FROM HARE'S VALLEY. HARE'S VALLEY, Sept. 29th, 1874.

MR. EDITOR :- Dear Sir :- Being favored with your excellent paper, during t the cam COL. THEODORE McGOWAN, of Henderson on you? Men who never voted of Huntingdon have no aspirant for the which, by the way, pleases me muchly, and paign, free of charge, by some kind friends

that county, an office which he has filled, it is stated, with much ability and to the H. Mateer has placed himself on the same

1874. The meeting will ogen prompty at revealed in order that it may not interfere with the Agricultural Fair which will then be in programme and further particulars will be determined by such a rally as will show that we are in earnest. By order of the Republican Co., Committee. By this unholy alliance—spurn the Fusion ticket! It means more taxes! and the humiliation of Huntingdon county! Touch to throw up to others things they could not help, even to throw up to children the faults of their pa-budred dollars, a similar note will be requir-ed, on one year's credit. it not! It is an unclean thing! There is nothing honorable or manly about it! to throw up to children the faults of their pa-rent, and even the loss of an eye, which had been done in his case. He had been called

Hoping you will excuse me for taking m so much of your space, I am the one eyed-monster which he could not help, (save being the monster !) oh ! it was so good for them that would come down so low

to do these things ! And had it not been that I was afraid of disturbing the speaker, how I would liked d have told him of a Beast, who once in a public speech, even assailed a lady, after naming her, said that pretty woman you know, and she being in appearance fifty per cent. his supehave met with for some time is covered up in the column of words issued in the last the introduction of the last the sum shone upon, withstood all the hard ships of the late war, took small-pox and was

providentially spared his life, to return to his home, with the skin slightly abrased, called him pimp-face, and even threw up to others their birth over which they had no more con-trol, than had he over the loss of his eyes.—

Oh! would not he a give it to 'em ! I do wish you Huntingdon folks would give Guss a chance to speak in your town once, for we have heard his sermon so often that we are really tired of it. It makes no difference shown in 1869 to be nothing but a sworn what the text is, it is the same sermou ove band of office hunters, organized to help and over again, and in this instance he bored his own friends, if he has any here, almost to ticket that we are proud of and that this each other into office and in business, and death as usual. Oh, consistency, &c., weighed for this reason the Republican County in the balance and found wanting.

Yours, &c., SPECTATOR.
