VOICE OF THE PEOPLE.

ROCKHILL, Aug. 25th, 1876. Editor Journal.—Dear Sir:—In your valua paper, I have noticed letters from aimost all its of the county, but as yet none from Rock i, so I thought a few lines might not be amiss. In the first place I would state, that Rockhill i a small village cast of Orbisonia, and is the resi-dence of one of our best men of our county, Mr. P. P. Dewees, now a candidate for the Legisla-P. P. Dewees, now a candidate for the Legislature. I congratulate the people of this county in their choice, for a more honest, whole-soul man never lived. I bespeak for him the votes of all honest men, both Republicans and Democrats. Rockhili boasts of one grist mill, one store, black smith shop and public school building. The inhabitants of our village are, without few exceptions, honest and industrious people who know how to enjoy life. The M. E. Sabbath School held a very successful pic-nic on the 21st ult. By I o'clock crowds might be seen flocking to the school house, where the Sunday School is held. Soon the house was crowded, and after a few well tim d remarks by Superintendent Dingle, and the tim d remarks by Superintendent Dingle, and the school singing "Jesus Loves me," the school was formed into procession and marched to the ground selected for the occasion. Arriving at the grounds logue, any one can find at once what paper he wants. They are pigeon-holed on shelves in the alphabetical order of their States or Territories and their towns, the names of which are clearly made the school was called to order and the little ones were conducted by their several teachers to a ones were conducted by their several teachers to a table groaning beneath the load of good things, after they had done justice to the repast they retired in good order, when the table was again loaded and the visitors, parents and teachers enjoyed a "square meal" together, nothing occurring to mar the happiness of the hour. After supper all returned to their amusement, which continued until late in the evening, when all might have been seen wending their way homeward, heartily pleased with the pic-nic, and wishing that they could enjoy each day as the past. As this letter is rather longer now than I intended it, I will close by asking you, Mr. Editor, when you are in our part of the county to call at Rockhill.

Truly yours,

The following communication was sent us or publication by a warm personal friend, and while we give it a place in our columns, we neartily condemn the suggestions of the writer, and call upon every Republican in the county to give Messrs. Dewees and Port an undivided support:

unuavided support:

Editor Journal—Dear Sir:—The "Journal" of last
week informs us that you have learned from various
sources that there is considerable dissatisfaction in regard to a portion of the ticket which was nominated by
the Republican Convention, recently held in your town,
although you do not state what portion of the ticket has
saused the dissatisfaction, we understand you as referring
to the candidates nominated for the Lawistants. It ine Republican Convention, recently held in your town. Although you do not state what protion of the ticket has caused the dissatistaction, we understand you as referring to the candidates nominated for the Legislature. It would have been strange if the nominations by a Republican Convention, of two such men as P. P. Dewees and Alexander Port, had not caused great dissatisfaction, among the best Republicans of our county. Mr. Editor, I am familiar with the political antecedents of these two candidates, and I challenge any one to point to a single claim which they have upon the Republicans of our county. Pray, what have they ever done to promote the interest of our county? Upon the contrary have they not been arrayed against our party for years? They are both fresh from the ranks of the Democratic party, and before they have become rightly warmed into life, in the Republican party, they aspire to be elected to the most responsible offices within the gift of the people of our county. The political record of these two men is so manifestly inconsistent that I cannot see how any true Republican can support either of them. It has been but a tew years since Mr. Dewees was one of the most violent Democratic in this part of the county. He was a candidate about five years ago for the Democratic nomination for the Legislature, and was defeated by J. Simpson Africa. His defeat at that time marks his advent into the Republican party. It did not occur to him that the principles of the Republican party were deserving of his advocacy until he was repudiated by the Democratic party. Then it was, for the first time, that he pretended to have been converted to the Republican faith. The objections to Mr. Port are of the same character. Until recently he was identified with the Democratic meeting in your town when Charles R. Buckalew was the Democratic acdidate for Governor. His courseduring the last campaign is fresh in the recollection of every one. He was Chair-

as 1872 he presided over a Democratic meeting in your town when Charles R. Buckalew was the Democratic candidate for Governor. His courseduring the last campaign is fresh in the recollection of every one. He was Chairman of a County Committee formed for the very purpose of defeating the regular Republican ticket, and those who were then identified with him openly charged that he sold out their organization under the promise that the "Rings" would give him the nomination for the Legislature. Furthermore, Mr. Editor, I am reliably informed that he went into the Republican Convention with the openly declared threat, that if he did not get the nomination he would again oppose the ticket. It is currently reported and generally believed that the reason that the Editor of the Globe is so enthusiastic in the support of Mr. Port, is because he has promised, if elected, that he will endeavor to have the Legislature pass a law giving the Professor damages for the removal of the Casaville Soldier's Orphan School. This may be a reason why the Professor damages for the removal of the Casaville Soldier's Orphan School. This may be a reason why the Professor damages for the removal of the Casaville Soldier's Orphan School. This may be a reason why the Professor damages for the removal of the Casaville Soldier's Orphan School. This may be a reason why the Strongest reason that can be furnished, why the citizens of Huntingdon county, irrespective of party, should be against him.

These are the men whom the Republicans are asked to against him.

These are the men when the Republicans are asked to support for the Legislature. They were nominated over several true and steadfast Republicans, among whose was yourself, McDvitt Marshall, Smith and Thompson,

which caused her to remark, "Och, it makes no liference, it's only a dhrap of chaster oil, onnyhow."

At a meeting of the "Huntingdon Fire Company," on Monday night last, a resolution was passed authorizing the payment of the expenses incurred by their engineer, "Honesty" Miller, rective.

Hostetter's Stomach Bitters will vanquish it to gether with the constipation and bilious deranges ment which usually accompany it. Diseases of the kidneys and supposed rheumatic pains are also frequent concomitants of dyspepsia, but they, too, succumb to the above named invaluable corrective.

[sep. 1-1m.]

Hostetter's Stomach Bitters will vanquish it to-wars user support of every true Republican of our county. But the "kitings" had resolved to nominate sandidates who have no standing in our party. As usual the men who have no etaming in our party. As usual the men who have therefore deserving of its honers, were compensately too, succumb to the above named invaluable corrective.

[sep. 1-1m.] Editor, of the political antecedents of these nominees for the Legislature, we are not surprised that the JOURNAL has not hoisted their names. As the editor of the Re-publican organ in this county, I do not see how you could consistently advocate their election. The arguments against them are unanswerable. In fidelity to the best against item are unanswerable. In neight to the best interests of the Republican party I yield to no man, but I know that I express the sentiments of many good Republicans when I say that no better plan can be pursued to purify our party in this county, than by defeating such candidates when the "Rings" foist them upon us. I see published in the Jorenau a call for an "Independent Republican Convention" to be held on the 12th of September. It is of course impossible to speak of the merits of this Convention until after it has been held, but there are many Republicans who are as greatly dissestiated with Convention until after it has been held, but there are many Republicans who are so greatly dissatisfied with the nomination of Port and Dewees that they have expressed their determination to join the "Independent' movement. Certainly the proposed coovention canno give us worse candidates—it may give us better.

It has now been some time in use for hospital and other medicinal purposes, where stimulants are required, and it has been noted that in deficate and critical cases when used, that there was an entire absence of the nervous prostration and reaction which so often follow the use of other stimulants. The almost universal testimony of those who have used the Century Whiskies is, there is an entire absence of headaches and other disagreeable after-effects so often experienced in the use of other brands. This is a direct consequence of the pur-ity of the Century Whiskies.
