W. FRANK BAILEY, Esq., late editor of the Baltimore Herald, has accepted a similar position on the Mauch Chunk Democrat.

BOTH houses of the legislature adjourn on Friday next Wednesday to give the law-makers a chance to exercise the rights of freemen at Tuesday's elections.

THE Senate has unanimously confirmed ex-Gov. Hartranft as postmaster at Philadelphia, but up to this time that gentleman has not signified his intention of accepting the position.

THE NAME of ex-Gov. Hartranft is favorably mentioned in connection with the sheriffship of Philadelphia. As far as holding office is concerned Hartranft seems to have been born under a lucky star.

HON. A. C. BURCHARD, of Illinois, was on Friday last nominated for Director of the Mint vice Dr. Linderman. The place had been tendered A. Loudon Snowden, of Philadelphia, who, for some reason best known to himself, refused to accept.

ON Friday last, for the first time in the history of the country, the United States Senate was presided over by a colored man. Senator Bruce, of Mississippi, was called to the chair and presided the greater part of the afternoon of that day.

SENATOR WALLACE has been chosen chairman of the Resident Democratic Congressional Committee at Washington to take charge of the preliminary operations of the campaign of 1880. How will this suit the Pittsburgh Post and other anti-Wallace papers?

THE bill making an appropriation of \$20,850,000 for the payment of arrears of pensions passed the House on Monday by a two-third vote. In the passage of the bill fifty Southern and four Northern Democrats and one Republican, Bradgon, of North Carolina, voted against it.

THE Soldiers' Orphans' Home, near Xenia, O., was totally destroyed by fire, at 6 o'clock on Sunday morning. It contained about six hundred orphan children who had just finished breakfast when the flames were discovered. The loss to the State will foot up \$75,000, with no insurance.

THE two Houses of the Michigan legislature met on Tuesday last and elected Hon. Zachariah Chandler United States Senator to fill the unexpired term of Senator Christianity. The vote stood as follows: Zaek, Chandler, Rep. 83; O. M. Barnes, Dem. 22; Henry Chamberlain, Greenback, 18.

H. C. CHISHOLM, a son of Dr. Chisholm, who was brutally murdered by a Mississippi mob, for his political opinions, in the Spring of 1877, has been appointed a messenger in the Executive Department by Gov. Hoyt. The widow of the murdered man has a clerkship in the Treasury Department at Washington.

A. A. GRASE, editor of the Scranton Daily Times, who was sued for libel by W. W. Seranton, was convicted on Saturday last and mulcted in \$1,000 damages. During the riots in Scranton in 1877, a body of vigilantes was led by Mr. Seranton against the rioters, during which three men were killed. The Times called Seranton a murderer, and a jury made him pay \$1,000 for the fun of the thing.

GENERAL BUTLER significantly remarked yesterday that, if the Confederate soldier who was not wounded could have a place in the Cabinet, he did not see why a Confederate soldier who was wounded could not have a pension; and, he added, still more significantly, that the time might come when he would favor the pensioning of Confederate soldiers. General Butler, on a platform of unlimited greenbacks and pensions for Rebel soldiers, would make a powerful Presidential candidate in the South. So that the time may come, sure enough; but the pensions won't, or the Presidency, either.—N. Y. Tribune, Saturday.

PRESIDENT GOWEN, of the Philadelphia and Reading Railroad, has published a letter exposing the secrets of the organization known as the "Knights of Labor," which has had an existence in Schuylkill county for a year or more. He says a general miners' strike was ordered by the society to take place February 16, i. case the men were not paid their wages by that time, but a postponement was ordered until the 20th, by which time all will be paid. He gives the names of a committee called McMulley's gang, appointed and organized for the purpose of burning coal breakers and other property in case of a strike, and gives other details of the organization. The publication of the letter has created a sensation only second to the exposure of the murderous Mollie Maguire society.

HON. ZACH CHANDLER, who was on Monday last elected to the United States Senate from Michigan, in his speech to the caucus which nominated him, declared that the South was sold for reparation, and for millions of claims, and was kept solid by murder, outrage, shotguns and whips. Congress, with a Democratic majority, is a rebel Congress, he says, because the caucus rules and the rebels control the caucus. For 1880, he seems to have decided that one of three candidates will lead the Republicans, he says: "I predict, my fellow citizens, that, whether you nominate your own standard bearer in 1880 the man whom they didn't love and did hate, and yet dear to the United States—Grant; or whether you nominate that gallant standard bearer, Blaine, of Maine; or whether you nominate John Sherman, the present Secretary of the Treasury, that you and I will march shoulder to shoulder to rescue from the grasp of the rebel generals and rebel brigadiers the capital of the Nation."

