In all the discussion and talks upon the subject there has been a disposition After the members are elected there are not ten men in the county who will have any business to transact with them, and there are not twenty men in the county who will call on them at Harrisburg. HUNTINGDON, Pa. July 12, 1876.

MR. EDITOR:—In reply to the communications asking me to allow my name to go before our coming Convention, I would say that I am deeply grateful to the gentlemen from different parts of our county for their favorable notices in your last issue, and desire to express here what have said to many Republican friends during the past two months, that I am not a candidate for Senator or any other office, that I have persistently refused to be so considered, for the reason, (and I say it frankly) that it required a sacrifice, in a business point of view, that I did not see my way clear to make. Having conferred fully and freely with quite a number of Republicans, I am prepared now to say to the Republicans of Huntingdon county if our coming convention, representing the whole party deem me the most available nomine I shall accept the nomination and use my best efforts to succeed; but if there is any other Republican more available I hope to be considered as withdrawn. Respectfully yours, HORATIO G. FISHER. HUNTINGDON, Pa. July 12, 1876.

I hereby announce myself as a candidate for the Legislature, subject to the decision of the Republican County Convention.

Huntingdon, Pa., Aug. 17, 1876.

Mr. Editor:—We will present the name of D. M. THOMPSON to the coming Convention for Legislature.—He comes up to the good old Jeffersonian standard—"honest and capable," If made a candidate we will be gratified, if another is selected we will do as we have always done, poll our Republican vote solid for the whole ticket nominated.

FRANKLIN. ENISVILLE, July 31, 1876.

TO THE REPUBLICANS OF HUNTINGDON COUNTY TO THE REPUBLICANS OF HUNTINGDON COUNTY FELLOW REPUBLICANS:—At the approaching General Election you are authorized to elect two members of the General Assembly, to serve for a term of two years. Having faithfully served the Republican party, in this county, in the capacity of an editor, for almost six years, I feel that I am not infringing upon the rights of any one in offering myself as a candidate for one of the two places to be filled. I therefore solicit you, one and all, to assist me, is every honorable way, to secure the nomination, and in case you confer the nomination upon me I assure you that no honorable means will be spared to secure an election. Yours, most respectfully,

DAVID BLACK is respectfully presented to the nom-inating Convention of the Republican party as a candidate for Associate Judgs. Mr. Black has been a life resident of the county. Has been a zeslous Republican since; the formation of the party. His ability is unquestioned, and his residence in the county town make him such a candi-date as will insure his election if nominated. REPUBLICAN.

DIRECTOR OF THE POOR. We are authorized to announce DANIEL CONRAD, esq., f Warriorsmark, as a candidate for Poor Director, subject the decision of the Republican county Convention.

Ms. Editor.—Please aunounce the name of G. W. COR-NELIUS esq., of Shirley Township, as a candidate for Jury Commissioner. There could be no better selection in this end of the county. naught old borderers—such dauntless worthies as Boone, Kenton, Brady, Logan, Harrod, McCullough, the Poes, Zancs and Wetzels, that attract alike both old and young, and when read in the light of recent events transpiring in the Indian all wrong when applied to legislative nominations. The Republicans of Huntingdon county want two good, intelligent, influential men, men who will have weight, character and standing; not mere wooden men; but men who, if the citizens of the county do want to accomplish anything at Harrisburg, have the ability and influence to carry out the wishes of their constituents. The truth of the matter is that our legislative standard is entirely too low, and especially is this the case under the New Constitution, which, in a great measure, does away with special legislation, leaving the members to act principally upon general bills.—This feature makes the office much more important than it was a few years ago. Would it not be well for our people to rise up to the new standard? I have felt humiliated repeatedly during this short canvass when I have heard mencharge that since the days of the much lamented, A. W.

Benedict, save with an exception or two, Huntingdon county has persistently sent men to the Assembly who could not draft the simplest bill. The result is that Huntiagdon county has no influence in the councils of the state and no share or lot in the distribution of patronage. Good men is what we want. Locality has nothing to do with it.—After the members are elected there are not ten men in the county who will have any business to Country, show most vivedly the trying scenes through which the pioneer men and women of our country have passed. This history is fully given in the timely volume "Our Western Border 100 the matter is that our legislative standard is entirely that the standard of the country have passed.
