

Farm and Household.

"Go Work Upon a Farm."

(Society Heret, in the Semi-Annual.)

The song I sing to you to day Is not to learn a trade; For I am not the truth to say— That song aside is laid.

The mills are running on half time, The shops give forth no noise, And it is hard to find a dime Among the 'prentice boys.

CHORUS— The song that I shall sing to you Your troubled hearts will claim; If you have nothing else to do— "Go work upon a farm."

The stores are filled with idle clerks, Because the times are dull; And he his duty plainly shirks— When shops and mills are full— Who seeks to learn a trade, or tend The counter of a store, In hopes the future yet will send A fortune to his door.

CHORUS— Ah, vain are all such hopes as these, That surely end in harm! Don't seek to sit 'neath shady trees— "Go work upon a farm."

Oh! why should men in cities pine, Or idly stay in town? Why loaf about, and crossly whine That "things are upside down?" Can this bring bread to wife and child, And make the future bright? Can this turn the weather mild, Or furnish heat and light?

CHORUS— Such men should listen to my song, And in it find a charm; It tells them how to get along— "Go work upon a farm."

Let no man starve for want of bread— The product of the soil— For all can still be amply fed, Who will but share the toil— The honest manly toil, that brings The harvest season round, When glad the farmer gaily sings, Of cheerful and fruitful ground.

CHORUS— This, then, shall be the song we sing, The whole world to alarm, And loudly let the chorus ring— "Go work upon a farm."

Value of Road Dust.

[From the Country Gentleman.] During the dry season of late summers, every country resident should secure several barrels of road dust. It is worth many times its cost as an absorbent. Those who keep poultry secure by its use a valuable fertilizer nearly as strong as guano, with none of its disagreeable odors. Place an inch or two of road dust in the bottom of the barrel; then, as the poultry house is regularly cleaned, deposit a layer an inch thick of the cleanings, and so on alternately, of each till the barrel is full. The thinner each layer is the more perfect will be the intermixture of the ingredients. If the soil of which the road dust is made is clayey, the layers of each should be of equal thickness; if sandy the dust should be at least twice as thick as the layers of droppings. Old barrels of any kind may be used for this purpose; but if previously soaked with crude petroleum, or coated with gas tar, they will last many years. If the contents are pounded on a floor into fine powder before applying, the fertilizer may be sown from a drill. Road dust is one of the most perfect deodorizers of vaults—converting their contents also into rich manure. Place a barrel or box of it in the closet, with a small dipper, and throw down a pint into the vault each time it is occupied, and there will be no offensive odor whatever. This is simpler, cheaper and better than a water-closet, and never freezes or gets out of order. Mixing the road dust with an equal bulk of coal ashes is an improvement, making the fertilizer more friable.

Principles of Good Farming.

The better to retain important facts in the memory, I am ever fond of reducing the principles of good farming to brief maxims and rules, compressing into a single short sentence the gist of many a page. Thus I carry about the mental pabulum to be digested at the handle of the plow or hoe. The following are some of these principles:

First—The farmer who would succeed well, and derive pleasure as well as profit from his calling, must manifest an active and abiding interest in his vocation. It takes heart-work to make hand-work pleasant.

Second—The farmer must study how best to increase and maintain fertility to his soils. There is no inertia in agriculture. There must be progress, either forward or retrograde.

Third—The farmer must strive to increase the quality as well as the quantity of his crops. It is the quality that determines the price. In this, "Excelsior" should be his unvarying motto.

Fourth—The farmer must seek with a watchful eye to improve his market facilities. It is transportation that eats up the profits.

Fifth—The art of raising better stock is not as well known as it should be. Keep no more animals than you have the facilities to feed and care for well.

Sixth—The farmer must seek to improve his social, intellectual and financial condition.

A Perfect Farmer.

To be a perfect farmer, a man should combine reading, observation, and practice.

A man may work in the fields all his life and be a poor farmer. We should gain knowledge by reading and study, and also by what we see around us, and then this knowledge must be put into practice. Our views, if they will not stand the test of actual experiments, are worthless. All sound theory is based upon practice, and all sensible practice is the result of well grounded information, whether learned by our own observation, or from the experience of others. That theory which will not stand the test of experience is worthless, and that practice which is not based upon sound theory is equally worthless.

LIFE, GROWTH, BEAUTY.

LONDON HAIR COLOR RESTORER.

LONDON HAIR COLOR RESTORER.

Not a dye; makes harsh hair soft and silky; cleanses the scalp from all impurities, causing the hair to grow where it has fallen off or become thin.

Can be applied by the hand as it does not stain the skin or soil the finest linen. As a Hair Dressing it is the most perfect the world has ever produced. The hair is renovated and strengthened, and natural color restored without the application of mineral substances.

