

W. L. FOULK, Agent of the Pennsylvania, Ohio and West Virginia Press Association, is the only person in Pittsburgh authorized to receive advertisements for the JOURNAL. He has our best rates.

PERSONS HAVING REAL ESTATE FOR SALE SHOULD ADVERTISE IN THE "JOURNAL," WHICH PAYS SPECIAL ATTENTION TO MATTERS OF INTEREST TO FARMERS AND CIRCULATES LARGELY AMONG THEM.

LOCAL AND PERSONAL. Brief Mention—Home-made and Stolen. The country is safe. Overcoats to the fore. If you want trade, advertise. The attendance at court is small.

It is reported that a young woman named Lewis, residing in Barton township, committed suicide, on Sunday night, by poison. We have endeavored to get the particulars of the case, but have been unable to do so. She had been at church on the evening of her death, and shortly after her arrival home she was taken dangerously ill. Rumor has it that disappointment in a love affair was the incentive for her to commit the rash act.

At an early hour on Saturday morning the vicinity of Fourth and Millin streets presented the appearance of a market for the sale of second-hand wagons and carriages. A large number of vehicles of the description had been hauled to that place during the night by miscellaneous boys, and their owners were not in the best of moods when they discovered the joke and were compelled to pull their vehicles home with them.

The coal wharf in this place has been abandoned, but old railroads give it their opinion that ere long it will be re-stocked with coal and go into use again. An occasional engine is forced to coal here, and when such is the case the conductor of the train has to telegraph to Harrisburg for the privilege to do so, and when received the engineer and fireman have to do their own coal. This is of frequent occurrence, and considerable time is lost.

A twelve-year old lad, named Leonard, was kicked in the stomach by a mule, one day last week, at some point along the basin, in this borough, from the fact that he had been riding a mule. The mule was employed as a driver on one of the boats lying at the wharf, and was working about his team at the time of the accident. The parents of the deceased reside at Lockport, a short distance east of Mt. Union, whither his body was taken.

The stockholders of the Juniata Valley Camp Meeting Association at their annual meeting on the 7th inst., elected the following directors for the ensuing year: S. H. McCoy, J. A. McKee, J. M. Bell, J. Steiner, Jas. Lowther, John Hamilton, J. W. Webber, J. W. Speddy, C. W. Ashcom, K. M. King, J. Steveson, Lewis and Heister. Mr. Speddy, of Port Royal, Juniata county, takes the place of Jonathan Boynton, esq., of Clearfield. A dividend of 3 per cent on the dollar was declared. Mr. McCoy was re-elected President of the association.

Capt. Wilson, a postal clerk on the Fast Line train, met with a serious accident at Millintown, on Monday last week, which may cost him his life. In passing that point the train was going at the rate of about forty miles an hour. When in the act of throwing out the mail bag for that point, he lost his balance and fell out of the car. The occurrence was not, it seems, noticed by others in the car, but his absence was soon discovered, and in a short time after they learned by telegraph what had befallen him. He was found on the track by a woman living in the vicinity, and taken to her home, where he was laid out. It is believed that his injuries were very serious, and but little hope entertained for his recovery.

An old tradesman advances the following views on advertising: The first utility of persons and goods is to be advertised. In the country it is at all times a large class of persons, both in country and town, who have no fixed place for the purchase of certain necessary articles, and are ready to be swayed and drawn toward any particular place which is earnestly brought under their notice. Indifferent to all they yield without hesitation to the first who asks. Then in the country a considerable number of persons, who wish a supply of the article advertised, do not know of any particular place where it is to be got, and being thus furnished with the address of a person who can supply it, the article naturally leads to much ulterior business. People in the country are also liable to be favorably impressed by a frequent sight of a name in the newspaper. The advertising party acquires distinction in their eyes, and thus they are led, in making a choice, to prefer him.

IMPORTANT TO SCHOOL DIRECTORS.—There has been a general inquiry from all parts of the county as to why the warrants of the State appropriation do not come. In answer to all interested, that I wrote to the Department of Public Instruction in regard to this matter some time ago, and received the reply (dated Oct. 3) that on September 6th, the State Treasurer authorized that Department to issue warrants to the amount of \$200,000, with a request, however, to withhold all warrants from certain counties (among them Huntingdon) for the reason that they were in arrears with their State taxes. I then wrote to our County Treasurer, Mr. G. A. Miller, and stated the case to him. He replied, that to his knowledge Huntingdon county does not owe one cent of State tax, that he paid all the taxes assessed against our county before the 1st of August, 1878, as he has done every year since he has been in office.

