#### NEW ARRANGEMENT.

After a retirement of over seven years from the editorship of the JOURNAL, I have again become its sole proprietor and will in the future conduct it; and in assuming control of its columns I do not deem it necessary to say what its political course will be. Its readers have been acquainted with me long enough to know that while under my management it will every political contest the JOURNAL will carry the good old Republican flag and be found in the front of the battle.

All debts due the late firm of J. R. Durborrow & Co., are payable to me, and as I am also responsible for the indebtedness of the firm. I trust the patrons of the paper will see the necessity of making prompt payment. J. A. NASH.

#### NO PAPER LAST WEEK.

Pending negotiations for the purchase of the JOURNAL establishment, we found it impossible to issue a paper last week. The outside was worked off at the proper time for last week's issue, which accounts for the wrong date on the first page of today's issue. We know our friends will pardon the omission when, under the circumstances, it was impossible for us to do otherwise than we did. The loss will be made good before the close of the volume.

A HANDSOME PUBLICATION .- We are indebted to W. J. Fleming, esq., of Mattawana, Mifflin county, the indefatigable agent for the sale of Kansas lands, for a copy of "The Rocky Mountain Tourist," a sixty-four page pamphlet, giving a historical narrative of a tour through the grain districts of the Arkansas valley, the herdfusely illustrated, elegantly printed, and should be read by any one contemplating vividly describes.

### OUR FLAG IS THERE!

We nail to the mast-head the ticket nominated at Harrisburg, on Wednesday, and have only time to say that a better one has never been presented to the Republicans of the State for their suffrages. With proper effort it will be elected.— Whoop 'er up !

The fol-with his friends. To earn such reasonaant and harmonious character. The folowing is the platform adopted:

The Republican party of Pennsylvania, adhering to its historical record and to its principles heretofore often affirmed, declares: First. That it is uncompromisingly opposed to free trade, in whatever disguise presented; unchangingly devoted to the principles of protection to home industry, and hereby avows its special and direct hostility to the tariff bill now pending in congress. the same tariff bill now pending in congress, the same being in the interest of importers and foreign manufacturers and in opposition to American

SECOND. That labor being the great source of national wealth, the prosperity of the nation must depend upon the extent to which labor is protected and employed; and that our government, being a government of the people, should endeavor to promote, by all proper means, the commercial and industrial interests of the nation, so that labor and capital may both be profitably employed. Third. That American commerce should be

fostered and home enterprise developed by the national government, to the end that our manufacturing, mining, agricultural and industrial interests may flourish, our people find employ-ment, and the country be restored to perman-

ent prosperity.

That we view with alarm the grow-ing depression of many of the leading and trading interests of the state and country, resulting largely, it is believed, from unfair advantages and discriminating rates of freight and transportation privileges given by many of the transportation companies of the state and country to a favored few, to the prejudice of our general producing interests and this of our general producing interests, and this convention earnestly recommends the enact ment of such laws by the state and national legislatures as will correct this growing evil.
SEVENTH. That the southern republicans, white and colored, have our earnest sympathy in the unequal contest to which they are subjected for civil liberty and the maintenance of their constitutional privileges, and that in the interests of their guaranteed rights we demand from the general government for them and equal and fair ballot, and that equality before the law which should be the boast of

every government.

CHEAP KANSAS LANDS!!

We own and control the Railway lands of TREGO CO. KANSAS, about equally divided by the Kansas Pacific R. R., which we are selling at an average of \$3.5 per acre on easy terms of payment. Alternate sections of Government iands can be taken as homesteads by actual settlers. These lands lie in the Great Limestone Belt of Central Kansas, the best whiter wheat producing district of the United States, yielding fom 20 to 35 Bushels per acre.

The avarage yearly rainfall in this county is nearly 35 inches per annum, one-third greater than in the much-extolled Arkansas Valley, which has a yearly rainfall or less than 23 inches per annum in the same longitude. Stock-Raising and Wool-Growing are very resuperative. The winters are short and mild. Stock will live all the year on grass? Living Streams and Springs are numerous. Pure water is found in wells from 20 to 60 feet deep. The Healthiest Chinate in the World! No fever and ague there. No muddy or impassable reads. Plenty of fine building tone, lime and sand. These lands are being rapidly settled by the best class of Northern and Eastern people, and will se appreciate in value by the improvements now being made as to make their purchase at present prices one of the very best investments that can be made, aside from the prefits to be derived from their cultivation. Members of our firm reside in WA-K-EENEN, and will show lands at any time. A pamphlet, giving full information in regard to soil, climate-water supply, &c., will be sent free on request.
