EDITOR JOURNAL:—Having returned home after an absence of a few days, and remembering a kind of promise made in a former com-munication to offer something in relation to our County Poor House affairs, and after looking carefully at the Directors' Report I find such an utter disregard of the law in laying before the public a clear statement of facts, that I have come to the conclusion that they had about as well make no report as to pretend to do so, concealing almost every expenditure in generalities. Why, look at the "Provision" bill: By sundry persons for beef, pork, and other etceteras, \$1,586.92; "Merchandize": Numerous persons for merchandize, clothing, hardware, etc., \$2,181.85.— "Out door Expenses": Under this head we have "numerous physicians for medical servi ces" only \$534.22, and Directors for out door services, \$566.65, and sundry out door relief, making the whole, under this head, the neat tittle sum of \$6,711.90. I don't intend to go through all the footing up of this marvelous report, but just give a sample of their "numerous sundries."

Now, I submit, in all candor, have you Di-

rectors given a clear and explicit statement of who received this \$15,028.56? It seems that our Directors of the Poor have become a kind Christians or Moslems, of traveling canavansary. I thought the bu-siness of those officials was clearly stated in of the approaching Centennial Exhibition.