Learning of the return of Dr. Wickersham, I applied to him personally a few days ago, stating the progress of my inquiry up to this point, and to-day I received an answer, per G. S. Jones, Finance Clerk, referring me again to the above mentioned request of the State Treasurer to withhold, &c. for the same reason as before given, and that in the absence of Dr. Wickersham this request proper to comply strictly with this request, although satisfied that the proceeding was entirely arbitrary and illegal on the part of the State Treasurer.

Dr. Wickersham is now exerting himself to have the appropriation paid at the earliest day possible, without regard to whether the State taxes have been paid or not.

Another matter. A great many Boards of Directors have, so far, failed to forward their "Report of Secretary to County Superintendent," showing the names of teachers employed, &c. At least the reports have not been received yet. These reports should be forwarded as soon as teachers are employed. The blank furnished for that purpose, itself bears the directions "To be forwarded, as soon as teachers are employed, as per School Law Digest of 1876, Section xxxix, page 26." All Boards that have not forwarded their report are requested to do so immediately. It would be a great convenience for me to have them, and it is a great inconvenience not to have them.

Directors whose districts are in want of Teachers' Monthly Report-books, should notify me of the same immediately. I have a supply on hand, and in the absence of my visiting tour if advised of the schools in need of them, I will be glad to send them. W. R. BAKER, Co. Secy.

good companies, and we see no reason why the efforts of these young men should not be crowned with success.

The Reading Eagle goes poetical and sings: Put away the little torches, cover two the shield; Hats and caps hang in the collar, Politics is in the shade. Flage and banners tie a string to, to the shield; Give a rest to bands of music, You know how it is yourself.

Judge Dean has reason to be proud of the fact that the Supreme Court, in session at Pittsburgh, rendered decisions on Monday last sustaining his rulings in the following named cases, all of which were tried in this county: Joseph Bardin vs. Francis A. Gibbons; Wm. Flattery vs. Mary Flattery; John E. Holmes vs. Bernard McKee; Theodore Atkinson and others vs. St. Francis Academy, Loretto—Cambria Freeman.

REPUBLICANS JUBILATE! A Magnificent Demonstration! MUSIC, BANNERS AND TORCHES! HUNTINGDON A SEA OF FIRE!

In view of the glorious victory achieved by the Republicans at the late election, the members of the Iliac Club of this place deemed it meet that they should give a Grand Jubilee and Torch Light Parade on Friday night and the 15th of this month. The demonstration did not present itself until Thursday evening, consequently the committee had to make arrangements in a very short time in which to perfect its arrangements. In that short time, however, a number of transparencies were painted, music engaged and other minor details arranged. Early on Friday evening the members of the Club met at their headquarters in Yenter's Hall, where they were joined by hundreds of ardent Republicans anxious to join the victorious party in the last parade of the campaign. A committee was appointed to march to the Union Depot for the purpose of receiving the Altoona Express. It soon arrived and was at once marched to the Club room, where the procession quickly formed and took up its line of march over the previously laid out route, which embraced all the principal streets of the town. Along the entire route the houses of Republicans were brilliantly illuminated and handsomely decorated with bunting, which called forth cheer after cheer from the enthusiastic hundreds in line. This was one of the largest, most enthusiastic and respectable processions that has paraded our streets for a decade. Hundreds of citizens of all parties crowded the sidewalks to witness the last Republican parade for 1878, and all had to admit that it was a grand ending of one of the warmest contests known in Huntingdon county politics. After going over the advertised route the procession returned to the Diamond, where, after counter-marching several times, it was disbanded amid the victorious shouts of the "good men and true" who had battled for the right during the long and arduous campaign just closed.

At the close of the parade, loud bells were rung by P. M. Lytle, esq., that gentleman made his appearance, and in a brief speech, delivered in his happiest style, he kept the large crowd in the best of humor, and was frequently interrupted by the wildest applause when he made a telling hit on some of the local occurrences of the campaign. The music for the occasion was furnished by Judge Nell's Altoona Band and Gantz's Third Ward Band. There was also in line a "Cherryford County Fiddle" and a large circular saw, upon the latter of which a number of young Republicans made noise enough to have satisfied a band of Comanche braves. Gantz's Band did good service during the campaign, being always ready and willing, in season and out of season, to do what it could for the success of the party to which its members belong.

