OPINIONS OF THE PRESS.

"How a Journal of Fashion an combine fashion and literature at very low terms is well shown by this periodical. The May number, besides a colored Fashion Plate, has thirty-six pages, profusely illustrated, on the fashions of costumes for ladies and children, seasonable fabrics, trimmings, millinery, lingerie, confluere, and domestic art, and yet with all this there is room for poems and tales, by popular authors, notices of new books, etc., and the price of all this matter is only \$\frac{1}{2}\$ to yer annum. Take it all in all, we know of no periodical of which readers get so much for their money as those of the "DOMESTIC MONTHLY."—N. Y. Exessing Mail.

"If one wishes the latest information concerning the latest fashions, the "DOMESTIC MONTHLY."—N. Y. Exessing the latest fashions, the "DOMESTIC MONTHLY."—N. Y. Exessing Wail.

"It combines hiterary merit with a great deal of information in regard to indice costumes, fabrics, toilextee, etc. It is plentfully illustrated in its fashion articles, and its list of contributions in description. "A far better periodical than many of the so-called weekly-papers."—"Perveloune Republican, Houna, La.

"One of the best Fashion Magazines that comes to our office."—Clarration Fress, Manning, S. C.

"The most delightful of the Fashion Magazines."—
