At the election held at the Court House Thursday, the 26th of July, the following named gentlemen were chosen directors:

At an adjourned meeting of the stockholders held at the Court House on Saturday evening, the 28th, Mr. Thomas G. Gorman, from the Crystal City Works, described the process of the manufacture of plate glass and gave an estimate of the cost of the erection of works at Huntingdon. On motion, the capital of the company was fixed at \$175,000. The meeting H. G. Fisher, S. E. Henry, R. A. Miller and

troops was wrecked at Cambria city by a mis placed switch, the work of the strikers, and the engine turned upside down. The crowd of idlers fired into the troops but did no damage. To the citizens of Huntingdon and vicinity : The citizens of Huntingdon and vicinity:

The project of erecting in your midst works for the manufacture of plate glass has progressed so far as the election of directors and the adoption of the necessary measures preliminary to the organization of the company. Without the moral and material support of the citizens of Huntingdon and vicinity we cannot have to court the extension feward and not hope to carry the enterprise forward, and we make this appeal to you in the outset of

the undertaking, confidently anticipating from you a hearty response.

With ordinary advantages, plate glass, which sells readily at from 30 cents to \$1.10 per square foot, can be made and is made in the United States at a cost from 60 to 70 cents per square foot, leaving an average clear profit of 33 per cent, on the business. If our works are properly erected and conducted, we feel confident they can be made to yield to the shareholders a handsome return on the investment. On us as directors is imposed the responsibility of the construction and the responsibility of the construction and management of the works, and to enable us to meet that responsibility we invoke your confidence and assistance. We expect to secure the services of a gentleman who has been for the last few years superintendent of the plate glass works at Crystal city, Missouri, and who, The same effect may be produced in cases of chronic diarrhea.

The Crucial Test of the value of a medicine is time. Does experience confirm the claims put forth in its favor at the outset? is the grand question. Apply this criterion so simple, yet so searching, to Turrant's Efferencement Self-zer Aperical. How has it worn? How does it stand to-TARRANT'S SELTZER APERIENT is a household name throughout the United States. It is administered as a specific, and with success, in dyspepsia, sick headache, nervous debility, liver complaint, billour remittents, nowel complaints, (especially constipation, rheumati.m, gout, gravel, nausea, the complaints peculiar to the maternal sex, and all types of inflammation. So mild is it in its operation that it can be given with perfect safety to the feeblest child; and so agreeable is it to the taste, so refreshing to the palate, that children never refuse to take it.