THE CHINESE BILL PASSED.

The bill restricting Chinese immigration to 15 on each arriving vessel, passed the Senate on Saturday by a vote of 39 to 27. Of the year 18 were Republicans and 21 Democrats; of the yeas, 17 were Republicans and 9 Democrats and 1 Independent. Both the Pennsylvania Senators voted in the affirmative.

It was sought to amend the measure so as to give the diplomatic departments of the two Governments time to negotiate a new treaty, or remove the objectionable features of the present treaty by the ordinary methods; but this did not suit the gentleman in charge of the bill, and the amendment was lost. The same fate was met by an amendment releasing China from her obligations under the treaty, in view of the fact that the United States proposes without notice to annul the parts which do not suit her.

By the passage of this bill Congress has decided to violate its treaty obligations with China, and in the language of the Lancaster Examiner and Express nothing stands between the nation and dishonor but the President's veto. After forgoing the far away Empire a treaty giving the two countries reciprocal rights and privileges, we violate our part of the mutual agreement, at the bidding of the Sand Lot orators of the Pacific coast—in whose interests, by the way, the treaty was originally made.

By the terms of the Burlingame treaty, "the United States of America and the Emperor of China cordially recognize the inherent and inalienable right of man to change his home and allegiance, and also the mutual advantage of the free migration and emigration of their citizens and subjects respectively, from the one country to the other, for purposes of curiosity, for trade or as permanent residents." It was against Chinese prejudices and tradition, but the Emperor agreed to this establishment of close relations with us. There is no complaint, we believe, that he has not faithfully executed his part of the compact. But we break ours and laugh at China, who is not likely to attempt any violent expression of her displeasure. The Senate rejected the compromise measure urged by the President to give notice at once to the Emperor of China that the "immigration of Chinese to this country is pernicious," and to promise such changes in the treaty as would remedy the evil, the new treaty to be reported next January; and in case the Chinese Government refuse to change the treaty then this request was to be deemed notice of the abrogation of the objectionable clauses. The vote on this amendment stood yeas 31, nays 33, which is the most favorable count the opponents of the bill secured. There is no party significance attaching to the record on this subject—Republicans and Democrats voting for and against the bill. But it will be a peculiarly bright feather in the President's cap if he shall exercise his veto prerogative on the side of the Declaration of Independence and the enlightened progressive spirit of the Nineteenth Century.

OUR FOUR PER CENTS—At the beginning of the year Secretary Sherman said that he would be well satisfied if the sale of four per cent. bonds should average \$2,000,000 a day. This would enable him to take up \$10,000,000 of six per cent. bonds each week, and during the year he would be able to refund the whole of the 1867 series. The experience of the past month has shown that Mr. Sherman greatly underestimated the ability of the people of the United States to loan money to the Government. The sale of four per cent. bonds have averaged \$6,000,000 per day, and at this rate the bonds that remain of the issue of 1867 (\$509,606,800) will be refunded within the next ninety days. When these are got out of the way, the other bonds available for refunding are the four-forties of 1864 (\$194,556,300); Consols of 1865 (\$26,085,550); and Consols of 1868 (\$37,465,300). The ten-forties have been redeemable since March 1st, 1874, but will not be due till March 1st, 1904. The Consols of 1865 have been redeemable since July 1st, 1870, and the Consols of 1868 since July 1st, 1873. When the above mentioned bonds are taken up, no others will be redeemable before 1881. If the funding operations continue at the present rate, all of the bonds that can be called in before 1881 will be redeemed within the present year.—Philadelphia Press.

In the picture the New York Herald prints is a truthful one, Brazil must be in a deplorable condition. For an entire year drought, pestilence, and famine have been raging. For two hundred years such suffering has not been experienced; half a million people have been swept away by starvation and disease. Small-pox and black plague have carried off their victims in appalling numbers, and thousands of bodies are rotting in open trenches. At Lagoa Funds thousands of other corpses have been torn and devoured by wild animals. The starving peasants eat their own offspring. In some places, including the city of Ceara, the country has been depopulated. There have been terrible struggles for life by children abandoned and young souls sold for bread. Thousands of living skeletons to be seen.

