The plaintiff admitted that they had settled an account with E. H. Green & Co., early in the year 1869, when there was \$4100,00 due. That they were not willing to take the firm note without defendant endorsing it, which he consented to do, with Geo. Eby as one of the endorsers; plaintiffs also admitted that it was rumored around that the firm was shakey, etc. Notwithstanding this rumor they con-tinued to sell to the firm after this settlement, although the defendant swore positively that he told them when he indorsed the note for \$4100,00 that he was not a member of the firm. The plaintiffs' only hope was to estab-lish a genuine partnership, otherwise their doubts of the firm at the time of settlement was sufficient evidence to defer their claim.

COME AND HELP US! OME AND HELP US!

The members of the African Methodist Episcopal Church of Huntingdon have no place to worship in. During the winter they worship ped in a little log school house, owned by Mr. Roman, but on the first of April they lost possession, and now they are roving around like tae lost sheep of the house of Israel. We are obliged to call on the citizens of Huntingdon to come to our aid in building a new church edifice.
