THE NEW YORK TRIBUNE.

"THE LEADING AMERICAN NEWSPAPER."

LARGEST CIRCULATION AMONG THE BEST PEOPLE.

I .- IT PUBLISHES ALL THE NEWS. The the fullest and fairest information, to qualify them for the wisest discharge of their responsibility.

III.—IT IS, AS IT ALWAYS WAS ESSENTIALLY REPUBLICAN.—It may quarrel in the future, as it has done in the past, with errors of Republican party; but it can never cease to be true to Republican party; but it can never cease to be true to Republican party; but it can never cease golden doctrines of civil service reform, hard money, the sanctity of the National faith, and equal justice to all classes at the South, which formed the cornerstones of Gov. Haye's letter of acceptance.

IV.—ITS MORAL TONE IS PURE AND ELEVATED.

The family circle is never profaned by anything which applied to tell the difference, which would

dispensible to every buyer and seller in the country. Quo-tations are given daily and weekly of almost every article bought and sold in the markets of the world, and with un-varying and almost infallible accuracy. Its Cattle, Butter and Cheese, and other markets are the recognized standard. VIII.—MORE COPIES of The Tribune are paid for and ead by the American people than of any other newspaper fequal price in the country—a fact which is the best de-nonstration of the value of the paper. IX.—THE READERS of The Tribune represent largely

arded the independent and self-respectful course of The-ribune. It has a larger and stronger corps of earnest orkers among its friends than ever-before, and constantly ceives from old and now readers words of encouragement. TERMS OF THE TRIBUNE

(POSTAGE FREE TO THE SUBSCRIBER.) Each person procuring a club of ten or more subscribers entitled to one extra Weekly, and of fifty or more to a Semi-Weekly.

To clergymen The Weekly Tribine will be sent one year for \$1.50; The Semi-Weekly for \$2.50, and the Daily for \$9. **En-Specimen copies free.

**En-Agents and Canvassers wanted in every town, with whom liberal arrangements will be made.

THE TRIBUNE,

THE SUN.

NEW YORK. y familiar to our friends.

The Star will continue to be the strennous advocate of the Star will continue to be the strennous advocate of the substitution of states align, wisdom, and integrity for hollow pretence. in tity, and fraud in the administration of public affairs. manship, wisdom, and integrity for hollow pretence. In becility, and fraud in the administration of pullic affairs. It will contend for the government of the people and for the people, as opposed to government by frauds in the ballot-box and in the counting of votes, enforced by military violence. It will endeavor to supply its readers—a body now not far from a million of souls—with the most careful, complete, and trustworthy accounts of current events, and will employ for this purpose, anninerous and carefully selected staff of reporters and correspondents. Its reports from Washington, especially, will be full, accurate, and fearless; and it will doubtless continue to deserve and enjoy the hatred of those who thrive by plundering the Treasury or by usurping what the law does not give them, while it will endeavor to meirit the confidence of the public by defending the rights of the people against the encroachments of unjustified power.

The Sunday edition slope eight pages \$1.00 a year, post paid, or with the Sunday edition \$7.70 a year.

Year.

The Sunday edition alone, eight pages, \$1.20 a year, po

The Sunday edition alone, eight pages, state year, paid.

The Weekly Sun, eight pages of 55 broad columns, will be furnished during 1877 at the rate of \$1 ayear, post paid.

The benefit of this large reduction from the previous rate for The Weekly can be enjoyed by individual subscribers without the necessity of making up Chobs. At the same time, if any of our friends chose to aid in extending our circulation, we shall be grateful to them, and every such person who sende us ten or more subscribers from one place will be entitled to one copy of the paper for himself without charge. At \$1 a year, postage paid, the expenses of paper and printing are barely repaid; and, considering the size of the sheet and the quality of its contents, we are confident the people will consider to Weekly Sun the cheapest newspaper published in the world, and we trust also one of the very best. Address, cheapest newspaper published in cheapest newspaper published in cheapest also one of the very best. Address, also one of the very best. Address, THE SUN, New York City, N. Y.

