Philadelphia Cattle Market. PHILADELPHIA, Oct. 11-P M .-

Beef Cattle—The market to-day wore a very uiet look, buyers as a rule manifesting a decided disinclination to purchase except to supply im-mediate requirements. Holders offered their supmediate requirements. Holders offered their supplies at the per blower all around, in the hope of bringing around a more desirable state of affairs, but it failed to quicken the demand, and trade dragged its slow length along until the closing hour. Of the quality of the stock offered to-day there is nothing particular interesting to mention, if we except a slight increase in the offerings of the better grades. We quote fair and prime at 52a726 the latter being paid in few instances only, and common at 4a520. Receipts 3900 head exclusive of 35 cars shipped to New York. GOUT, SCIATICA, NERVOUS and RIDNEY DISPASSES, guaranteed cured by Dr. Fifter's RHEUMATIC REMEDY. JOHN
