Dr. Wengert's Family Medicines

Dr. Wengert's Family Medicines are considered superior to all others before the American public for the speedy and certain cure of the diseases for which they are recommended. Invalids, try them, and be convinced of the truth of what we assert. It is but ten months since they were first offered to the public, and to-day they are sold by first-class Druggists and Merchants in Pennsylvania, Maryland, New Jerzey, New York, the Virginias, Ohio, Indiana, and the District of Columbia. Surely they are not humbugs or they would at he so highly commended by the intelli-gence of the most powerful states in all this fair land. They are classified so as to meet the most difficult diseases for which they are offered, not one medicine for all the diseases humanity is heir to.
