The Centennial bill appropriating \$1,500,000 has passed the House and will pass the Senate this week.

Members of the State Grange addressed a meeting, of members and others, on Wednesday evening, in the Hall of the House. They asked for an appropriation of \$50,000 to build a building intended to accommodate members of their order who may visit the Centennial. The building to be erected on ground leased for their encampment. Victor E. Piollett, esq. Mr. Plummer and Mr. E. H. Thomas made addresses.

The usual complaint arising about this time as to the quality of grub furnished, the bill submitting to the voters of the State the removal of the capital to Philadelphia, the latter city to be at the expense of furnishing accommodations for the departments of State, was introduced and reported favorably. If the Constitutional Convention could hardly get a quorum what would be the case if the Legislature should be removed.

This cut represents the use of my special files made to fit the angle of the teeth, dressing both points at a single blow, making the saw the simplest, and cheapest to file in the world. The shortening of a tooth the thickness of a sheet of paper, (which is all any single tooth penetrates,) leaves but little dressing necessary. For the undulled edges of the outside of M., the third surface of the file is all that will be needed. They are made 2d cut of highest quality. By the use of this file all difficulty is removed, and the cost of filing Lightening Cross-cut Saws at the factory is two cents per foot; buck saws, four cents each.—The cost of the 10 inch for cross-cuts is 50 cents each; five inch for buck saws, four cents each.—The cost of the 10 inch for cross-cuts is 50 cents each; five inch for buck saws, four cents each.—I will furnish my latest improved.
