### Three Points For Consideration.

During the past five years VEGETINE has been steadily working itself into public favor, and those who were at first most incredulous in regard to its merits are now its most ardent friends and supporters.

There are three essential causes for those having such a horror of patent medicines, changing their opinion and lending their influence toward the advancement of VEGETINE. Ist—It is an honestly prepared medicine from barks, roots and herbs. 2nd—It honestly accomplishes all that is claimed for it, without leaving any bad effect on the system. 3rd—It presents honest vouchers in testimonials from honest, well known citizens, whose signatures are a sufficient guarantee of their carnestness in the matter. Taking into consideration the vast quantity of medicine brought conspicuously before the public through the flaming advertisements in the nowspaper columns, with no proof of merit or genuine vouchers of what it has done, we should be pardoned for manifesting a small degree of pride in presenting the flowing testimonial from the real of the contraction of the cont

THE TIRED BODY SUES FOR

BOSTON, March 16, 1874.

H. R. STEVENS, Esq.:

Dear Sir—It is as much from a sense of duty as of gratitude that I write to say that your VEGETINE—even if it is a patent medicine—has been of great help to me when nothing else seemed to avail which I could safely use.—Either excessive mental work or unusual care brings upon me a nervons exhaustion that desperately needs sleep, but as desperately defess it. Night after night the poor, tired body sues for sleep until the day-dawn is welcomed back, and we begin our work tired out with an almost fruitless chase after rest. Now I have found that a little VEGETINE taken just before I retire gives me sweet and immediate sleep, and without any of the evil effects of the usual narcotics. I think two things would tend to make brain-workers sleep. 1st—A little less work. 2nd—A little more VEGETINE. This prescription has helped me. Now I have a particular horror of "Patent Medicine," but I have a greater horror of being afraid to tell the straight out truth. The VEGETINE has helped me and I own it up. Boston, March 16, 1874.

### VALUABLE EVIDENCE.

The following unsolicited testimonial from Rev. O. T Walker, D. D., formerly pastor of Bowdoin Square Church, Boston, and at present settled in Providence, R. I., must be deemed as reliable evidence. No one should fail to observe that this testimonial is the result of two years experience in the use of VEGETINS in the Rev. Mr. Waiker's family, who now pronounce it invaluable:

PROVIDENCE, R. I., 164 Transit Street.

H. B. STEVENS, Esq.: H. R. STEVENS, Esq.:

I feel bound to express with my signature the high value
I place upon your VEGETINE. My family have used it
for the last two years. In nerrons debility it is invaluable
and I recommend it to all who may need an invigorating,
renovating tonic.

O. T. WALKER.
Formerly Pastor of Bowdoin Square Church, Boston.

### THE BEST EVIDENCE.

The following letter from Rev. E. S. Best, Pastor of the M. E. Church, Natick, Mass., will be read with interest by many physicians: also those suffering from the same disease as afflicted the son of the Rev. E. S. Best. No person can doubt this testimony, as there is no doubt about the curative power of YEGETINE.

MR. H. R. STEVENS: MR. H. R. STEVENS

MR. H. R. STEVENS:

Dear Sir—We have good reason for regarding your VEG-ETINE a medicine of the greatest value. We feel assured that it has been the means of saving our son's life. He is now seventeen years of age; for the last two years he has suffered from necrosis of his leg, caused by scrofulous affection, and was to far reduced that nearly all who saw him thought his receivery impossible. A council of able physicians could give us but the faintest hope of his ever railying; two of the number declaring that he was bejond the reach of human remedies, that even sumputation could not save him, as he had not vigor enough to endure the operation. Just then we commenced giving him VEGE-TINE, and from that time to the present he has been continually improving. He has lately resumed studies, thrown away his cruthes and cane, and walks about cheerfully and strong.

Though there is still some discharge from the opening why his cruches and case, ind strong.

Though there is still some discharge from the opening where his limb was lanced, we have the fullest confidence that in a little time he will be perfectly cured.

He has taken about three dozen bottles of VEGETINE, but his live uses but little, as he declares he is too well to be taking medicine.

Respectfully yours,

E. S. EEST,

MRS. L. C. F. EEST.

178 Baltic St., Brooklyn, N. Y., Nov. 14, 1674. H. R. STEVENS, ESQ.:

Dear Sir-From personal benefit received by its use, as well as from personal knowledge of those whose cures thereby have seemed almost miraculous, I can most heartily and sincerely recommend the VEGETINE for the complaints for which it is claimed to cure.

Why do they not act as men of uprightness and fairness would do, acknowledge equality of goods, and by trying to undersell us, compel people to buy of them? But they seem to have forgotten, if they ever knew it, that the straight path is the best, and instead they choose to follow the path of crookedness, with its natural consequences of falsehood, and blindness to all that common sense dictates. We are astonished to hear a man talk of shoddy trash who advertises one of the necessities of life, namely .calico, one of the commonest trashes (to use his refined expression) the universe can boast of.
