Steele, of Hopewell twp., and one of the original contractors to construct the plank road from Everett to Hopewell, was murdered in cold blood at Georgetown, Colorado, several days ago. The circumstances aftending the tragedy were about as follows: Mr. Snyder had an interest in the "Star" bank of Colorado of \$95,000. In addition to this he had an in- terest in several silver mines, and his next neighbor was a man by the name of Bishop, whose claim interfered with his, and they had a law suit, in which Snyder was the victor.— Immediately after the law suit, as we under- stand the matter, a miscellaneous crowd as- sembled, and their discussion of the merits of the question was of such an excitable nature as to induce Mr. Snyder to leave for home. HARFAR BROTHERS.—The original members of this great publishing house now so exten- sively known wherever English books are read, were James and John Harper, the two elder sons of Joseph Harper, who was a far- mer on Long Island. These two young mem learned the printing business in New York, and, as soon as the term of their apprentice- ship had expired, they entered into a printing partnership, on Doverstreet. Their first work was an edition of 2,000 copies of a translation of "Seneca's Morals" for Mr. Evert Duyckinck, delivered Aug. 5th, 1817. Locke's "Essays on the Human Understanding," of which they printed but 500 copies was the first book bearing on its tile-page the imprint of J. & J. Harper, Publishers. They were ex- ceedingly cautious and never vestured on an unsalable book, and even up to this time any book bearing the imprint of Harper Brothers will be found to be a good selection in its particular department of knowledge. They afterwards removed to Fulton street, then to Pearl street where they were burned out, and afterwards to Cliff street, upon the same ground where their present extensive fire-proof buildings now stand, and where the firm met with its great disaster. In 1823, Wesley became a partner, and in 1833 the re- maining brother Fletcher was admitted to the house. James was thrown from his carriage in March, 1869, and died two days afterwards. The subject, "Influence of the Sabbath School on the Churches hereafter," was opened by Rev. Kisler. The church of the future will be a signing church; we are making good progress in hymnol- ogy. It will be a talking church ; our children are learning in the Sabbath schools to talk on the subject of religion. It will be a more morally intelligent church, because the children are being taught scripture truths. It will be a more morally intelligent to drive truths. It will be a more harmonious and united church, with more of a cultivated spir- it of christian union, and hence the necessity of working diligently to bring about these excellent results. Dr. Hotokkins spoke of the lamentable amount of ignorance on the subject of bible truths, now existing diligently to bring about these excellent results.
