Medical.

VEGETINE

Strikes at the root of disease by purifying the blood, restoring the liver and kidneys to healthy action, invigorating the nervous system. VEGETINE

Is not a vile nauseous compound, which simply purges the bowels, but a safe, pleasant remedy which is sure to purify the blood and thereby restore the health. VEGETINE

Is now prescribed in cases of Scrofula and other diseases of the blood, by many of the best physi-cians, owing to its great success in curing all dis-eases of this nature.

VEGETINE Does not deceive invalids into false hopes by purg-ing and creating a fictitious appetite, but assists nature in clearing and purifying the whole syste leading the patient gradually to perfect health.

VEGETINE Was looked upon as an experiment for some time by some of our best physicians, but those most in-credulous in regard to its enerit are now its most ardent friends and supporters.

VEGETINE

whatever nature. VEGETINE Says a Boston physician, "has no equal as a blood

compounded in such a manner as to produce as tonishing results." VEGETINE

Is acknowledged and recommended by physicians and apothecaries to be the best purifyer and cleanser of the blood yet discovered, and thousands speak in its praise who have been restored to health.

PROOF. WHAT IS NEEDED.

BOSTON, Feb. 13, 1871.

Mr. H. R. STEVENS: Dear Sir—About one yes since I found myself in a feeble condition from general debility. VEGETINE was strongly recommended to me by a friend who had been much benefited by its need. ommended to me by a triend who had been much benefited by its use. I procured the article and after using several bottles, was restored to health and discontinued its use. I feel quite confident that there is no medicine superior to it for those complaints for which it is especially prepared, and would cheefully recommend it to those who feel that they need something to restore them to perfeet health. Respectfully yours, U. I. PETTINGILL. Firm of S. M. Pettingill & Co., 10 State St. Boston.

Mr. If. R. Stevens:—Dear Sir.—The two bottles of VEGETINE furnished me by your agent, my wife has used with great benefit.

For a long time she has been troubled with dizziness and costiveness; these troubles are now entirely removed by the use of VEGETINE.

She was also troubled with Dyspepsia and General Debility; and has been greatly benefited.

THOS. GILMORE, 2294 Walnut St.

FEEL MYSELF A NEW MAN. NATICK, Mass., June 1st, 1872. MR. H. R. STEVENS:

Dear Sir—Through the advice and carnest per

myself a new man. Dr. J. W. CARTER.

Report from a Practical Chemist and Apothecary.

Boston, Jan. 1, 1874.

Dear Sir—This is to certify that I have sold at retail 154½ dozen (1852 bottles) of your VEGE-TINE since April 12 1870, and can truly say that it has given the best satisfaction of any remedy for the complaints for which it is recommended, that I ever sold. Scarcely a day passes without some of my customers testifying to its merits on themselves or their friends. I am perfectly cognizant of several cases of Scrofulous Tunnors being cured by VEGETINE alone in this vicinity. ing cured by VEGETINE alone in this vicinity.
Very respectfully yours,
A. GILMAN, 468 Broadway.

To H. R. STEVENS, Esq. VEGETINE IS SOLD BY ALL DRUGGISTS

True Personners of Cure, Cure of Body and Cure, Relations Body and Cure, Relation Farmers must be prepared to have crib ground, placing pieces of zinc on the tops PRESCRIPTIONS for the above named and other of the posts, projecting all around about diseases, each one Worth more than the price of eight inches. Movable steps should be made for the door, to be removed a few Also, another valuable medical work treating exclusive-ly on MENTAL AND NERVOUS DISEASES; more than feet after coming out. It is quite as well to build a corn house with perpendicular sides as it is to build in the old style of slanting at the bottom, to pretect the corn from storms. Let the roof project over three or four feet, and the corn will be protected enough. A temporary crib may be made of rails laid upon cross-pieces at the ends, six or eight feet hig!, and five or six feet wide, with boards laid upon the top so as to shed rain. The corn should be raised about a foot from the ground by a loose, open flooring.

Care for Sick Animals.

