HEADQUARTERS REPUBLICAN STATE COMMITTEE, HARRISBURG, February 1, 1876. In pursuance of a resolution of the Repub-lican State Committee, adopted at a meeting held in Harrisburg this day, a Republican State Convention, to be composed of delegates from each Senatorial and Representative district, to the number to which such district is entitled in the Legislature, is hereby called to meet in the city of Harrisburg, at twelve o'clock, noon, on Wednesday, March 29, 1876, o'clock, noon, on Wednesday, March 29, 1979, for the purpose of nominating an Electoral ticket and of electing Senatorial and Repre-sentative delegates to represent the State in the Republican National Convention, to be held at Cincinnati, Ohio, on the 14th day of June, 1876. By Order of the Committe, HENRY M. HOYT, Chairman.

A. WILSON NORRIS, Secretary. AN UNPLEASANT THEME.

We do wish it never became necessary o do an unpleasant thing, but we cannot see how to avoid it as long as every third man in Huntingdon county owes us and fails to pay up. Suppose it is "only a dol lar or two" each, it aggregates thousands of dollars to us. We owe a few hundred dollars for the thousands due us, and every now and then we have to stand a very unpleasant dun because our patrons refuse to pay up. We frequently have to quit our labor on the paper and go hawking about plied to him to act as our attorney. This was rather amusing to should send to it first class men, men whose us, because it takes a pretty fair specimen character is beyond question. The Convention will be one of the most important ever held in this country. On its deliberations will depend, in a great degree, the future weal or woe of the Republic. Therefore the most sagacious and reliable men in the Republican ranks must be selected to represent the loyal masses in whose name they are to act. To secure such men the delegates who appoint them must be chosen by the people with especial reference to their high character as citizens and their fitness for the duty which debition nor groundless predjudice should be allowed to trammel the freedom of those who are to meet in National Convention to make choice of the best man for the highest office in the gift of the people. On the choice made the success or failure of the Union cause and the party pledged to its maintainance largely depends. No human sagacity can forctell the direful consequences which would follow in the track of Democratic ascendency. Our national credit would be imperiled, our rights of citizonship dear the case of the fluntingdon JOURNAL, and we intend to use them during our pleasure. We acknowledge that we own pleasure. We acknowledge that we own pleasure. We acknowledge that we own pleasure. We acknowledge that we now pleasure. We acknowledge that we now pleasure. We acknowledge that we now pleasure. The safety of the Republic lies in the the man who is to bear the banner of Republicanism in the approaching struggle, Therefore we plead with the people to send to the Convention the best men of the nation, whose patriotism and judgement can be relied upon, and whose decision will command, not only the respect, but the confidence of the American people.

Our Combined Catalogue for 1878, of This cut represents the use of my special files made to fit the angle of the teeth, dressing both points at a single blow, making the saw the simplest, and cheapest to file in the world. The shortening of a tooth the thickness of a sheet of EVERYTHING GARDEN shortening of a tooth the thickness of a sheet of paper, (which is all any single tooth penetrates,) leaves but little dressing necessary. For the undulied edges of the outside of M., the third surface of the file is all that will be needed. They are made 2d cut of highest quality. By the use of this file all difficulty is removed, and the cost of filing Lightening Cross-cut Saws at the factory is two cents per foot; buck saws, four cents each.—
The cost of the 10 inch for cross-cuts is 50 cents each, five inch for bucksaws, half price. A large stock kept constantly at my store, 80 Beekman Street, New York.

I will furnish my latest improved 1876 pattern Cross-cuts, at 70 cts. per foot, and the one man saws at same price, for Cash in advance, where the Hardware Dealers do not sell the genuine latest improved Lightning Saws. The attention of the trade is especially invited to the vindication of my Patent Sa as as shown by the published Decree, Injunction and Costs of U. S. Court, of September 2d, 1875. In the meantime the other varieties of Clearing Teeth Saws have been overthrown and pronounced invalid. My patent M Teeth alone stand as the only vindicated and protected Patent for Cross Cut and Buck Saw Teeth. I shall proceed at my leisure to make it interesting to infringers, having retained excellent counsel. Arm My advice to the trade is to cease selling counterfeits of my goods. I will make any of these imitation goods at prices as low as they can be made of good material and workmanship, while I will furnish the genuine Patent Lightning Saw, so that it can be retailed at 70 ets. per foot, by the dozen.
