'The Bill entitled in the Legislature, is hereby called to meet in the city of Harrisburg, at twelv o'clock, noon, on Wednesday, March 29, 1876 for the purpose of nominating an Electoral ticket and of electing Senatorial and Repre sentative delegates to represent the State the Republican National Convention, to held at Cincinnati, Ohio, on the 14th day of June, 1876. By Order of the Committe, HENRY M. HOYT, Chairman

A. WILSON NORRIS, Secretary.

THE Rev. J. N. Dick, for twenty-five years past pastor of the United Presbyterian church in Kittanning has resigned.

J. SIMPSON AFRICA, ESQ., Chief Clerk in the office of the Secretary of Internal Affairs, will please accept our thanks for a copy of the Annual Report of the Secretary of that office, for 1875.

WE notice that our friend, Dr. John W. Johnston, of Springfield township, Blair county, has been appointed a Representative Delegate to the Republican State Convention which assembles in Uarrisburg on the 29th inst. The Doctor is a substantial and uncompromising Republican, and we welcome him into the arena of State politics.

THE Temperance Alliance, published at Bellefonte, says :

"A recent Editorial Convention at Harrisburg passed a resolution 'recommending a more liberal license law.' The beer and whiskey interest are after every agency they can buy to aid them in their shameful work. Very many of our newspapers comply with their demands because it pays-and these rum bought papers are the ones that tell us to 'keep temperance out of politics.' They endeavor to practice what they preach; they do not take

practice what they preach; they do not take any in theirs." We read the above with a broad grin and asked the question, "What had the Editorial Convention to do with a 'liberal license law?" We attended the meeting in curve carbon and asked that a full meal is something to be done at the least expense to those con-cerned? This has been the question which has agitated the minds of legislators for years. In the large cities Legal Jour-nals have been established, in which all license law?" We attended the meeting in curve carbon and the possession of a dol-lar a matter to be remembered. And the end of that life? The hospital first, and The "smelling commit sort but there was a resolution recommending a more liberal Libel Law. Is it possible that the Rev. Babcock set up a man of straw?

THE editor of the Globe, smarting keenly under the lashing given him by an an. onymous correspondent, in the last JOUR-NAL, in a cringing, creaking, groaning, milkand-water article, as flat as stale beer, and as shilly-shally, namby-pamby as he is himself, attempts, as usual, to hold us responsible for it. If we have anything to say of him or to him, we are not under the necessity of resorting to an anonymous correspondence. We know the risk we run in dealing with that kind of animal, but we meet it without cringing, crawling, or mewing like a sick kitten, taking refuge behind somebody's skirts. We feel, sometimes, like sitting down and drawing this fellow photograph to life, for mere amusement. Such a libel on honorable humanity the world has never before witnessed, and those who have seen this lick-spittle feel that no compensation could induce them to look upon his like again.
