## VEGETINE

Strikes at the root of disease by purifying the blood, restoring the liver and kidneys to healthy, action, invigorating the nervous system.

VEGETINE

Is not a vile, nauseous compound, which simply purg the bowels, but a safe, pleasant remedy which is sure purify the blood, and thereby restore the health. VEGETINE

ls now prescribed in cases of Scrofula and other disease of the blood, by many of the best physicians, owing to it great success in curing all diseases of this nature. VEGETINE

Does not deceive invalids into false hopes by purging and eresting a fictitious appetite, but assists nature in clearing and purifying the whole system, leading the patient gradually to perfect health.

VEGETINE

VEGETINE

Says a Boston physician "has no equal as a blood purifier. Hearing of its many wonderful cures, after all other remedies had failed, I visited the laboratory and convinced myself of its genuine merit. It is prepared from barks, roots and herbs, each of which is highly effective, and they are compounded in such a manner as to produce astonish-

WHAT IS NEEDED.

Mr. H. R. STEVENS:

Dear Sir—About one year since I found myself in a feeble condition from general debility. VEGETINE was strongly recommended to me by a friend who had been much benefited by its use. I procured the article, and after using several bottles, was restored to health and discontinued its use. I feel confident that there is no medicine superior to it for those complaints for which it is especially prepared, and would cheerfully recommend it to those who feel that they need something to restore them to perfect health. Respectfully yours,

and other valuable preparations, entered upon his profes-sional career with the important advantage of a regular Medical Education in one of the oldest and best schools in Philadelphia, and, perhaps in the world. He subse-quently served a faithful term of practice in the Philadel-phia Dispensary, and for many years attended also in the Hospital. In these institutions he enjoyed the most amin the inspital. In these institutions he enjoyed the most ample opportunities of obtaining an insight into diseases in all their various forms, as well as for ascertaining the best methods of their treatment. In offering, therefore, to the people of the United States the fruits of his extensive professional experience in the medical compounds as the best results of his skill and observation, he feels that he is but proffering a bom to every family throughout the land, resting, as he does, confidently, in the merits and efficacious virtue of the remedies he herewith commends. The vast amount of testimony from all parts of the world has proven "DOCTOR SWAYNE"S COMPOUND SYRUP OF WILD CHERRY" the most efficacious remedy known, and it is admitted by our most eminent physicians, and all who have witnessed its wonderful healing properties. The WILD CHERRY in all ages of the world, and in all countries where it is known, has been justly celebrated for its wonderful medicinal qualities; but its great power to cure some of the worst and most distressing diseases among us was never fully ascertained until the experiments of that skillful physician, Dr. Swayne, had demonstrated its high adaption, in combination with Pine Tree Tar, and in other equally valuable vegetable ingredients, which, chemically combined, renders its action tenfold more certain and beneficial in curing all diseases of the throat, breast and lungs. DR. SWAYNE'S WILD CHERRY COMPOUND strikes at the root of all diseases of the throat, breast and lungs. DR. SWAYNE'S WILD CHERRY conting the blood, restoring the nervous and shattered constitution.

Dr. Swayne & Son. Gentlemen:—About two years ago
my wife was suffering from consumption, her cough at
times was very distressing, and during her sickness had
the best medical attendance in this and adjoining counties. Her case was pronounced hopeless by all of them. I
was induced through the recommendation of your agent,
Dr. Isaac H. Miller, of West Brecknock, Berks county,
Pa., and who can verify these facts, to try Dr. Swayne's
Compound Syrup of Wild Cherry. Afterusing it for some
time, she was entirely cured, and is now as well as ever,
and fully able to perform her usual labor. I am so fully
satisfied that it is to your preparation that I am indebted
for her restoration to health, that I grant you full liberty
to give her case publicity, in the hope that others now
suffering may derive benefit from her experience.

## ITCHING PILES

Is generally preceded by a moisture, like perspiration, distressing itching, as though pin worms were crawling in and about the rectum, particularly at night when underessing, or in bed after getting warm. It appears in summer as well as winfer, and is not confined to males only, but it is quite as frequent that females are sorely afflicted, particularly in times of pregnancy, extending into the vagina, proving distressing almost beyond the powers of endurance. Cases of long standing, pronounced incurable, have been permanently cured by simply applying in warm borders the latter end of the month. They generally do better than if raised in frames, where they are too frequently allowed to grow large and spindling before setting out, and seldom head

The following is an extract from a description of Vineland, published in the New York Tribune, by the well known Agriculturist, Solon Robinson:

| Robinson | Robinso

All of the farmers were of the "well-to-do" sort, and some of them, made this new arrangement, reducing expenses, I who have turned their attention to who have turned their attention to fruits and market gardening, have grown rich. The soil is loam, varying from sandy to clayey, and surface gently undulating, intersected with small streams and occasional wet meadows, in which deposits of peat or muck are stored, sufficient to fertilize the whole upland surface, after it has been exhausted of its natural fertility.

It is certainly one of the most extensive tracts, in an almost level position, and suitable condition for pleasant farming, that we know of this side of the Western prairies. We found some of the oldest farms apparently as profitably productive as when first cleared of forest fifty or a hundred years ago.

The geologist would soon discover the cause of this continued fertility. The whole country is a marine deposit, and all through the soil we found evidences of calcareous substances, generally in the form of indurated calcareous marl, showing many distinct forms of ancient shells, of the tertiary formation; and this marly substance is scattered all through the soil, in a very comminuted form, and in the exact condition most easily assimilated by such plants as the farmer desires to cultivate. AT SHAFFER'S NEW STORE. H. GREENBERG'S THE subscriber would respectfully inform his old friends and customers, that he has just received from the East a large and well selected stock of Boots and Shoes, for men, women and children, which he is prepared to sell a trifle lower than any other establishment in town. Being a practical shoemaker, and having had considerable experience, he flatters himself that his stock cannot be surpassed in the county.

Give him a call, at the CHEAP RIMYT AND SHALL OFFICER.
