AMPBELL .- At the residence of his parents, Davenport, Iowa, on the 20th ult., Charles E Campbell, aged about 29 years.

"Such were the American colonies-such the peo-whose budding nationality was now to be exposed to Campbell, aged about 29 years. The deceased was born and raised in this place, and was the only son of Major T. P. Campbell, who removed from this town to Iowa, some years since. He was a young man offine social qualitier, kind hearted and generous, and was universally respected and esteemed by all his acquaintances. In the flush and vigor of youth he left the scenes of his boyhood days for his new home in the dis-tant West, and now, in the high prime of man-bool he has been stricken down by that direful enemy of the human race, consumption; but it is due to his memory to say that he rests in an hon-ored grave. The writer is vivially and sadly re-minded of a Sabbath School class tanget by him, consisting of some ten young men, all of whom were present on a bright Sabbath afternoon in the Autumn of 1562, but when the next Sabbath came sky and river, from orchard and valley and fore a the memories of the past, the aspirations of the pre-and the hopes of the future, had drank in the spir aberty until their souls were pervaded with her an dictive sword even against the venerable monarchy The heroic explorers, the brave old founders they were gone: --their seals were all excent, and their teacher was there alone. They were "brave boys, all," they had heard the sound of the war bugle, and ratiying beneath the standard of their American Commonwealths, the warriors and statesmen of the Revolution, the adoption of our consti tution and the growth of a mighty nation under it, surely these are themes worthy the pen of geni-us. While the work shows ample research and a liberality of sentiment which sees the greatness of the whole country, the hand and brain of the phil-osophical historian are manifest throughout and every page glows with an ardent patriotism. tution and the growth of a mighty nation under

of Dr. Martin Luther, in which he mimics the bar-barous Latin style and fearful stupidity of the Dominican Friars. The other is that series of pe-litical papers, published at the beginning of this century in English journals above the signature of Junius Brutus. The pamphlet resembles the one in its style of carricature, the other in its pseudonym, both in this that they all concentrate their attacks upon one universal evil, the first re-ligions, the second political, the third moral. The author of this pamphlet errs in two things. Once he says, that ministers and ladies are not bail for When lawful. From. ry. The engineer is the true kingth of our days. Twice I have travelled along the mountains through Bald Eagle Valley. Twice it made the same impres-ion on me. Who has not occasionally experienced

ley on such a night made me shiver with utter loneliness. Beyond Unionville the valley bears the character of strange desolation. Who thinks, I exaggerate, let him take the same trip and un-

trammelled by business, care or passion, passively submit to the same influence of nature. Where a Saw Mill had made sad havoc with the children of the forest, there lay scattered in all directions rotten and mossy, half charred saw logs, covering acres on acres. Pools and floating meadows gave svidence of the season. The ridrer poor bidden acres on acres. Fools and noting meadows gave evidence of the season. The ridges, now hidden by dense pine woods, whose branches, heavy with moisture almost reached into the car windows— now approaching and then again farther reced-ing, were wrapt in a dense fog, that hung like tattered sheets on the mountai Torn-up fences reminded one of Virginia land-scapes shortly af-ter the way. It was difficult to innegine those

to the mountains like an Eagle's nest, to be the to the mountains like an Lagle's nest, to be the castle of the giant, by whose power it lay thus en-chanted. Juliana, Martha, Matilda, poor sisters, I thought, after whom those stations were named, they "waste their sweetness on the desert air and blush unseen."

With a deep sigh of relief and a profound sensation of comfort I anticipate, Mr. Editor, when Bald Eagle station and East Tyrone were passed, and we rolled through the extensive depot of Ty-rone itself-a good supper, and bed, a friendly welcome at the fire-side of some hospital tavern.

variety. All at reasonable prices.

MR. EDITOR :-- A single sermon of H. W. Beecher, which I have read, has convinced me that he is the very man to lead his flock astray both by his example and his teachings. In it he ridicaled the doctrine of repentance as being an agent to bring about regeneration and substituted for it ambition. However that may chime in with the general spir-it of the age and country, my faith is in the old were description of the spiral sp The Condimental Food will put your Poultry in good condition-keep them comparatively free from disease, and vasily increase the production of eggs, much more than sufficient to pay the cost way. Ambition in my eyes, is excusable under no circumstances. If therefore ambition to see of the food.