LEAVES AND FERNS.—HOW TO PRESERVE THEM AND NEW USES FOR THEM.—This is the season when autumn leaves are in order; when the yellow foliage of the hickory, the red brown of the oak and the crimson of the maples are gathered to give us their brightness in the coming dark days. It is rather late for ferns, though many people prefer to gather them in the place of leaves. They have touched them with white and brown, thinking both that they keep better and are prettier than, as combining more effectively with the leaves. Ferns and grasses mixed together are most effective. Window transparencies look well of delicate ferns with a few bright colored leaves. Ferns are simply pressed and dried between sheets of blotting paper or newspaper. Varnishing or waxing gives them a stiff paper which is utterly at variance with their simple beauty. The London Green recommends the use of lined blotting paper, which the leaves are laid on, and then drying by press. This, it says, preserves their freshness in a remarkable degree. Leaves may be treated in the same way; but the most satisfactory plan we have ever tried was ironing them with a moderately warm iron, the iron rubbed—not too thickly—with the end of a spermaceti candle.

Varnished leaves look well for lamprearies and any other uses high upon the wall—close to the eye the varnish gives them a stiff unnatural look. A pretty mode of using autumn leaves is in lamp shades. Cut the shades of proper shape and line with paper, with the leaves which have been previously dried and pressed, are arranged on it in a wreath, and fastened securely by glue. The wreath is then covered with very coarse net, and the edges bound with gilt or colored paper. The effect of the light shining through this shade is exceedingly pretty; and it is one of the cheap decorations which all persons possessed of a little taste and ordinary skillful fingers, may make for themselves.

In pressing leaves be careful not to mash them. A string tied under a large book will usually give pressure enough. Heretofore the leaves have been dried in a place of dry air—they are almost sure to mould and injure the paper. A pretty fernery will keep all winter may be made by pling mosses and wood ferns into an old platter. A partridge vine with its bright berries will add much to its beauty. A frame of brass tacked on around the outside of the platter makes it as pretty as a far more expensive vase, and all winter, if kept moist, your home-made fernery will develop new beauties every day.

Butterick & Co's Patterns, for November, just received at HENRY & CO'S.

LIVING TOO FAST.—Men are living too fast. Idleness and indulgence have begotten pride and discontent. The age is thirsty for luxury. The very paupers of our cities scorn the palmed garments and simple fare which once satisfied the well-to-do; the young clerk must live in a house about as luxuriously furnished as his employer's, though he steal money from his creditors, and that in fact he has actually declared to Esq. Brooks several days before the sale to Gleason, his heirs in bankruptcy, and his intention to give the County property from the grasp of his creditors. The jury was sent out on Tuesday afternoon, and court adjourned.

New York, March 1876. GILES & Co.—Gents: I have for more than one year prescribed your Liniment with the very best results. I have found it an application in inflammation of the lungs (pneumonia) or in pleurisy, or in the very best. It penetrates the tissues or parts rapidly. In case of irregularity of the heart's action depending on nervous irritation, it acts promptly. After being made acquainted with the combination of your Liniment, and seeing its action in so many other cases, I do not hesitate to recommend it both to the public and the profession. Yours truly, ROBERT S. NEWTON, M. D., 125 West 4th St. N. Y.

Sold by all druggists. Send for pamphlet, Da. Giles, 125 West Broadway, N. Y. Trial size 25 cents. For sale by John Read & Sons.

A full assortment of Butterick's Patterns on hand. November Patterns just received at HENRY & CO'S.

If you want Wedding Invitations—beautiful and cheap—go to the JOURNAL Store. If

COURT PROCEEDINGS.—Whether it is the result of the election, or some other cause, the fact is very apparent that the business of the Court of Quarter Sessions in Huntingdon county dwindles down to almost nothing about the middle of the month, and this month is no exception to the rule. Court opened on Monday morning as usual, and after the transaction of a little routine business, adjourned until 2 P. M. At the latter hour the grand jury was sworn and sent out to find bills of indictment. Of the four civil cases on this week's list, the first (Kennedy vs. Kyler) was discontinued; in the second case (Mary Pheasant vs. Samuel Pheasant's Exrs.) the defendant confessed judgment; the third (Mrs. Elmira M. Dougherty et al. vs. Wm. McCarthy) was continued by consent, and the last could not be tried on account of the absence of an important witness. The Court went on to the grand jury to hurry up. An hour passed by and no word from the grand jury. Judge Dean then figured up the expense to the county of holding court for fun and announced for the benefit of the District Attorney and the grand jury that it cost the county \$136 for the kitchen. The grand jury entered again—This time they brought in two bills of indictment. Cases No. 2 and 3. Commonwealth vs. Franklin Price, for the enormous crime of malicious mischief, to wit: digging up three pecks of potatoes without the consent of the owner; and Commonwealth vs. John V. Schmittel (F. and B. again). Franklin Price pleaded guilty and was sentenced to pay a fine of \$100 and go to the county jail for 30 days. Schmittel was fined \$100 and go to the county jail for 30 days. The grand jury returned a bill of indictment against the Rev. William Adams, of the Ohio State Works, Elm and George Streets, Cincinnati, O., and all information, and was cheerfully given them by mentioning our paper. [Nov. 2-21]

