### Speer and His Sunt Machine Flomixed DECENT MEN CUTTING LOOSE!

The right honorable gentleman from Huntingdon, who has spent, or at least invested, three or four thousand dollars in the Huntingdon Globe, has the satisfaction of knowing that if he hasn't been able to accomplish anything politically, he has had all the decent people blackguarded to his heart's content. He is responsible for all the indecent matter in this campaign, but this very indecency has disgusted every decent man in the party, and now the and writing on the wall is too apparent Read Bardine's card.

The Huntingdon Journal.

To the Voters of Huntingdon County.

To the Huntingdon Journal. Description ticket formed by the late Republican County Convention—a convention composed of as good men as ever assembled in this county for a similar purpose. Senator, Scott knows just as well as his friends do, and so does that rotten thing who pretends to run the Globe, that the present Republican ticket was not made at the instance or dictation of either Dr. Orlady or Wm. H. Woods. It was formed after mature reflection and deliberation, by men who had at heart the interest and success of that party which has saved the road after he was returned, lost the suit and success of that party which has saved the road after he was returned, lost the suit and success of that party which has saved the road after he was returned, lost the suit and success of that party which has saved the road after he was returned, lost the suit and success of that party which has saved the road after he was returned, lost the suit and success of that party which has saved the road after he was returned, lost the suit and success of that party which has saved the road after he was returned, lost the suit and success of that party which has saved the road after he was returned, lost the suit and success of that party which has saved the road after he was returned, lost the suit and success of that party which has saved the road after he was returned to page the induced Adam Meter by some means or other—the same Adam who is now a candidate for Associate Judge on the Democratic ticket and who knew what Bowser had done to page and done to page and when he had done it, to pass over and done to page a sample our best rates.

was not made at the instance or dictation of either Dr. Orlady or Wm. H. Woods. It was formed after mature reflection and deliberation, by men who had at heart the interest and success of that party which has saved the country and made it whait its.

But suppose Mr. Scott's friends did not like the present ticket, and that it was really made at the instance of Orlady and Woods, would there be any wisdom or good policy in them to the parts of Bowser, had to pay him 23.05 for the country and made it was really made at the instance of Orlady and Woods, would there be any wisdom or good policy in them to unite on what the Globe and Monitor call the Pusion ticket and thus defeat the Republicant ticket?

Now overybody knows that this Fusion ticket and that being the case, Mr. Scott's friends would be in a worse situation than if they had supported the Republicant ticket; because Bob Speer is probably the worst personal enemy Senator Scott has in this country, and A. L. Guss not a whit should be filled with an honest large of the court.

Now I do not wish to misrepresent Heeter, building himself he has no right to be absoluted in the part of the parts of the parts of the parts of take particular to the complete and the part of the country and made it was returned, lost the suit and consequently had to pay the costs, which are instance of the part of Bowser, had to pay it is a subscriber. This Clay township had to pay it is a subscriber who do not give express notice to the contrary, are considered wishing to continue the contrary, are considered wishing to continue to the contrary, are considered wishing to continue to the contrary, are considered wishing to continue the contrary, are considered wishing to continue the contrary, are considered wishing to continue the part of the disontinuence of the parts of the part of the contrary, are considered wishing to continue the respectation of the part of the contrary, are considered wishing to continue the rearn of the part of the contrary, are considered wishing to contin ticket, neither Mr. Scott nor his friends, would, in the least, better their situation—
They would worse it infinitely, because, while they assisted in electing the Woods-Orlady ticket, as it is called, they helped to place in office Republicans—good and true Republicans—good and true Republicans—shereas if they assisted in elevating to position such men as Adam Heeter and and position such men as Adam Heeter and and others on the Pusion ticket, the merest tools are the Pusion ticket, the merest tools are the position and the position and the position and the position are the Pusion ticket, the merest tools are the pusion ticket, the merest tools are the pusion ticket, the merest tools are the pusion ticket, as it is called the position and the position and the position are the pusion ticket, as it is called the pusion to the position and the position are the pusion ticket, as it is called the pusion to the pusio

of the party. Is it supposable for a moment that Mr. Scott's friends would vote for such a man as Heeter—the most abject sycophant and servile tool of Bob Speer? Why sir, if Adam Heeter should happen to be elected he would perform all his official duties under the guidance and absolute distriction of Bob Speer. guidance and absolute dictation of Bob Speer. He wouldn't agree to sanction an Orphans' Court Sale, or direct a road or bridge view Gourt Sale, or direct a road or bridge view without first consulting Speer. Such is his want of mental ability, and being entirely destitute of judgment—and allowing that cursed fiend—revenge—to control all his moral sensibilities—that beyond doubt he is the most dangerous and unfit man that could be placed on the Bench. I know the man—all placed on the Bench. I know the man—at his friends and neighbors scorn the idea of his being elected Associate Judge and declare that he is the last man who should have any control in administering justice. Look at his operations while Director of the Poor and look at them now. While he held that office, it is said, he was fed and clothed for bestowing the patronage of the Poor House on democratic storekeepers and democratic doctors, and now—to-day while a candidate for Judge.