The most of our domestic animals are like human beings, when sick-all they require is a dose of medicine to act prompt. ly on the bowels. One of our most experienced veterinary surgeons says that sulphate of soda (glauber salts) is one of the most useful and cheap remedies for sick animals, that farmers can use. This A Good Family Medicine. remedy may be given to horses, cattle. sheep, swine or dogs, with equally good results. "The dose as a purgative is as follows:

Horses, one to two pounds. Cattle, one-half to one pound. Sheep and swine, three to five ounces.

Dogs, one to two ounces.

In these doses it is always necessary to give it as a drench, dissolved in two or three times its weight of water; but when erally readily taken dissolved in part of a pail of water."

Pennsylvania System of Rotation.

A correspondent of the Farmers Hom Journal says: Our rotation of crops is perhaps, different to that of the west and south. Our system of rotation is as fol-Instead of being a puffed-up medicine has worked its way up to its present astonishing success by actual merit in curing all diseases of the blood, of rotted stable manure, and turn again for corn; then two crops of wheat. The second time we sow wheat we also sow clopurifier. Hearing of its many wonderful cures, after all other remedies had failed, I visited the labratory and convinced myself of its genuine merit. It is prepared from barks, roots and herbs, each of which is highly effective, and they are again. So, we come around to grass every again. So, we come around to grass every four or five years. We believe in clover as the crop to get up the soil.

We think the best way to get up a thin soil is to mow a clover field for hay, then when the second growth is grown about fifteen inches, turn cattle or sheep on to trample down the clover. Then put on about seventy-five or eighty bushels of lime per acre in the fall; the following lime per acre in the fall; the following plant in corn. Clover, with lime and a little manure, will bring quite a thin soil to a good rich soil in a few years.

To DETERMINE THE AGE OF EGGS .--An egg is generally called fresh when it has been laid only one or two days in summer, and two to six days in winter. The shell being porous, the water in the interior evaporates, and leaves a cavity of greater or less extent. The yolk of the egg sinks, too, as may be easily seen by holding it toward a candle or the sun; and when shaken, a slight shock is felt if the egg is not fresh. To determine the precise age of eggs, dissolve about four ounces of common salt in a quart of pure water, suasion of Rev. E. S. Best, of this place, I have been taking VEGETINE for Dyspepsia, of which I have used only two bottles and already feel day old, it will descend to the bottom of the vessel; but if three days, it will float in the liquid. If more than five days old, it will come to the surface and project

> above in proportion to its increased age. PLOWING UNDER CLOVER - When should clover be plowed under to obtain great manurial benefit? is a query found in our drawer this week. No better answer can be given than Mr. Low's-when the plants are coming into flower, for then HAVE YOU TRIED IT? they contain the largest quantity of readiness soluble matter, and have least ex. hausted the nutritive substance of the soil. If left till the plant matures seed part of the object is defeated, i. e., the recuperation of the soil. The work should be done while the weather is warm, so as to promote the decay of the crop .- Prac

tical Farmer. MILKING Cows .- The milk of cows soon after they have cavled contains more If you want envelopes neatly printed,

"London Hair Color Restorer. Growth, HAIR.

LONDON HAIR RESTORER

LONDON HAIR RESTORER

1—It will restore gray hair to its original color.

2—It will thicken thin hair; cause a new growth.

3—It will restore the natural secretions.

4—It will remove all dandruff and ftchings.

5—It will preserve the original color to old age.

5—It will preserve the original color to old age.

7—It will jrevent the hair from falling off.

8—It will cure all diseases of the scalp.

It restores both the luxuriance and color of the hair, and is as harmless as water. Premature blanching or fading of the hair is greatly to be regretted, and that everybody wants to be beautiful is proof enough that it is wise and right to be so, by every proper means; but there is nothing more important to this end than beautiful hair. Now to prevent the falling of the natural coloring matter in it, or re-excite me roots of the hair to growth again, nothing has ever been introduced to the American people that equals the Dr. Dalton, of Philadelphia, says of it: The London Hair olor Restorer is used very extensively among my patients