BOGUS CERTIFICATES.—It is no vile drugged stuff, pretending to be made of scientific articles, and is sufficient to keep up by long bogus certificates of pretended miraculous cures, but a simple, pure, effective medicine, made of well known valuable ingredients, and is the best medicine for the cure of all the diseases which it is claimed to cure. We refer to Hop Bitters, the purest and best of medicines. See "Truths" and "Provers," in another column. [Nov. 15-21]

Re-Opening a Thoroughfare. In order to guard against restless utterly subversive of health, it is absolutely essential that the thoroughfare or avenue of the system, the bowels, should be re-opened. Mr. George Jacob has a medicine which does exactly what is intended. If they are not the bile is misdirected into the blood; the liver becomes torpid; the bowels are clogged with mucus, and produce indigestion; headaches ensue, and other symptoms are produced, which a prolongation of the exciting cause only tends to aggravate. The agent of the Bowel Hosts is "Giorano Bruno and Galileo Galilei," which is biographical interest and also contributes a most instructive chapter to the early history of science. "The Age of the Sun and Earth," is another scientific paper of the highest interest. The "Principles of the Philosophy and Art" is a new and original work, and is fresh and varied in its record of scientific progress. In "The New Principles of Industry," Mr. George Jacob has a most interesting and valuable paper, which is a philosophical and practical sketch of the history of the human mind, and is a most valuable work. The "Plantin Museum at Antwerp," is a wonderful curiosity. Other articles are: "The Poetic Power of the Human Mind," "A Ballad of Heroes," "The Speaker of the House of Commons," "Our Country," (a poem); four chapters of Black's "Manual of the Human Mind," published by E. R. Bond, 25 Bond Street, New York.

I WISH EVERYBODY TO KNOW. Rev. George H. Thayer, an old citizen of this vicinity, known to every one as a most influential citizen, and Christian Minister of the M. E. Church, just at this moment has written to me to say, "I wish every body to know that I consider that both myself and wife owe our lives to your 'WATERBURY'S' for the cure of our chronic and dangerous disease, and in giving perfect satisfaction in all cases of Lung Disease, such as nothing else has done." Dr. WATERBURY'S FRANGE. Bourbon, Ind., May 16, 1878. Sold by all druggists.

NO DECEPTION USED. It is strange so many people will continue to suffer day after day with Dyspepsia, Headache, Constipation, Sour Stomach, General Debility when they can procure, at our store, SHILOH'S VEGETABLE COMPOUND, which cures or relieves them. 75 cts. Sold by all druggists.

For Lame Back, Side or Chest, use SHILOH'S PAIN EXPELLER. Price, 25 cts. Sold by all druggists. [Jan. 1878-6m. nov.]

CONSUMPTION CURED. An old physician, retired from practice, having been cured of his own consumption by the use of a simple vegetable remedy, offers the formula of a simple vegetable remedy, for the speedy and permanent cure for consumption, Cough, Sore Throat, Asthma, and all the pulmonary affections, also a positive and radical cure for nervous debility and all nervous complaints, and has been tested in his own practice, and cured in thousands of cases, has felt it his duty to make it known to his suffering fellow-men. Actuated by this motive, and a desire to relieve human suffering, I will send, free of charge, to all who desire it, this receipt, with full directions for preparing and using it, in German, French, and English, sent by mail by addressing with stamp, naming this paper, W. W. Sherar, 149 Powers' Block, Rochester, N. Y.

HUNTINGDON MARKETS. Corrected Weekly by Henry & Co. Wholesale Prices. HUNTINGDON, PA., November 14, 1878. WANTED.—200 Cords Prime New Bark, for which we will pay the highest market price in CASH or goods, at lowest CONSIGNMENT. HENRY & CO. Oct. 18-1y.

Hiram Johnston, esq., is blasting stone for the penitentiary and Montgomery has a splendid stock of clothing which he is selling cheap for cash. Nov. 8-31.

