For Catarrh, Dyspepsia, Habitual Costiceness, Palpilation of the Heart, Headache, Piles, Nervousness and General Prostration of the Nervous System, no medicine has ever given such perfect satisfaction as the Veortine. It purifies the blood, cleaness all of the organs, and possesses a controlling power over the nervous system.

The remarkable curse effected by Veortine have induced many physicians and apothecaries whom we know to prescribe and use it in their own families.

Left the Veortine in the law to the law In fact, VEGETINE is the best remedy yet discovered for the above diseases, and is the only reliable Blood Parifier yet placed before the public.

What is Verentine?—It is a compound extracted from barks, roots and herbs. It is Nature's Remedy. It is perfectly harmless from any bad effect upon the system. It is nourishing and strengthening. It acts directly upon the blood. It quiets the nervous system. It gives you good, sweet sleep at night. It is a great panacea for your aged fathers and mothers; for it gives them strength, quiets their nerves, and gives them Nature's sweet sleep,—as has been proved by many an aged person. Boston, Dec. 12, 1869.

Gentlemen—My only object in giving you this testimonial is to spread valuable information. Having been badly afflicted with Salt Rheum, and the whole surface of my skin being covered with pimples and erruptions, many of which caused me great pain and annoyance, and knowing it to be a blood disease, I took many of the advertised blood preparations, among which was any quantity of Sarsaparilla, without any benefit until I commenced taking the Vragetine, and before I had completed the first bottle I saw that I had got the right medicine. Censequently, I followed on until I had taken seven bottles, when I was pronounced a wellman, and my skin is smooth and entirely free from pimples and cruptions. I have never enjoyed so good health before, and I attribute it all te the use of Vroetine. To benefit those afflicted with Rheumatism, I will make mention also of the Vroetine's wonderful power of curing me of this acute complaint, of which I have sufferedso intensely.
