Washington, Iowa, May 25 .- It i praised homestead law, which embodies the spirit of the old son; that "Uncle Sam is rich enough to give us all a farm," is not an unmixed blessing to those who receive its benefits, nor a blessing at all to the country at large. It has unduly stimulated the emigration from the Eastern States of small farmers and tradesmen ambitious to become farmers, whose efforts in developing the agricultural resources of these States were greatly needed, and it has given to many of the Western States and the convention did, and which, on careful the convention did, and which, on careful the states of the spirit of the told son; that "Uncle Sam is the convention assumed the right to fix the salary of its delegates, annulling the law on the subject, and therefore the harsh reflection has been indulged that it is a species of salary jobbing equal to that in dalged in by Congress. This is a misapprehension of the entire case. The general appropriation bill passed by the Legislature of 1873 contains the following settion, which is full authority for what the convention did, and which, on careful now possible to form something like a connected and consistent account of the tornado which wrought so much destruction States were greatly needed, and it has given to many of the Western States a population almost exclusively composed of farmers, who have devoted their energies to the production of crops of wheat and corn at distances so remote from consumers that they would not profitably bear the cost of transportation.