—I am told he has a suit in court for the poor Director, as will be seen by referring to efficient and now—to-day while a candidate for Judge.

—I am told he has a suit in court for the poor Director, he wanted the specific purpose of endeavoring to beat an especific purpose of endeavor city to come before the public and ask the people te vote for him for Associate Judge. The idea is absolutely preposterous! and I have no language, Mr. Editor, by which I can properly characterize the intention and action of such a man. But I trust the voters tion will leave the man where he rightly belongs-in ignorance and obscurity.

christian gentleman, and Heeter, because he conceived Green had a spite at him, induced certain parties to institute a malicious prose-cution against him, but the Grand Jury soon understood the matter and ignored the bill. Heeter boasted that he would send Mr. Green over the mountain. Now, sir, this same man Adam Heeter, wants to be Associate Judge—whose whole soul is full of prejudice and malice. All he does and all he says, is actuated by selfish motives, and that cursed fooling relies as the says of feeling-malice or revenge! Is such a man fit to occupy a seat on the bench? Will honest men vote for such a miserable specimen of humanity? His best and nearest neighbors admit that he is not fit for the place he wants-nay, more, his friends say he is not

J. R. Durborrow, Esq.,—Dear Sir:—In the Huntingdon Globe of last week, it is stated that the Rev. James W. Boal, relative of Dr. Orlady, stopped with me during the meeting of the Presbytery in Orbisonia, and that the Rev. Boal should have said that Dr. Orlady was supporting R. Audly Brown, for Governor; that he had told him so a few days before the properties of the properties warning, and may often be thrown off by soak ing the feet in warm water, wrapping up wars supporting R. ## The Chairman of the GUSS Wing resigns, and exposes the SPEER FRAUD!

### REPUBLICANS, READ HIS MANLY WORDS!

TO THE REPUBLICANS OF HUNTINGDON COUNTY:

As Chairman of a Political Organization, the majority of which are Republicans in principle, I

deem it my duty to explain my position: I hereby resign, absolutely, all connection with the organization known as the Guss Wing of the Republican Party, because I am fully convinced that that organization, as now conducted, is solely in the INTEREST OF THE DDMOCRATIC PARTY, under the leadership of R. M. Speer, esq.

2nd. I believe, and that belief is based on a close observance of facts, that the whole movement is controlled by Democratic leaders, because I know, they, Speer and Guss, have received money from the Democratic State Central Committee, and are useing the same to defeat the regularly nominated

Republican ticket. 3rd. Because R. M. Speer and A. L. Guss have appointed a secret Vigilence Committee in each Ward, Borough and Township, who report to them alone, and who are instructed to have the whole Democratic ticket, State and County supported, or if they cannot succeed in that, to have the Republicans vote for Brown and Pennypacker, thus showing that A. L. Guss is attempting to sell a portion of the Repub-

lican Party to the Democrats. 4th. Because I am disgusted with the course pursued by the editor of the Globe in falsely vilifying and slandering the candidates of the Republican Party, when they are well known to be men of HIGH STANDING AND CHARACTER, and such a course should not receive the support of any honest man.

5th. I believe the proper course for the Republicans of this county, would be to endorse the candidates placed before the people by the regular nominating Convention of the Republican Party, because they are Republicans who have not been bought with a price, and the selection of candidates was made by representative men, Republicans, from all parts of the county, and are all of acknowledged integrity, ability and political worth.

I also desire to state, that the meetings which appear to have been called, and are published in the Globe, to which my name is attached, were appointed without any consultation with the Committee, and I never signed them.

sents the facts. If the voters of Huntingdon county suppose the Democratic candidate to

be the worthy and efficient man the Monitor

Senator Scott. For the reason, in the first place, no real friend of Mr. Scott would ask a place for a communication in that paper—a journal published by as corrupt and unprincipled a man as ever disgraced an editorial chair. But in the second place, Ex-Senator Scott's friends in this county, who in number are legion, are hearty supporters of the Republican ticket formed by the late Republican County Convention—a convextion composed.

But, Mr. Editor, I apprehend no difficulty existing in the minds of Mr. Scott's friends as to what they shall do on the first Tuesday in November.
