Our New York Letter.

t. John's Guild-The Railroad War-NEW YORK, March 1, 1875

ST. JOHN'S GUILD. New York may be extravagant, but it is neither penurious nor mean. St. John's thoroughness and system with which it does its work. Supported entirely by voluntary contributions, it accomplishes more for the relief of the poor than any dozen other charities in the city. It wilibe remembered that last summer it organized a series of excursions for the sick children of the very poor, taking them up the river in barges, six or seven hundred at a time, and giving the little invalids the fesh air and nourishing field research.

**Supported entirely by voluntary contributions, it accomplishes more for the relief of the poor than any dozen other charities in the city. It wilibe remembered that last summer it organized a series of excursions for the sick children of the very poor, taking them up the river in barges, six or seven hundred at a time, and giving the little invalids the fesh air and nourishing field research.

**A Californian millionaire ordered from a house here a parler suit that cost \$250,000, gold, all designed and made in this city.

The amount looks very large for these hard times, but it is not business men, or those in active business, who do these things. It is those who have accumulated great fortunes in stocks, gold, oil, or in some other way, and who have hauled out of the current with more money than they is a charity celebrated for the Guild

rates and is running a healthy opposition. What a blessing it would be if the masses could enjoy cheap telegraph facilities once.

The masses could enjoy cheap telegraph facilities once on the form of the money must be thus spent it is all country. The American artists and mence or namentation; but it is a comfort to know that if the money must be thus spent it is all paid out in the country. The American artists and mechanics have out stripped the money must be thus spent it is all paid out in the country. The American artists and mechanics have out stripped the facilities of the cient.
