The Multiplication of Diseases.

Discases multiply. One begets another. A triffing in-disposition may, therefore, originate a complication of dangerous maladies. Indigestion begets far more formit-able diseases; a multitude of ailments are treatcable to constitution: fever and ague unhinges the entire nervous system, and is therefore the source of the protean ailments which affects that portion of the human organism. Hea-tetter's Stomach Bitters, however, whether resorted to at the inception of those disorders of the Stomach, howels or hirr, which give birth to the majority of diseases and dis-abilities, or taken when they have ripend into formidable maturity, are alike powerful to cure. The process of re-covery is of course. Jonger when the walawit has existed who report with unanimity the provente of a fair Diseases multiply. One begets another. A triffing in

overy is, of course, longer when the malady has gained headway, it is none the less certain. Dyspepsia, constipution, billiousness, kidney complaints and intermittent for
