THE Rev. S. M. Moore, pastor of the Presbyterian church, in Tyrone, has received the degree of Doctor of Divinity, from the College of William and Mary, in Virginia. We congratulate Dr. Moore on the distinction obtained from this venerable Institution. Old William and Mary, dating back to the year 1660, has had an eventful history. She has three times suffered from the shock of war in the loss of part of her endownment. Four times she has passed through the fire, by which she lost her buildings. The last mis-fortune from this cause occurred during the late war, when the buildings were wantonly fired by some drunken soldiers of the 5th Pa. Cavalry, commanded by Lieut. Col. Smith, Cavalry, commanded by Lieut. Col. Smith, and entirely consumed. Application was subsequently made to Congress for a grant, or donation, to help replace the buildings. The application was ably advanced by our Representative, Hon. R. M. Speer, and passed the House by a large majority, but did not come up in the Senate owing to the session being near its close. We learn that the application will be represented in due time, and sincerely will be renewed in due time, and sincerely trust it will be granted, so that this time-honored Institution may be enabled to continue in the course of usefulness it has pursued for centuries! The nation cannot afford to have such an Institution perish, for lack of pecunia ry aid that would not be missed from a ful

We have tried 40 other remedies before Simmons' Liver Regulator, but none of them gave us more than temporary relief; but the Regulator not only relieved, but cured us."—ED.
