And in Cassville, we are credibly informed, thereby, or their cookies are the following from their doors."

And in Cassville, we are credibly informed.

Diary in England; Contrasts of Ancient and Modern History, by F. W. Newman; John Stuart Mill's Religious Confession; Mr. Gladstone's "Exp postulation"; The Austrian Polar Expetition: chased the Jenkins property, iato which he will The Empress Engine, sketched by Napoleon III; chased the Jenkins property, into which he will for past far remove his store, and doubtless hold them to time in selling goods, and Messas, Henderson and Haston will not likely shad not be and the second and the second se None, by Margaret Howitt; The Possible Resur-rection of Poland; A Peep at Mexico; A Night Terror in Africa, &c., &c. Desides these and oth-Terror in Africa, &c., &c. Besides these and other considerable distance and state of choice articles, are the socials "Three Feathers," in Cassville, which may make it necessary to have another undertaker locate there, as they sometimes travel a considerable distance and June 19, 1873. by Wm. Black, "Alice Lorraine," by R. G. Black, more, author of the "Maid of Sker"; "Far from We are at a loss to account for this great

change in commerce and thrift unless it is Story of Valentine and his Brother"; together with short stories by the author of "Patty," and valley. I hear they get Guss, from your town others, and the usual select poetry and miscellany.

The next weekly, number will contain a provide the first and the contained to come out and pray for them. A man with his flow of language, and Christian spirit, The next weekly number will contain, among must have great influence with the Wise Disother valuable articles, an important one on the Hypothesis that Animals are Automata, and its him try one clip at the little potato bugs, he-History, by Prof. Huxley.

The present number being the first one of the lew year and new volume, is an excellent one will be several more of us farmers fine them. A FARMER.

CENTAUR LINIMENT. There is no pain, which the Centaur Liniments will not weeklies is sent with The Living Age for a year, both port-onid. Living Lagrange Publishits true. They have produced more cures of theumatism, neurolgia, lock-jaw, palsy, sprains, swelling, enked breasts, scalds, burns, salt-rheum, ear-ache, &c., upon the human it: When you want a notice of some enterprise in which you are interested, 'sponge' on your paper; but if you want any printing pages. Extra cloth. Price \$1.50. J. B. Ford & Co., New York. This is one of the most fuscinating and ther the world began. They are counter-irritant, all bealing your paper; but if you want any printing done, give your order to some drummer out of town, or some job office which cannot aid your enterprise by giving it a notice."

John Jacobs, of Shirleysburg, has four steers which he has been fattening for over two years, that will dress 4,000 pounds. They will cost, him about 25 cents per pound.

The Post Office department will shortly have a mail route from this place to Hill Valley again.

And the following from the Herald:
The Methodists are having a revival at Mill Creek.

Dr. Black drives the champion trotter of Mt. Union.

HAVE YOU SEEN FT? THE POPULAR SCIENCE MONTHLY.

(Established May, 1872.) Conducted by Prof. E. L. YOUMANS. THE POPULAR SCIENCE MONTHLY was started to promote the diffusion of valuable scientifi-knowledge, in a readable and attractive form, among all classes of the community, and has thus

far met a want supplied by do other periodical in the United States. the United States.

The great feature of the magazine is, that its contents are not what science one ten or more years since, but what it is to-day, freels from the study, the laboratory, and the experiment: clothed in the latengage of the authors, inventors, and so in the language of the authors, inventors, and so contists themselves, which comprise the leasing minds of England, France, Germany and the United States. Among popular acticles, covering the whole range of Natural, Science, we have the lates! thoughts and works of Herbert Spencer. and Professors Huxley, Tyndail, and R.A. Proctor

It is published in a large octave, handsomely printed on clear type, and, when the subjects ad-mit, fully illistrated. Each number contains 12: TERMS: 85 per Annum or 50 ets. per Number. Any person remitting \$29.00 for four yearly subscriptions, will receive an extra copy gratis, or five yearly subscriptions for \$20.00.

Now Rendy, Vots, L. H. HL, and IV., of The Popular Science Mouthly, embracing the Numbers Tom I to 24 (May, 1872, fo April, 1872). 4 vots.

Sto. Cloth Sci.00 per vot. Half Marcon. 86.00.
