THE Republican State Central Committee met, at Harrisburg, on Tuesday last and decided to hold the Republican State Convention on the 29th of August next There was a large attendance of the Com mittee and excellent feeling prevailed.

IT seems to us that the President made a mistake in not retaining the able and accomplished Geo. H. Boker, as Minister to the Court of St. Petersburg, at this time. No one understands the secret motives of the beligerents, nor those who in time may become participants in the great struggle, than he, and it looks to us as if it would have been wisdom to have retain-

It is a valuable contribution to the political history of this period, and will go far towards reconciling many to the President's views who have been disposed to severely criticise them. He expresses every confidence in the President, and fully endorses his integrity and desire to promote the good of the whole country. The President, no doubt, means well and will do everything that can be done to protect the political skin are tinged with yellow, feels dull, indisposed, and dizzy. THE political contest in this county, exclusive of State candidates, will be confined to candidates for Sheriff and Poor Director. Already we hear of some fifteen or twenty Republican aspirants for the former position. During the panic the office has been highly remunerative, and this fact has a tendency to make it a prize worth contending for. The large number of persons seeking the office will afford the people a fine opportunity to select a good, honest, competent man. The candidate should have all these accomplishments. should have all these accomplishments to the fullest measure, and above all he should be competent. The man who can scarcely write his own name, or spell the simplest monosyllable, need not apply. It world be simply a reflection upon the in telligence of the people to elect such a man, or to ask them to give their support. Much of the business of courts of justice Much of the business of courts of justice man does get bad she is as much worse than a man as possible. The women were marched to a boat and their profanity was something wonderful. Their first exploit was an attempt to drown an obfor the expense and worry growing out of this sort of stupidity, and ought to avoid it. Besides, a man ought to be elected who would command the respect of every one, and when he goes abroad the people of the county need not feel ashamed of him. We have no idea that any utterly incapable person will apply, but a word in season sometimes saves unpleasant consequences. We hope that when the con vention is called that a fair expression will be had, and that the best man, for the place, will be selected.

Still to be Headquarters for CLOTHING.

WANAMAKER & BROWN IN THE OLD PLACE AT THE OLD TRADE.

All the best talent, experiece and advantages we can command, continued at OAK HALL, to produce the BEST and CHEAPEST CLOTH-ING for man and boy.

For sixteen years we have lived at the old corner of SIXTH and MARKET, and the business done there has been so satisfactory to the public and ourselves, that we have decided not to change or move the Clothing business away. The people like the place and we like to please the people, and we believe that we can do it better than ever at the old place.

The sales for the past year far surpassed anything we ever dreamed of, and this puts it in our power to start the Spring of 1877 with a STILL LOWER SCALE OF PRICES, and a class of goods so excellent that we are not afraid to follow each sale with our warrantee, or receive back the goods unworn and hand over to the customer the money

The store has been largely refitted, and there never was such a splendid stock of Men's, Boys' and Children's clothing under the roof, nor were we ever able to sell so cheaply. Our word for it, and we are your friends of sixteen years.
