

W. L. FOULK, Agent of the Pennsylvania, Ohio and West Virginia Press Association.

PERSONS HAVING REAL ESTATE FOR SALE SHOULD ADVERTISE IT IN THE "JOURNAL," WHICH PAYS SPECIAL ATTENTION TO MATTERS OF INTEREST TO FARMERS AND CIRCULATES LARGELY AMONG THEM.

LOCAL AND PERSONAL.

Brief Mention—Home-made and Stolen.

Autumn tints. Falling leaves. Repair the country roads. Thanksgiving turkeys are fattening. "Honesty," like Richard, is himself again. The Blair county fair is a financial success. Trade dollars taken at par for subscription. Roll them in.

Our merchant friend, T. J. Lewis, is off on a tour through the West. The October gales are not comfortable to the shorn Greenback lamb. Wax a hot iron and press both sides of an autumn leaf to preserve it.

Gen. T. M. Coy, of Lewistown, is a witness in the Fitz John Porter case. One of our dealers in fruit had second crop strawberries on sale last week.

Our friend, Elliott Robley, of Mapleton, has housed a thirty-five horse power engine. The political skies look bright for Republican success in November. Try guards, and at them.

A few young men are in the habit of indulging in a Sunday drunk as regularly as in their daily meals. The buckwheat harvest is over, and we understand that the crop was a good one in this county.

The Altoona Nationalist has quit and gone, we suppose to hunt that promised majority in Ohio and Indiana. The fall inspection of the track of the P. R. R. will be commenced on the 21st inst., starting at Jersey City.

We are pleased to be able to announce that B. Frank Leber is on his pins again attending to business as usual. Mr. Shillito has retired from the business management of the Altoona Mirror, and has been succeeded by W. S. Nicodemus.

How are you on the question of taxing the dogs? You will have an opportunity of voting on this matter at the coming election. The juveniles have caught the mania for rattling bones, and about every other boy you meet has a pair of bones in his fingers.

It is said that the Penitentiary Commission, when they went to see the quarry at Gallitzin, got lost and did not find the quarry at all. The Democrats and Greenbacks looked frightened when they saw the large crowd of "Fisher Boys" in line on Saturday night.

Henry Brockerhoff, one of Bellefonte's oldest, wealthiest and most respected citizens, died on Sunday night a week ago, at the ripe old age of eighty-four years. Parents, mothers, nurses, do not fail to give Dr. Bull's Cough Syrup to the little ones for all cases of coughs or colds. Costs only 25 cents.

No one can long abuse health without suffering generally with blood disease. Keep the blood pure by using Dr. Bull's Blood Mixture. Check your reserved seat for an impetuous youth and his fair Angelina at the evening entertainment of the 7-pleasant show last week.

We neglected to mention in our last issue that the man who is too poor to pay for his paper, spent three dollars for tickets to the 7-pleasant show. We observed a female pass down Fifth street, the other day, with a half bushel of feet packed into a peck of shoes. She reminded us of a turkey walking over hot coals.

Lady, the Clearfield lawyer who was arrested some time ago for forging a check, was again convicted of the crime and sentenced to eighteen months imprisonment in the western penitentiary. The Alexandria Band was at the Democratic meeting, in this place, on Monday night, and was more than music to persuade the people of this county to vote for the great "Persuader."

The southern abutment of the Broad Top R. R. bridge, spanning the Juniata, has been completed, and for a century. All improvements on this road are of this character, and made to last. A blackguard street vendor of some quack nostrum distributed in the Republic held at Newport, a few nights ago, and we are surprised to see the *Millinaw Register* exclaiming over such mean, contemptible and blighting conduct.

Our clever jeweler friend, T. Wilday Black, is snugly quartered in his new shop, in the store room lately occupied by D. S. Africa, in the Diamond, on Penn street, where he will be happy to have his numerous friends call and see them. It is not pleasant to learn, as we do from the *Scientific American*, that half the vinegar now sold is rank poison, and a Massachusetts chemist states that half the pickles, put up by different wholesale dealers, he found copper in ten of them.

A young man named Wm. Gramay, about 18 years of age, had one of his legs so badly crushed by attempting to jump on a moving train of cars, at Mapleton, on Saturday evening, that the limb had to be amputated in order to save the life of the victim. The boy Kungis, who was shot in Altoona, a few days ago, and whose life was in jeopardy, is able to be about, which must be gratifying to the man Rodgers who, in a moment of anger, fired at the boy. Rodgers is under bail for his appearance at Court.

A young man from the other evening asked a young lady her age. Her reply was, "six times seven and seven times three added to my age will exceed six times nine and four as double my age will exceed twenty." The young man said he thought she looked much older. All of Blair county has turned its attention to and is using its influence to have the new penitentiary located in this county. The committee has narrowed down to four counties, Huntingdon, Lycoming, Mifflin and Blair, and we wouldn't trade chances with either of the other three.

A fellow down in Franklin county sold his last hog to raise money to go to the circus. We'll bet that fellow belongs to the crowd of croakers who are eternally talking about the fair times, and before spring will be ready to jump at the circus and watch behind a banner inscribed with "bread or blood."

Here is an item we find going the rounds of the press, and we transfer it to our columns for the benefit of those concerned: Under the recent decision of the Pension Department, every nine months' soldier who afterwards battles for three years, and received no more than \$300 bounty, is now entitled to \$100 additional bounty.