Montgomery has a splendid assortment of Overcoats, underclothing for men and boys, hats, caps, trunks, satchels, etc., all cheap for cash. Nov. 8-31.

Go to Montgomery for suits made to order. He has the finest line of samples outside of Philadelphia. Nov. 8-31.

LITERARY NOTES.—Harp's Magazine for December opens with four old Christmas poems; by Ben Johnson, George Withers, S. T. Coleridge, and Elias Fletcher. The Christmas tales, the Shepherds, and the Madonna in the Stable. "England's Great University," contributed by M. D. Conway, gives a satisfactory comprehensive view of the various colleges of the country, and the history of the movement of the professors, and the work accomplished by the University in promoting scholarship in England and America. The most interesting paper in the Number—An Illustration of the "Red River Colony" by the Rev. Terry Cooke, the author of "Cal Culver and the Devil," in the October Harper. The illustrations are as humorous as the letters.

The thrilling adventures of the "Red River Colony" belong to the early pioneer history of the West, and is a most interesting and valuable work. The illustrations are as humorous as the letters.

Lovers of music have a rare treat given to them in the beautiful paper on Mendelssohn and Moscheles, covering a remarkably interesting era in the progress of music in England and America. The paper contains finely engraved portraits of Mendelssohn, Moscheles, Handel, Von Weber, and the Thales. The Thales, by Hermann, Beethoven, and Mozart.

An illustrated paper by Charles Barnard describes the life of Hiram Johnston, the author of "Cal Culver and the Devil," in the October Harper. The illustrations are as humorous as the letters.

The Thales, by Hermann, Beethoven, and Mozart. An illustrated paper by Charles Barnard describes the life of Hiram Johnston, the author of "Cal Culver and the Devil," in the October Harper. The illustrations are as humorous as the letters.

A GOOD INCOME FOR SOME ENERGETIC INDIVIDUAL.—The Ohio Scale Works, of Cleveland, Ohio, are now introducing to the public, under the title of the UNIVERSAL FAMILY SCALE, an article that has always been needed in every household, and in a communication addressed to the publishers of this paper, the proprietors ask us to refer them to some reliable party in this county, who will introduce the article to the people of this county. It is a very solid and a new article steps so suddenly into universal favor. Housekeepers are loud in their praise of it, and it is being introduced to the people of this county. It is a very solid and a new article steps so suddenly into universal favor. Housekeepers are loud in their praise of it, and it is being introduced to the people of this county. It is a very solid and a new article steps so suddenly into universal favor. Housekeepers are loud in their praise of it, and it is being introduced to the people of this county.

The Editorial Record—including a fuller Literary Record than usual—up to their usual standard, it made not be overlooked, in any proper notice of this Magazine, that whatever the variety and interest of any Number, there is an additional element of peculiar value in the always timely and admirable contributions making up the "Editor's Easy Chair."

Peter's Magazine for December more than maintains its unrivalled character. There are two beautiful steel engravings. One is a superb steel fashion-plate, the latter exquisitely colored. In addition, there is a magnificent Berlin pattern, in worked-up printed in colors, which at retail, cost fifty cents; this is presented to the subscribers of "Peter's" as a Christmas gift. A charming story, "Mr. Hillion," is as charmingly illustrated. The number contains a Supplement with a full-sized pattern, for a winter palette, the pattern alone being worth more than the price of the number. All these costly embellishments are afforded by the enormous circulation of "Peter's," which is the largest of any magazine published in the United States. It is a most valuable work, and is a most valuable work.

The Eclectic Magazine for November contains two beautiful steel engravings. One is a superb steel fashion-plate, the latter exquisitely colored. In addition, there is a magnificent Berlin pattern, in worked-up printed in colors, which at retail, cost fifty cents; this is presented to the subscribers of "Peter's" as a Christmas gift. In addition, there is a magnificent Berlin pattern, in worked-up printed in colors, which at retail, cost fifty cents; this is presented to the subscribers of "Peter's" as a Christmas gift. A charming story, "Mr. Hillion," is as charmingly illustrated. The number contains a Supplement with a full-sized pattern, for a winter palette, the pattern alone being worth more than the price of the number. All these costly embellishments are afforded by the enormous circulation of "Peter's," which is the largest of any magazine published in the United States. It is a most valuable work, and is a most valuable work.

The Eclectic Magazine for November contains two beautiful steel engravings. One is a superb steel fashion-plate, the latter exquisitely colored. In addition, there is a magnificent Berlin pattern, in worked-up printed in colors, which at retail, cost fifty cents; this is presented to the subscribers of "Peter's" as a Christmas gift.
