DISEASE AND ITS AGONIES:

MOTHERS AND DAUGHTERS. If there is one thing more than another for which the pills are so famous, it is their purifying properties, e ecially their power of clensing the blood from all in purities, and removing dangerous and suspended secretione. Universally adopted as the one grand remedy female complaints, they never fail, never weaken it system, and always brings about what is required. APPETITE.

arise from annoyances or trouble, from obstructed prespiration, or from eating and drinking what is unfit for us, thus disordering the liver and stomach. These organs must be regulated if you wish to be well. The Pills, if taken according to the printed instructions, will quickly restore a healthy action to both liver and stomach, whence follow, as a natural consequence, a good appetite and a clear head. In the East and West Indies exarcely any other medicine is ever used for these disorders.

Never let the bowels be confined or unduly acted upon. It may appear singular that Holloway's Pills should be recommended for a run upon the bowels, many persons supposing that they would increase relaxation. This is a great mistake, however; for these Pills will immediately correct the liver and stop every kind of bowel complaint. In warm climates thousands of lives have been saved by the use of this medicine, which in all cases gives tone and vigor to the whole organic system, however deranged,—health and strength following as a matter of course. The appetite, too, is wonderfully increased by the use of these Pills, combined in the use of solid in preference to fluid diet. Animal food is better than broths and stews. By removing acrid, fermented, or other impure humors from the liver, stomach, or blood, the cause of dysentery, diarrhea, and other bowel complaints is expelled. The result is, that the disturbance is arrested, and the action of the bowels becomes regular. Nothing will stop the relaxation of the bowels so quickly as this fine correcting medicine.

In all diseases affecting these organs, whether they secrete too much or too little water; or whether they be afflicted with some or gravel, or with aches and pains settled in the loins over the regions of the kidneys, these Pills should be taken according to the printed directions, and the Ointment, should be well rubbed into the small of the back at bedrime. This treatment will give almost immediate relief when all other means have failed. FOR STOMACHS OUT OF ORDER.

No medicine will so effectually improve the tone of the stomach as these pills; they remove all acidity, occasioned either by intemperance or improper duct. They reach the liver and reduce it to a healthy action; they are won-derfully efficacions in cases of spasm—in fact they never fail in curing all disorders of the liver and stomach.

N. B.—Directions for the guidance of patients in every isorder are affixed to each box. apr. 28, 1876-eow-ly.
