VOICE OF THE PEOPLE.

ALTOONA, June 13th, 1876. EDITOR HUNTINGTON JOURNAL .- Dear Sir :-

The following serawl was clipped from the columns of an obscure semi-weekly paper, 4x6, called the Local Nexes, dated June 8th, published somewhere in Hunningdon, upon which I wish to make a few Pills, while others have been healed of scurvy, old sores, bad legs, scrofulous humors, glanomments "For a first-class traud, and a man that is unfit for th

position he occupies, we refer you to Con-nead's train agent." 192

From the above you would imagine that some gross outrage had been perpetrated on the writer by conductor Moorehead's Train Agent, so in order REMEMBER THIS .- Now is the time of by conductor hooreneas strain Agent, can over to ascertain the true facts of the case, your cor-respondent interviewed the Agent in question, and will state the facts as they occurred. It seems that this individual got on the Philadelphia Express, at Altoona, with a ticket reading to Huntingdon, which the agent lifted after leaving Tyrone. After leaving Huntingdon he discovered this energy set he year for Pneumonia, Lung Fever, Coughs, Colds, and fatal results of predisposition to Consumption and other Throat and Lung disease. Boschee's GERMAN SYRUP has been in this neighborhood for the past two or three leaving Huntingdon he discovered this queer gen Iteman gently reclining on a sent feigning sleep, and upon being asked for his fare, jumped up and began to talk in a loud, blustering manner, saying that he had been carried by his station, and that years without a single failure to cure. If you have not used this medicine yourself, go to your druggist's S. S. Smith, and ask him of its wondrful success among his customers. Two doses will releive worst the case. If you have no faith in any medicine, just buy a Sample Bot-tle of Boschee's German Syrup for 10 cents and try it. Regular size Bottle 75 cents. Now in the sense ince of old railroaders, this is the worst case of beat that has been known for many years, and the general impression is, that he wished to visit the Gentennial and took this method to check his way, but he ought to be old enough and have to remain at that guest more on or person or person sclearing to engage in the sustants.
