The Cost of Wheat.

PROFIT AND LOSS ACCOUNT OF AN OHIO FARMER. WITH THE RESULTS

Correspondence of the Ohio Farmer.] My wheat is threshed and sold, and as I have kept an account of expenses, I can show to the dollar what the profit is. I wish the reader to understand that there is no guess work about this, for the account was kept regularly with the wheat MR. STEVENS and the work charged as it was done. The wheat has all been weighed but 13 sacks, which we kept for seed, and we estimated them at just what the others averaged, and our sack were all filled alike, four half bushels, thresher's measure in each one. I have also measured the land with a surveyor's chain, and find that what I called the six-acre field, measures six and five-eights acres. The small field measures H. R. STEVENS just two acres, My estimates of the cost of the two acres was \$30 40, and of the larger field \$77; but as there is five-eights of an acre more than I had supposed, I will add \$5 to cover the extra expenses, and \$3 for hauling to the mill (one and a half miles), where I sold it. The expense then, of this wheat crop is as follows:
 Two-acre field, as previously reported.
 \$ 30 40

 Six and five-eighth acres.
 82 00

 Hauling to the mill.
 3 00

\$115 40

. \$ 80 10 I have made no charge for hauling and threshing, for the reason that the straw is worth far more than this cost. I estimate that I have fifteen tons of straw, and the

5 62 rd, seventeen meals at 25 cents...

This would only make the straw cost about \$2 per ton, and I certainly would not sell it for double that money. Now let us see what the per

profit is on this crop. I value the six and five eighths acres at \$60 per acre, and the two acres at \$75 per acre, making \$541,25, and the profit was \$80,10, which is a little over fourteen per cent.; and as in my estimate of expenses I had already allowed eight per cent. for the use of the land, this is certainly a good showing. My former estimate was, that this wheat cost me fifty-nine cents a bushel, but the field overrun my estimate and reduced the cost to within fifty cents a bushel.

Two years ago my wheat averaged ten bushels to the acre; last year seventeen bushels, and this year it is between twentysix and twenty seven bushels to the acres

Canned Fruit.

Use only fresh fruit, and that which is perfectly ripe, not too soft, but just right to eat well. Fill your cans full of fruit; put your cans in a kettle of cold water; put a few iron rings in the bottom of the pot to prevent the cans from breaking; then put over a slow fire at first, making it hotter after the fire has become hot. Too great a heat at first will crack the cans at the bottom. Meanwhile, make a nice syrup of white sugar, and when your fruit is half done cooking, pour your syrup over the fruit in the cans, and continue boiling until done; remove from the fire and seal. Some people cook their fruit before putting in cans, but it does not preserve its natural flavor so well, neither will the syrup be as clear. Cooking the fruit in the cans is the proper way of canning fruit in my estimation. I use half a pound of sugar to a quart jar of fruit; cherries, peaches, pears and raspberries will do with six ounces. Cook quart jars twenty to thirty minutes according to hardness of fruit. Keep watch of your cans while boiling and as fast as the fruit in the can lowers fill up with well-ripened fruit; next morning test your jars; if they do not hold, boil them over again. In ten days from the time of canning test your fruit again, and if the cover holds them it will keep for years, as I have some now nearly four years old, which look as if they might keep four years longer. By testing ten days after canning you will never be awakened in the night by a loud report as of a gun going off, as I have heard people tell about, and breaking some half dozen cans nearest to it. Keep your cans in a cool, but not damp place.-Fruit Recorder

GINGER SNAPS .- One cup of sugar, one of New Orleans molasses, one of butter or part butter and part lard, three tablespoonfuls ground ginger, one teaspoonful of cinnamon, half a teaspoonful each of cloves and alispice, one tablespoonful soda dissolved in three tablespoonfuls of hot water flour sufficient to thicken to roll out easily; roll thin; cut them small; bake them crisp and brown in a quick oven.

ALL sorts of vessels and utensils may be purified from long retained smells of every kind, in the easiest and most perfect manner, by rinsing them out well with charcoal powder after the grosser impurities have been scoured off with sand and rotash.

Medical.

VEGETINE. PURIFIES THE BLOOD AND GIVES STRENGTH.

Du Quoin, Ill., Jan. 21, 1878.

Mr. H. R. Stevens:

Dear Sir—Your "Vegetine" has been doing wonders for me. Have been having the Chills and Freer, contracted in the swamps of the South, nothing giving me relief until I began the use of your Vegetine, it giving me immediate relief, toning up my system purifying my blood, giving strength; whereas all other medicines weakened me, and filled my system with polson; and I am satisfied that if families that live in the ague districts of the South and West would take Vegetine two or three times a week, they would not be troubled with the "Chille" or the malignant Freers that prevail at certain times of the year, save doctors' bills, and live to a good old age.

Respectfully yours,

J. E. MITCHELL,

Agent Henderson's Looms, St. Louis, Mo.

All Disrases of file Blood. If Vegetine will relieve pain, cleanse, purify, and cure such diseases, restoring the patient to perfect health, after trying different physicians, many remedies, suffering for years, is it not conclusive proof, if you are a sufferer, you can be cured? Why Is this medicine performing such great cures? It works in the blood, in the circulating fluid. It can truly be called the Great Blood Purifer. The great source of disease originates in the blood; and no medicine that does not act directly upon it, to purify and renovate, has any just claim upon public attention. Du Quoin, Ill., Jan. 21, 1878.

VEGETINE HAS ENTIRELY CURED ME OF

VERTIGO. CAIRO, ILL., Jan., 23, 1878. H. R. STEVENS:

Dear Sir,—I have used several bottles of "Vegetine"; it has entirely cured me of Vertigo. I have also used it for Kidney Complaint. It is the best medicine for kidney complaint. I would recommend it as a blood purifier.

N. YOCUM.

PAIN AND DISEASE. Can we expect to enjoy good health when bad or corrupt humors circulate with the blood, causing pain and disease; and those humors, being deposited through the entire body, produce pimples, eruptions, ulcers, indigestion, costiveness, headaches, neuralgia, rheumatism, and numerous other complaints? Remove the cause by taking Vegetine, the most reliable remedy for cleansing and purifying the blood.

VEGETINE

I BELIEVE IT TO BE A GOOD MED-

XENIA, O., March 1, 1877. FRED. HARVERSTICK. Vegetine thoroughly cradicates every kind of humo and restores the entire system to a nealthy condition.

VEGETINE

DRUGGIST'S REPORT.

H. R. STEVENS:

Dear Sir,—We have been selling your "Vegetine" lost the past eighteen months, and we take pleasure in stating that in every case, to our knowledge, it has given great astisfaction.

Respectfully,
BUCK & COWGILL, Druggists,
Hickman, Ky.
