Clay constitutes a large part of our tillage land, and it contains matter of the highest importance. But this matter is locked up, so that clay as we find it, parlocked up, so that clay as we find it, par-ticularly in its original or raw state, is of little value to the farmer, generally a thing not desired. Yet, as we said, it contains very valuable properties, and many of them, principally of alkalies, such as potash, lime magnesia, etc. These let loose and brought to a state fit for the use of plants, will afford a large fund of most useful mineral manure.

But how is that to be obtained? Exposed to the elements, sun, rain, frost, etc. a slow change will take place, and the benefit will be marked at once, but not strongly; the chemical effect is slow but continuous if left to the influence of the weather hence clay soil is said to be a lasting soil, as it is constantly giving up its manurial properties, for the benefit of the plant .-But there are other properties among which are its mechanical effect, giving texture to the soil, and its absorptive principle, which is very great when in highly pulverulent condition, attracting moisture and the various gasses and holding them, thus adding to its fertility.

The general object, therefore, in the treatment of clay, must be to acrate and expose to the elements, particularly the frost, and prevent packing while working it, that is, not working it when wet.

To get an immediate effect, without wait for the action of elements resort is somevaluable manurial elements without expelling or evaporating them. Sufficient experiment has been made to decide that in some cases it is profitable to treat clay in this way. It supplies the necessary mineral or inorganic matter largely. Much is to be done yet with our clay soil to ren der it highly effective and useful.

PASTRY FOR PIES AND TARTS .- Take three cups of sifted flour, one tablespoonful | Cambridge Papetries, of white sugar, one tablespoonful of salt, Brighton one cup of lard, and half a cup of cold water; stir with a spoon and roll out for your pies. This is for three pies, and you can enlarge it as you wish. Do not put your hands to it nor roll it except to spread it out thin, if you wish it short and crispy, and not flaky and tough.

Dr. J. Walker's California Vinegar Bitters are a purely Vegetable preparation, made ranges of the Sierra Nevada mountains of California, the medicinal properties of which are extracted therefrom without the use of Alcohol. The question is almost daily asked, "What is the cause of the unparalleled success of Vinegar Bitters?" Our answer is, that they remove the cause of disease and the retirest recovers his beatter of disease, and the patient recovers his health. They are the great blood purifier and a lite-giving principle, a perfect Renovator and Invigorator of the system. Never before in the history of the world has a medicine been compounded possessing the remarkable qualities of Vinegar Bitters in healing the sick of every disease man is heir to. GOLDEN-TONGUE PARLOR ORGAN

IS ACKNOWLEDGED BY EMINENT MUSI CIANS AND DISTINGUISHED MEN OF HONOR TO BE THE LEADING INSTRUMENT NOW IN USE —THEY SAY—

BEATTY & PLOTTS'

PARLOR ORGANS were awarded FIRST PRE-MIUM and DIPLOMA over Needham & Son's and J. Estey & Co's Organs at the Carbon County Fair, held at Lehighton, Pa., September, 1872.—Lehighton Weekly News, Oct. 5, 1872.

Committee.—Prof. Charles F. Horn, Prof. Wm. Moran, and H. D. Herdy, D. D., Hon. Z. Long,

St. Clair, Pa., Dec. 6, 1873. MESSAS. BEATTY & PLOTTS-Gents: I have received the rgan sent by your firm to me, and had it examined. It ives ample satisfaction.

JOHN SINEY. Mahanoy City, Pa., Oct. 16, 1873. THE BEATTY & PLOTTS colebrated Golden Tongue Par-lor Organ is by far the best Parlor Organ in use. I have carefully examined it, and find its tone, workmanship and durability to be the best I ever saw, and I can with pleasure recommend it to any in want of a first-class par-lor organ. PROF. O. H. UNGER. New Bethlehem, Pa., Nov. 21, 1873.

MESERS. REATTY & PLOTTS—Gents: Having had one of your Golden Tongue Parlor Organs, for six months past, I thought before recommending it, to give it a fair, square trial, and am happy to testify that it surpassed all that has been said or advertised about it. I have had Professors of music, and celebrated organists come and try it, and one and all say that it is one of the sweetest and best toned instruments in the market. It has taken the shine out of all others around here. I am perfectly satisfied with it. You may publish this if you see fit, as my organ can be tried by any one wishing to do so, in proof of what I say.

A. S. R. RICHAEDS,

Late of the Tumaqua Courier, now at New Bethichem, Pa. 7.

BEATTY & PLOTES Golden Tongue Parlor Organs are in-struments that are winning for themselves a good reputa-tion far and wide. The career of the firm is full of inter-est and shows what cless application to one branch of business will do. Their energy, seal and unyielding de-termination have enabled them to win.— Washington (N. J.) Star, March 27, 1874. THE BRATTY & PLOTTS parlor organs are highly praised by good judges, for their sweetness of tone.—Pittston Pt.) Comet Oct. 4, 1873.

Lawry's Station, Pa., Jan. 27, 1874.

I have had BEATTI & PLOTES Organ since August 14th, 872; it gives the highest satisfation, and has proved all that it was recommended by the proprietors.

JOB HENRY. The Bratty & Plotts' celebrated Golden Tongue Par-lor Organs are pronounced unsurpassed by any now be-fore the musical world, by all who have had the pleasure to examine them. Testimony from all parts of the coun-try speaks in favor of them, going to show their superior-ity over all others.—Ashidand, Pu., Bulletin, Dec. 8, 1873.

Laury's Station, Pu., Jan. 27, 1874.

Beatty & Plotts' Parlor Organ, of N.J., seem to give full satisfaction to all purposes all over; and I must say by the experience I have of one of these organs—which I have had in my possession for nearly two years, and is in excellent condition—I would advise all who wish to get a good and substantial parlor organ to see the above named party, before buying anywhere else.

BEATTY & PLOTTS' Parlor Organ I like better than the standard, and gives better satisfaction, as I find by experince in my profession. PROF. FRANK MAYER Timaqua, Pn., Dec. 16, 1873.

Those desiring a beautiful ornament for their homes, as well as an instrument of unsurpassed musical excellence will find it in the Beatty & Plotts Golden Tongue Parlor Organ. It gives entire satisfaction, and, in fact, is the leading instrument of the day. ument of the day.

JULIA C. WHITENIGHT, Organist.

MESSIS, BEATTY & PLOTTS, of Washington, New Jersey, are happy. They live in an atmosphere of music. Music soft and sweet, music strong and warilke, the shrill notes of the warrior, or the lute-like tones of love are thrilling and ever sounding in their establishment, and shelr famous Golden Tongue Organs are a household necessity all over. —Temaqua (Pa.) Courier, March 28, 1874. PARLOR ORGAN.—We call attention to the advertise-ment of Beatty & Plotts, manufacturers of Parlor Organs, in another part of this paper. These organs are fast superseding all others on account of their good qualities. A number of these instruments have been sold in this country, which give general satisfaction. These instruments are highly recommended by the best musicians in the country.—Sunbury American.

To Daniel F. Beatity.—I have received my organ al right. It pleases me very much. I never played an orga that gives me better satisfaction, the case looks splendid I have a friend waiting for one.
