Letters on Geology--No. 5. (Concluded.)

The crest of Stone mountain is narrow and ver guiar throughout most of its length. To the perpendicular but as we approach Greenwood Fur-nace this dip flattens to about 60°. At this point, the mountain is broken by a greatfracture of fault extending in a S. S. W. direction, from the Furace, across the mountain into the valley beyond, Estate, to wit where it gradually decreases and is lost in the states, toward Allenville. The effect of this dislo-cation has been to break asunder the rocks form-ing the mountain, and to force those to the S. W. of the break, up at least a thousand feet above the or the break. N. E. of the fault. As the line of fracture is not at right angles to the course of the mountain, we necessarily have the ends of the same mountain, which are both formed by the Median white sandstone, overlapping each other for at least a mile. This accounts for the peculiar for at least a mile. This accounts for the peculiar character of the mountain along the road crossing from Greenwood Furnace to Belleville. To the N. E. of this the mountain continues quite regularly, with however a slight notch or depression called "Stakey's Gap," where the turnpike (\*) crosses toward Reedsville, until we reach Milikin's

mountain and S. from Broad mountain. These same dips of the Oncida conglomerate form a similar knob, though of lesser altitude, which lies to the east in the same synclinal basin, occupying a position a little to the north of Miroy. The space between these two knobs being occupied by a rugged, sterile valley which has been eroded in the Medina red sandstone

The name "Broad mountain" is applied to the monoclinal ridge running west from Millikin's knob, and formed by the south dipping sandstone, and to the broad anticlinal spur lying to the north of Greenwood Furnace. This latter is formed by the

tain, and their continuation to the east in Slate Ridge, do in reality dip to the South, that is they are overturned, the older rocks lying above more recent ones.

Long mountain is an anticlinal knob, lying be-

style and price with her "Household of Bouve ric," which has proved to be so immensely popular. Booksellers and all others will do well to send in their orders at once, for the book is certain to have a large sale.

Breathing Miasma Without Injury

There is no exaggeration in the statement that thousands of persons residing from one year's end to auother in fever and ague regions on this Continent and elsewhere, breathe air more or less impregnated with miasma, without incurring the disease, simply and only because they are in the habit of using Hostetter's Stomach Bitters as a preventive. It has frequently happened, and the fact has been amply attested by the parties themselves, that persons surrounded on all sides by neighbors suffering the contract of the such as the proposal of the contract of the north and the proposal of the surface and ague regions on this Continent and elsewhere, breathe air more or less impregnated with miasma, without incurring the disease, simply and only because they are in the habit of using Hostetter's Stomach Bitters as a preventive. Erect the Plate Glass Works at this point Night after night we hear of parties going and the prosperity of Huntingdon is assured; leave the opportunity pass and the fate of Huntingdon is a problem not very easy of so-lution. This being the case it is incumbent through this, that and the other one, but we never hear of any arrests. Have our thieves become so expert that they cannot be ferreted upon every man to do his utmost to secure their location here. Is there anything that the citizens can do that has not already been public meetings in this place? The temperance excitement is raging in many towns throughout the State, and much good is being matter be taken into consideration at once.

On Sunday last a vagabond tramp, aged Westlakes' "Common School Literature" and "How to Write," for sale at the Journal Store. The latter ought to be in the hands of every thing to eat, and while it was being procured ne stealthily slipped three keys from a hook and put them in his pocket. Afterwards be took the keys from his pocket and endeavored to ascertain whether one would fit the lock of the door of the back building. His actions were observed and the keys were taken from him and he was hustled out unceremoniously. Every family should keep a big dog if for no other purpose than to watch vagabond tramps. They would steal a red hot stove.

because a Daubury News man, named Mc-Geachy, did them up effectually in small parcels. There is no more laugh in that ancient village. When neighbor meets neighbor they don't even smile. If you want to have your eyes blackened, or your ears boxed, or your mouth slapped, or face scratched, or a boot applied, just ask one of its citizens whether he was to hear McGeachy? A red rag to a bull euphonious name of McGeachy in the ears of one of these unfortunates. The Danbury News is jibbeted down there, so Bailey, stay away and save your bacon. called "Sinkey's Gap," where the tumpike (1) crosses toward Reedsville, until we reach Millikin's knob where it suddenly ceases.

This knob is of Synclinal structure, being formed by the Medina sandstone dipping N. from Stone mountain and S. from Broad mountain. These same dips of the Oneida conglomerate form a similar knob, though of lesser altitude, which lies to the east in the same synclinal basin, occupying a position a little to the north of Milroy. The space between these two knobs heing occupied by a rugged, sterile valley which has been eroded in the Medina red sandstone knob where it suddenly ceases.

This knob is of Synctinal structure, being formed by the Medina saudstone dipping N. from Stone

Slate Ridge forming there a synclinal knob some-what similar to Millikin's knob. The rocks of Long mountain which are opposed to these, or dipping to the north, form with the south dipping rocks of the Bear Meadow mountain, a high flat, synclinal knob, which I have named "Robert's tain is a broad flat one where it first enters the mountain from the east, but, advancing west it be-