Since the introduction of this truly valuable preparation into this country, it has been the wonder and admiration of all classes, as it has proved to be the only article that will absolutely, without deception, restore gray hair to its original color, and soften, lustrate, and produce hair on bald heads of its original growth and color.

A beautiful and fragrant perfume article is complete within itself, no washing or preparation before or after its use, or accompaniment of any kind being required to obtain these desirable results.

HERE IS THE PROOF OF ITS SUPERIOR EXCELLENCE.

Read this Home Certificate, testified to by Edward B. Garrigue, one of the most competent Druggists and Chemists of Philadelphia, a man whose veracity you can doubt.

I am happy to add my testimony to the great value of the "London Hair Color Restorer," which restored my hair to its original color, and the hair appears to be permanent. I am satisfied that this preparation is nothing like a dye but operates upon the secretions. It is also a beautiful hair dressing and promotes the growth. I purchased the first bottle from Edward B. Garrigue, druggist, Tenth and Coates street, who can also testify my hair was quite gray when I commenced its use.

MRS. MILLER, No. 720 North Ninth street, Phila.

Dr. Swayne & Son, Respected friends—I have the pleasure to inform you that a lady of my acquaintance, Mrs. Miller, is delighted with the success of your "London Hair Color Restorer." Her hair was falling rapidly, and quite gray. The color has been restored, the falling off entirely stopped, and a new growth is the result.

E. B. GARRIGUE, Druggist, cor. Tenth and Coates, Phila.

BOSTON TESTIMONY.

July 22d, 1871.—Dr. Swayne & Son: Last winter while in Trenton, N. J., I procured six bottles of your "London Hair Color Restorer," and used it much, in fact better than anything I have used in the last nine years. If you please, send me one dozen bottles C. O. D., care of W. E. Rogers, No. 100, Druggists, No. 723 Tremont street, Boston.

Respectfully yours, A. A. BAKER, No. 59 Rutland square, Philadelphia.

"London Hair Color Restorer and Dressing," Has completely restored my hair to its original color and youthful beauty, and caused a rapid and luxuriant growth.

MRS. ANNIE MORRIS, No. 616 North Seventh street, Philadelphia.

Dr. Dalton, of Philadelphia, says of it: The "London Hair Color Restorer" is used very extensively among my patients and friends, as well as by myself. I therefore speak from experience.

THE LUNGS. CONSUMPTION!

This distressing and dangerous complaint, and its preliminary symptoms, neglected cough, night sweats, hoarseness, wasting flesh fever—permanently cured by "DOCTOR SWAYNE'S COMPOUND SYRUP OF WILD CHERRY."

BRONCHITIS—A precursor of Pulmonary Consumption, is characterized by catarrh, or inflammation of the mucous membrane of the air passages, with cough and expectoration, short breath, hoarseness, pains in the chest. For all bronchial affections, sore throat, loss of voice, coughs,

DR. SWAYNE'S Compound Syrup of Wild Cherry IS A SOVEREIGN REMEDY.

Hemorrhage, or Spitting of Blood, may proceed from the lungs, trachea, bronchia or lungs, and arises from various causes, as undue physical exertion, plethora, or fullness of the vessels, weak lungs, overstraining of the voice, suppression of urine, obstruction of the spleen or liver, &c.

DR. SWAYNE'S Compound Syrup of Wild Cherry strikes at the root of disease by purifying the blood, restoring the liver and kidneys to healthy action and invigorating the nervous system.

The only standard remedy for hemorrhage, bronchial and all pulmonary complaints. Consumptive, or those predisposed to weak lungs, should not fail to use this good vegetable remedy.

Its marvellous power, not only over consumption, but over every chronic disease where a gradual alternative action is needed. Under its use the cough is loosened, the night sweats diminished, the pain subsides, the pulse returns to its natural standard, the stomach is improved in its power to digest and assimilate the food, and every organ has a purer and better quality of blood supplied to it, out of which new recreative and plastic material is made.

ITCHING PILES! PILES, PILES, ITCHING PILES!

It is a most distressing and painful complaint, often cured by the use of SWAYNE'S OINTMENT.

HOME TESTIMONY. I was sorely afflicted with one of the most distressing of all diseases, Piles or Hemorrhoids, or more commonly known as Itching Piles. The itching at times was almost intolerable, increased by scratching, and not infrequently became quite violent. I bought a box of "Swayne's Ointment," its use gave quick relief, and in a short time made a perfect cure. I can now sleep undisturbed, and I would advise all who are suffering from this distressing complaint to procure "Swayne's Ointment" at once. I had tried prescriptions almost innumerable, without finding any permanent relief.
