SCRIBNER'S MONTHLY,

"THE GREAT NATIONAL MAGAZINE," enters upon a new year (its ninth volume) with the November number, with broader plans and larger enterprise than ever before, and with the ambition it has maintained from the first, to demonstrate itself to be the brightest, the strongest, the most beautiful, and in every way the Best Popular Magazine in the World. During the year it will present such marvels of illustrative engraving as no popular magazine has ever been able to publish. Its writers will be, as they have been, the choice and chosen literary men and women of America. Among the attractive features of the year will be a New Serial Novel, "THE STORY OF SEVEN OAKS." "THE STORY OF SEVEN OAKS,"

by J. G. Holland. Asseries of papers from various pens of "AMERICAN LIFE AND SCENERY," including descriptive papers on American cities, will open in January with a narrative of Western Discovery and Adventure, by Major Powell, whose descent of the Colorado is one of the famous exploits of Western travel. This series will rival "THE GREAT SOUTH" papers in the magnificence of its illustrations, whilst possessing greater variety and wider interest. Also another illustrated series: 'A FARMER'S VACATION IN EUROPE." Six articles recounting the experience of a well-known American farmer and engineer (Colonel Waring, of Ogden Farm, Newport, R. The Magazine will continue to hold its pre-eminece in this regard. The Essays, Beviews, and Elilorial Papers will, as hervofore, employ the ablest pens in both Europe and America. Home and Society, which has grown in favor and in excellence from the first, will be made more attractive, useful, and valuable in its influence on the social life and culture of the American peeple. The Etchings will be still further improved, and there will be greater variety in this department.

THE PITTSBMRGH GAZETTE.

Those who are arranging for their home papers for the next pear, will do wisely to send for sample copies of the PITTSBURGH GAZETTE, Daily or Weekly, as it will be seen to be the best paper published in Pittsburgh. It is the oldest, being nearly 89 years old, and has kept pace with all the phases of modern newspaper progress. It is printed with new type, and on clean, white, handsome paper. Its news is especially full, and accurate. It receives cable news from Europe, and dispatches from all parts of the country. It has special correspondents in Washington, during the session of Congress, and at Harrisburg during the session of the Legislature, and will give full enterprise altogether, commenced building the new town of Shillingsford on the located line. Mr. Whitehead was then obliged to ap posing rather too much on Whitehead and his associates, to save further delay in prosecuting the work, they accepted. A third local the session of Congress, and at Harrisburg during the session of the Legislature, and will give full reports of all that is interesting in the proceedings. Its local news is complete and varied, yet chaste and pure. Its editorials contain trenchant discussions of all current subjects, and deal independently with all the issues of the hour. The paper is Republican in politics, but holds that the party is superior to cliques and rings. Its market reports are specially full and complete, and have a reputation that is wide spread, for accurage and reliability. In frequent instances, parances, part giability. have a reputation that is wide spread, for accuracy and reliability. In frequent instances, parties in the country have saved or made considerable sums by following the accurate reports of prices, given in the GAZETTE, in selling their produce. It also contains agricultural, household, and family reading, carefully selected. Thus it is a family paper of great excellence and rare cheapness as to price. Its circulation is the largest of the Pittsburgh press. This year the postage on papers is prepaid at the Pittsburgh office, thus necessitating the addition of this item to the rates. For this reason, we present amended rates.
