How to Stop a Paper.-The followng from one of our exchanges so fully and

ing from one of our exchanges so fully and clearly expresses our views upon the subject that we copy it without comment:

"You have an undoubted right to stop a newspaper whenever you are disposed, upon payment of all arrearages. Do not hesitate to do so on account of any tenderness of feeling for the editor. Don't you suppose he would stop buying sugar of you, or meat, dry goods, etc., if he thought he was not getting his money's worth. And when you discontinue a paper, do so manfully. Don't be so spiteful as to throw it back to the postmaster all kinds of dress goods, cheaper at Henry his money's worth. And when you discontinue a paper, do so manfully. Don't be so spiteful as to throw it back to the postmaster with a contemptuous, "I don't want it any louger!" and have "refused" written on the margin, and have the paper returned to the editor. No gentleman ever stopped a paper in that way, no matter if his head is covered with grap hairs that should be honorable. EDUCATIONAL. A new impetus has recently been given to the schools in the borough of Huntingdon by A new impoins has recently been given to the schools: at the borongh of Huntingdon by the very learned and agreeable manner Prof. White has been discharging his work. His pleasant manner of reproving the teachers; his mild, but firm, manner of governing the pupils, and the carnest efforts manifested in advancing the schools, portray in him that no-ble principle which should characterize every true teacher. Could education alone make feachers, many might be teachers who are now eachers, many might be teachers who are now failures. And were all teachers compelled to practice the principles of right, with due res

THE GUSS RESOLUTIONS.

HOW THE NAMES WERE GOTTEN TO THE GUSS RESOLUTIONS.

Cass Township, April 20, 1874.

Mir. J. R. Durindring — Deer Sir.—We, the citizens of Cass township, wish to state to you and the public how our names came to be attached to the Guss resolutions. A. L. Guss got up some papers and sent his employees around with them, stating that he wanted to see whether the people were in favor of the school remaining at Cassville. He said he knew the school would be taken out of his hands, but he would sell or leasesthe building to some other man. With that understanding the most of us gave him our names, but instead of using our names as we thought they were intended to be used, he attached them to his resolutions, which the most of us knew nothing about at the time we signed our names. Some of the names were put on the paper without the consent of the persons.

It is the vital principle of the Pine Tree, obtained by a peculiar process in the distillation of the tar, by which its highest medicinal properties are retained. Tar even in its crude state has been recommended by eminent physicians of every school. It is confidently offered to the affliced for the following simple reasons:

I. It cure—not by abruptly stopping the coughbut by dissolving the phlegm and assisting nature to throw off the unhealthy matter causing the irritation. In cases of scated Consumption it both prolongs and renders less burdensome the life of the afflicted sufferer.

2. Its healing principle acts upon the irritated surface of the lungs, penetrating to each diseased part, relieving pain, and subdains inflammation.

3. It purifies and enriches the blood. Positively curing all humors, from the common pimple or cruption to the soverest cases of Scrofula. Thousands of affidavits could be produced from those who have felt the beneficial effects of Pine Tree Tare Cordial in the various diseases arising from impurities of the blood.

4. It invigorates the digestice organs and restores the appetite.
