DISEASE AND ITS AGONIES: CHOOSE BETWEEN THEM.

HOLLOWAY'S PILLS.

NERVOUS DISORDERS. What is more fearful than a breaking down of the ner-vous system? To be excitable or nervous in a small de-gree is most destressing, for where can a remedy be found? There is one.—driak but little wine, beer, cr spirits, or far better, none; take no coffee,—weak toa being prefera-ble; get all the fresh air you can; take three or four Pills every night: eat plenty of solids, avoiding the use of slops; and if these golden rules are followed, you will be happy in mind and strong in body, and forget you have any nerves. MOTHERS AND DAUGHTERS.

If there is one thing more than another for which they Pills are so famous, it is their purifying properties, e pecially their power of clena ng the blood from all in purities, and removing dangs r us and suspended secr tione. Universally adopted as the one grand remedy for female complaints, they never fail, never weaken th system, and always brings about what is required. SICK HEADACHES AND WANT OF

APPETITE.

These feelings which so sadden us, most freq rise from annoyances or trouble, from obstructed pres-tion, or from eating and drinking what is unfit for u us disordering the liver and stomach. These orga-ust be regulated if you wish to be well. The Pills, aken according to the printed instructions, will quiciestore a healthy action to both liver and stomach, when ow, as a natural consequence, a good appetite and ir head. In the East and West Indies scarcely a er medicine is ever used for these disorders.

HOW TO BE STRONG.

Never let the bowels be confined or unduly acted upon. It may appear singular that Holloway's Pills should be recommended for a run upon the' bowels, many persons supposing that they would increase relaxation. This is a great mistake, however; for these Pills will immediately correct the liver and stop every kind of bowel complaint. In warm climates thousands of lives have been saved by the use of this medicine, which in all cases gives tone and vigor to the whole organic system, however deranged,-health and strength following as a matter of course. The appetite, too, is wonderfully increased by the use of these Pills, combined in the use of solid in preference to finid diet. Animal food is botter than broths and stews. By removing actid, fermented, or other impure humors from l, fermented, or other impure hur ach, or blood, the cause of dysent nces, and other bowel complaints is expelled. The result s, that the disturbance is arrested, and the action of the owels becomes regular. Nothing will stop the relaxa-tion of the bowels se quickly as this fine correcting med-

DISORDERS OF THE KIDNEYS.

常用

商

育

In all diseases affecting these organs, whether they secrete too much or too little water; or whether they be afflicted with stone or gravel, or with aches and pains settled in the loins over the regions of the kidneys, these Pills should be taken according to the printed directions, and the Ointment, should be well rabbed into the small of the back at bedtime. This treatment will give almost im-mediate relief when all other means have failed.

FOR STOMACHS OUT OF ORDER. No medicine will so effectually improve the tone of the tomach as these pills; they remove all acidity, occasioned ither by intermedications of the second s stomach as these pills; they remove all activity, occasioned either by intemporance or improper dist. They reach the liver and reduce it to a healthy action; they are won-derfully efficacions in cases of spasm—in fact they never fail in curing all disorders of the liver and stomact.
