of the Government, referred to in a previous part of this letter.

Notwithstanding the "cold snap" the receptions have been numerous and numerously attended to-day. Wednesday and Satchurch and was applanded. The bill was laid on the table.

Congress is uninterruptedly engaged upon the unfinished business of the Sc. sion. The appropriation bills are the most important matters; considerable progress is made daily, but there is much yet to be done before all the appropriations received to two cents on the half ounce is unpopulation.

is committee to investigate his case. He was informed, as he certainly must have known when he made the request, that as Vice President of the United States he was beyond the reach of a committee of the Senate, and could be tried only by impeachment by the House. The subject rested at this point.

By a vote of 23 to 13 the Senate laid on the table a proposition to increase the pay of members to 87,000.

The House bill in reference to the Japanese Indemnity fund was agreed to; and the Vienna Exposition appropriation bill, reduced by the House to \$200,000, was passed.

INDEPENDENCE OF CUBA.

There is a rumor in circulation that Spain, through the intervention of England, is about to acknowledge the independence of Cuba. The news is too good to be true. Cuba must bleed and suffer and struggle by the free. I have already stated, and now repeat that here in Washington, within and outside of Congress, public opinion is undergoing a change in favor of the liberation of that country, and I am informed on the best authority that a similar sentiment is rapidly gaining strength throughout the country.
