periments—often costly and some times fruitless—which are beyond thperiments—often costly and some times fruitless—which are beyond themeans of private individuals, and are a just and proper charge on the whole nation for the benefit of the nation. It is good policy, especially in times of depression and uncertainty in other business pursuits, with a vast area of uncultivated, and hence unproductive territory, wisely opened to homestead settlement, to encourage, by every proper and legitimate means, the occupation and tillage of the soil. The efforts of the department of agriculture to stimulate old and introduce new agricultural industries, to improve the quality and increase the quantity of our products, to determine the value of old or establish the importance of new methods of culture, are worthy of your careful and the products of the department of the products of the department of agriculture to stimulate old and introduce new agricultural industries, to determine the value of old or establish the importance of new methods of culture, are worthy of your careful and the products of the department of the products of the department of agriculture to stimulate old and introduce new agricultural industries, to determine the value of old or establish the importance of new methods of culture, are worthy of your careful and the products of the department of the products of the department of the products of the department of agriculture to stimulate old and introduce new agricultural industries, to determine the value of old or establish the importance of new methods of culture, are worthy of your careful and assistance.

Total ordinary revenues, from all sources, for the dedinary revenues, from the anils once, for the culture, and lands.

The Treasury.

Secretary Sherman, in his annual report, says the ordinary revenues, from the anils once, for the culture, are more of the definition and the company of the culture of the products of the culture of the prod culture, are worthy of your careful and favorable consideration and assistance favorable consideration and assistance by such appropriations of money and enlargement of facilities as may seem to be demanded by the present favorable conditions for the growth and rapid development of this important interest.

MISCELLANEOUS.

The abuse of animals in transit is widely attracting public attention. A national convention of societies specially interested in the subject has recently met at Baltimore, and the facts developed to the subject has recently met at Baltimore, and the facts developed to the subject has recently met at Baltimore, and the facts developed to the subject has recently met at Baltimore, and the facts developed to the subject has recently met at Baltimore, and the facts developed to the subject has recently met at Baltimore, and the facts developed to the subject has recently met at Baltimore, and the facts developed to the subject has recently met at Baltimore, and the facts developed to the subject has recently met at Baltimore, and the facts developed to the subject has recently met at Baltimore, and the facts developed to the subject has recently met at Baltimore, and the facts developed to the subject has recently met at Baltimore, and the facts developed to the subject has recently met at Baltimore, and the facts developed to the subject has recently met at Baltimore, and the facts developed to the subject has recently met at Baltimore, and the facts developed to the subject has recently met at Baltimore, and the facts developed to the subject has recently met at Baltimore, and the facts developed to the subject has recently met at Baltimore, and the facts developed to the subject has recently met at Baltimore, and the facts developed to the subject has recently met at Baltimore, and the facts developed to the subject has recently met at Baltimore, and the facts developed to the subject has recently met at Baltimore, and the facts developed to the subject has recently met at Baltimore, and the facts developed to the subject has recently met at Baltimore, and the facts dev

oped, both in regard to cruelties to animals and the effect of such cruelties upon the public health, would seem to demand the careful consideration of Congress, and the enactment of more Congress, and the enactment of more efficient laws for the prevention of these

may be more fully ascertained.

R. B. HAYES. EXECUTIVE MANSION, Dec 2, 1878.

Almost every town has a certain number of men who impress one with the idea that they would like to build a high fence around the place, leaving but one gate. Then they would like to stand at the gate with a club and knock down any and every stranger who might seek admittance, especially if the stranger proposed to benefit the town in any