WHAT PAYS?

It pays every Manufacturer, Merchant, Mechanic, Inventor, Farmer or Professional man, to keep informed on all the improvements and discoveries of the age.

It pays the head of every family to introduce into his household a newspaper that is instructive, one that fosters a taste for investigation, and promotes thought and ena taste for investigation, and promotes thought and encourages discussion among the members.

THE SCIENTIFIC AMERICAN which has been published weekly for the last thirty-one years, does this, to an extent beyond that of any other publication; in fact it is the only weekly paper published in the United States, devoted to Manufactures, Mechanics, Inventions and New Discoveries in the Arts and Sciences. Every number is profusely illustrated and its contents embrace the latest and most interesting information pertaining to the Industrial, Mechanical, and Scientific progress of the University of the Industrial Mechanical, and Scientific progress of New Inventions New Implements, New Processes, and improved Industries of all kinds; Useful Notes, Receipes, Suggestions and Advice by Practical Writers, for Workmen and Employers, in all the various arts, forming a complete reportry of New Inventions and Discoveries; containing a weekly record, not only of the progress of the Industrial Arts in our own country, but also of all New Discoveries and Inventions in every branch of Engineering, Mechanics Arts in our own country, but also of all New Discoveries and Inventions in every branch of Engineering, Mechanics and Science abroad.

THE SCIENTIFIC AMERICAN has been the foremost of all industrial publications for the past thirty-one years. It is the oldest, largest, cheapest, and the best weekly illustrated paper devoted to Engineering, Mechanics, Chemistry, New Inventions, Science and Industrial Progress published in the world. The practical Receipes are well worth ten times the subscription price, and for the shop and house will save many times the cost of subscription.

Merchants, Parmers, Mechanics, Engineers, Inventors, Manufacturers, Chemists, Lovers of Science, and People of all Professions, will find the Scientific American useful to them. It should have a place in every Family, Library, Study, Office and Counting Room; in every Reading Room College and School. A new volume commences January 1st, 1877. A year's number contains \$52 pages and Several Hundred Engravings. Thousands of volumes are preserved for binding and reference. Terms, \$3.20 a year by mail, including postage. Discount to Clubs. Special circulars, giving Club rates, sent free. Single copies mailed on receipt of 10 cents. May be had of all News Dealers.

PATENTS. In connection with the Scientific American, Messrs. Munn & Co., are solicitors of American and Voreign Patents, and have the largest establishment in the world. More than fifty thousand applications have been made for patents through their agency.

Patents are obtained on the best terms, Models of New Inventions and Sketches examined, and advice free. A special notice is made in the Scientific American of all Inventions Patented through this Agency, with the name and residence of the Patentee. Patents are often sold in part or whoie, to persons attracted to the invention by such notice. A Pamphlet, containing full directions for obtaining fatents sent free. The Scientific American of all Inventions patents sent free. The Scientific American ference Book, a volume bound in clot and Inventions in every branch of Engineering, Mechan

The following is an extract from

well known Agriculturist, Solon

All of the farmers were of the

"well-to-do" sort, and some of them,

who have turned their attention to

fruits and market gardening, have

ing from sandy to clayey, and sur-

face gently undulating, intersected

with small streams and occasional

wet meadows, in which deposits of

peat or muck are stored, sufficient

after it has been exhausted of its

It is certainly one of the most exten-

rive tracts, in an almost level position,

and suitable condition for pleasant farm

ing, that we know of this side of the

Western prairies. We found some of

the oldest farms apparently as profitably

productive as when first cleared of forest

The geologist would soon discov-

er the cause of this continued fertil-

ity. The whole country is a marine

deposit, and all through the soil we

found evidences of calcareous sub-

stances, generally in the form of in-

durated calcareous marl, showing

many distinct forms of ancient

shells, of the tertiary formation;

and this marly substance is scattered all through the soil, in a very comminuted

form, and in the exact condition most

easily assimilated by such plants as the

farmer desires to cultivate.
