H. B. STEVENE, Eq.: Dear Sir-May I ask the favor of you to make my case public? In 1881, which asted all night. Was taken into camp and dosed with whick y and quinine. After this had *fir* every day, and was taken to Newburn Hospital, and there trated by the attending physicians. I grew worse and was sent boase. Remained in poor health for four years, trated hy the attending physicians and trying many reme-dies, Finally Scrötluis made its appearance on different parts of my body, and my head was so diseased as to be frightfil to look at, and painful beyond endurance. After trying the most emminent physicians, without improve-ment, a change of climate was advised. Have been to the Hot Springs in Arkansas twice, each time giving their tratament a thorough tril. Finally came back to Boston, discouraged, with no hope of help. Life was a burden to one in my situation, My disease, and the effect of so much powerful medicine, had so dam-aged my system that the action of my stomach was ap-parently destroyed, and my head was coursed with ul-cers which had in places eaten into the skull bone. The best physicians said my blood was so full of poison they could do no more for me. About this time a friend who had been an invalid told me VEGETINE has restored bin to parfet health, and through his persuasion I com-menced taking VEGETINE. At this time I was having *fits* almost every day. I noticed the first good effect of VEGETINE in my degestive organs. My food sat better, and my sumach grew stronger.