Mrs. Schwab has a "pet" mare that she turned out of the stable yesterday to go to water. He noticed while the animal was going down the alley that it had a shoe on. The mare not returning as he expected, he went to look for it, and discovered it at the blacksmith shop calmly waiting to have the shoe drawn.—*Altoona Tribune.*

The Altoona Tribune learns semi-officially that James McCrea, superintendent of the middle division, Pennsylvania Railroad, has been transferred to the superintendency of the New York Division, and Mr. S. M. Prevost, superintendent of the Bedford division, to the middle division. Mr. McCrea will be succeeded by Mr. S. M. Prevost, and Mr. Prevost will be succeeded by Mr. S. M. Prevost.

One hundred cents allowed for TRADE DOLLARS at HENRY & CO.'S. [Oct. 18.] Blank articles of agreement between Directors and teachers just printed and for sale at the Journal Store.

SPORTING NOTES —

Turkeys, rabbits and partridges can now be killed legally. A flock of forty wild turkeys put in an appearance at Cresson the other day. When some of our sportsmen read this item their mouths will water. Ethel Mediam, an Altoona mare took the first purse of \$400 at the Franklin county fair on Wednesday of last week. Time: 2:56, 2:29, and 2:13.

A number of our Nimrod's hied to the woods on a deer hunt. One of them, who is a sportsman of no mean order, has secured a fine specimen of a deer. He is now in the habit of bringing in with him a pair of them he spends a day in the woods.

Our friend Howard H. Smith, is the owner of a handsome new double-barrel shot-gun, of the latest improved pattern, which he is justly proud of. Our friend Howard H. Smith, is the owner of a handsome new double-barrel shot-gun, of the latest improved pattern, which he is justly proud of.

Dem. of the Altoona Tribune, must be a "dead shot," judging from the amount of game he is in the habit of bringing in with him every time he spends a day in the woods.

A full-grown wolf was shot and killed in Blair county, on the 10th inst. It was a few days ago, and his driver drew twelve dollars from the county treasury as a premium for his scalp.

Mr. Griffith J. Lloyd, a Cambria township farmer, succeeded in trapping a large wolf on Tuesday last on what is known as the Devil's track. The animal had eaten a portion of his leg, all but the leaders, in his effort to force track through the brush. The wolf was very annoying to the farmers, having killed a great many sheep.—*Cambria Herald.*

The McVeety gunnery says there was a strange fish caught in the Juniata last Friday by Isaac Long, of Mattanora. It was caught in a singular manner. An outline had been placed in the river and an eel had taken the bait, when the strange fish endeavored to swallow the eel. The latter by some means passed through the gills of the fish and held it by wrapping around the body. The fish was twenty-four inches long and weighed four pounds. One of our fishermen has seen one of the description before.

CLIPPING.—From *Our Paper*, published at Three Springs, by A. H. Bence, Esq., we clip the following: Prof. M'Clain teaches the advanced school in this place.

J. S. Devore has begun repairs on his residence. When completed, it will be improved in appearance. J. W. Kough, of Saltillo, fell from a wagon and broke his arm. Dr. Madden set the fracture and Mr. Kough is improving.

The M. E. Sunday School of this place closed the last quarter with a concert, which was enjoyed very much by the little folks.

Our P. M. Mrs. Baird, we understand will soon take a trip to the far west, on a visit to friends residing there. Rev. Dunlap has been holding a protracted meeting at Hare's Valley M. E. Church. Several penitents presented themselves.

Since our last issue, Sunday School Conventions have been held at Wells Valley M. E. Church at Altoona, both of which we learn were a success.

Mr. R. Ashman always finds something to do in the way of improvement on his farm. His latest movement is the changing of the channel of Spring Creek through his farm above the grist-mill. By this operation he makes a fine piece of meadow ground.

Having some business at the quiet old town of Shirley, we concluded while there to visit the place, and on our way to the grist-mill, we were met by Mr. Speer and his friends, who had just returned from a trip to the far west. Mr. Speer and his friends, who had just returned from a trip to the far west.

Mr. R. Ashman always finds something to do in the way of improvement on his farm. His latest movement is the changing of the channel of Spring Creek through his farm above the grist-mill. By this operation he makes a fine piece of meadow ground.

ENTHUSIASTIC MEETING.—On Saturday afternoon last a large and interesting meeting was held at Hare's Valley, M. E. Church. The meeting was held at Hare's Valley, M. E. Church.

TO A CERTAIN HEADACHE CURE.—If you suffer from a headache, or any other ailment, try this cure. It is a simple vegetable preparation, and is entirely harmless. It is entirely harmless, a physician's discretion, and we guarantee to give you relief.

TO ALL THOSE WHO ARE SUFFERING FROM THE ERRORS AND INDETERMINATIONS OF GOUT, GRAVEL, RHEUMATISM, NEURALGIA, SCIATICA, MIGRAINE, AND ALL OTHER AFFECTIONS OF THE NERVOUS SYSTEM, AND ALL AFFECTIONS OF THE BONES, AND ALL AFFECTIONS OF THE JOINTS, AND ALL AFFECTIONS OF THE MUSCLES, AND ALL AFFECTIONS OF THE SKIN, AND ALL AFFECTIONS OF THE EYES, AND ALL AFFECTIONS OF THE EARS, AND ALL AFFECTIONS OF THE NOSE, AND ALL AFFECTIONS OF THE THROAT, AND ALL AFFECTIONS OF THE LUNGS, AND ALL AFFECTIONS OF THE STOMACH, AND ALL AFFECTIONS OF THE LIVER, AND ALL AFFECTIONS OF THE SPLEEN, AND ALL AFFECTIONS OF THE PANCREAS, AND ALL AFFECTIONS OF THE BLADDER, AND ALL AFFECTIONS OF THE UTERUS, AND ALL AFFECTIONS OF THE VAGINA, AND ALL AFFECTIONS OF THE BOWELS, AND ALL AFFECTIONS OF THE RECTUM, AND ALL
