Miscellaneous.

MARK THESE FACTS

The Testimony of the Whole World. HOLLOWAY'S OINTMENT

BAD LEGS, BAD BREASTS, SORES AND ULCERS. BAD LEGS, BAD BREASTS, SORES AND ULCERS.
All descriptions of sores are remediable by the proper and diligent use of this inestimable preparation. To attempt to cure bad legs by plastering the edges of the wound together is a folly; for should the skin unite, a bog-cy diseased condition remains underneath to break out with tenfold fury in a few days. The only rational and successful treatment, as indicated by nature, is to reduce the inflammation in and about the wound and to soothe the indiplement in the same of the control o

DIPTHERIA, ULCERATED SORE THROAT, AND SCARLET AND OTHER PEVERS. Any of the above diseases may be cured by well rub, bing the Ointment three times a day into the chest, throat, and neck of the patient, it will soon penetrate, and give immediate relief. Medicine taken by the mouth must operate upon the whole system ere its influence can be felt in any local part, whereas the Ointment will do its work at once. Whoever tries the unguent in the above manner for the diseases named or any similar disease. work at ouce. Whoever tries the unguent in the above manner for the diseases named, or any similar disorders affecting the chest and throat, will find themselves re-ieved as by a charm. All sufferers from these complaints should envelop the throat at bedtime in a large bread and water poultice, after the Ointment has been well rubbed in; it will greatly assist the cure of the throat and chest to allay the fever and lessen the inflammation, eight or en Pills should be taken night and morning. The Oint-ment will produce perspiration, the grand essential in all scases of fevers, sore throat, or where there might be an appression of the chest, either from asthma or other states.

PILES, FISTULAS, STRICTURES. PILES, FISTULAS, STRICTURES.

The above class of complaints will be removed by nighty formenting the parts with warm water, and then by most effectually rubbing in the Ointment. Persons suffering from these directl complaints should lose not a moment in arresting their progress. It should be understood that it is not sufficient merely to smear the Ointment on the affected parts, but it must be well rubbed in for a considerable time two or three times a day, that it may be taken into the system, whence it will remove any hidden sore or wound as effectually as though palpable to the eye. There again bread and water poultices, after the rubbing in of the Ointment, will do great service. This is the only sure treatment for females, cases of cancer in the stomach, or where there may be a general bearing down.

INDISCRETIONS OF YOUTH; -SORES AND ULCERS Blotches, as also swellings, can, with certainty, be radically cured if the 0 intent be used freely, and the Pills taken night and merning, as recommended in the printed instructions. When treated in any other way they only dry up in one place to break out in another; whereas this 0 intents will remove the humor from the system, and leave the patient a vigorous and healthy being.—It will require time with the use of the Pills to insure a lasting cure.

DROPSICAL SWELLINGS, PARALYSIS, AND STIFF JOINTS.

Although the above complaints differ widely in their origin and nature, yet they all require local treatment.— Many of the worst cases, of such diseases, will yield in a comparatively short space of time when this forment is diligently rubbed into the parts affected, even after every other means have failed. In all serious maladies the Pills should be taken according to the printed directions accompanying each box.

Both the Ointment and Pills should be used in the following cases: Bad logs,
Bat Breasts.
Burns,
Burns,
Bite of Moschetoes,
Coo-bay,
Cliego foot,
Chilblains,
Chapped Hands.