A WASHINGTON special says it appears from a further examination into the details of the approximate amount required for the payment of the arrears of pensions that the sum so largely exceeds the original estimates that the Committee on Appropriations are loth to make an appropriation for the payment of these amounts until after further deliberation has been had on this measure. It seems that since the passage of the bill an immense number of new claims for pensions have been filed at the Department. These, with the cases already adjudicated which came under the provisions of the regular appropriation, will require a sum far beyond the original estimates submitted by the Commissioner of Pensions. Since the above was put in type the pension appropriation bill has been passed.

WE ARE indebted to Edw. S. Wright, Esq., Warden of the Western Penitentiary, for a copy of the fifty-second Annual Report of the Inspectors of that institution.

Soldiers' Orphans.

EMPLOYMENT WANTED FOR THOSE LEAVING SCHOOL.

The following appeal by the Committee having in charge the Soldiers' Orphans of this State is made, that the public may take an interest in their welfare at this critical period of their lives: HEADQUARTERS POST NO. 2, G. A. R., SPRING GARDEN HALL, 13TH AND SPRING GARDEN STS., PHILADELPHIA. Mr. Editor: There is no doubt about it, Pennsylvania is doing her duty nobly to the Soldiers' Orphans; but there remains an individual duty in connection therewith. The act of Assembly says these Orphans must leave the schools at the age of sixteen years, and during the present year four hundred and seven will be turned adrift. This is the most critical part of their lives, and just at this point the Grand Army desires to throw around them safe guards.

The boys desire to learn trades, be clerks, salesmen, cashiers, farmers, etc., and the girls are willing and able to fill positions as teachers, salesladies, cashiers, etc. People need not hesitate about taking these sixteeners into their families and confidence, for they represent the best blood of the land, and possess all the elements necessary to constitute worthy and valuable citizens. They have received a good common-school education, having been well trained under rigid discipline, and are, therefore, fully competent to fill any ordinary position.

The Grand Army of the Republic have obligated themselves to take the place of parents to these unfortunate children, so far as it is possible, and consequently are particularly anxious to have good and suitable positions secured for those leaving school. Printed lists of "sixteeners" leaving school during the present year, giving the locality of each school, names of principals, names of the children, date of discharge, etc., will be furnished those who wish them. Parties desiring to give employment to one or more of these Orphans may address any member of the committee: Respectfully yours, Samuel R. Rastell, Chairman, No. 1912 Van Pelt Street, James L. Selfridge, Secretary, Chestnut Street, below Sixth, James C. Lynch, Treasurer, No. 616 South Ninth Street, C. H. Barnes, No. 2012 Spring Garden Street.

Moses Vale, No. 402 Walnut Street, J. T. Owens, Sixth and Walnut Sts., F. E. Merchant, No. 213 South Sixth Street, J. M. Adams, No. 1212 Chestnut Street, Joseph M. Horton, No. 607 Chestnut Street, Addison H. Bark, No. 1024 Brown Street.

SHREWDNESS AND ABILITY—Hop Bitters are advertised in all the papers, secular and religious, are having a large sale, and are supplanting all other medicines. There is no denying the virtues of the Hop Bitters, and the proprietors of these Bitters have shown great shrewdness and ability in compounding a Bitters, whose virtues are so palpable to every one's observation.—Ez. Feb. 21-2t.

Our Tenure of Life Depends in great measure upon our regard for or neglect of the laws of health. If we violate them we cannot expect to "make old bones." It is the span of existence that depends on a naturally delicate constitution, or one which has been shaken by disease may be materially lengthened, is a fact of which we have daily proof. The vitality and restorative influence of Hostetter's Stomach Bitters upon a failing physique affords a striking illustration of the power of judicious medicine and proper diet to hold on life. Restored appetite, complete assimilation, renewed appetite, sound repose, these are among the benefits conferred upon the system by the use of a frame impoverished, and a nervous system tranquilized, the invalid, after a course of the Bitters, finds his life hereafter is no longer precarious; the time that it was that he may yet enjoy a "green old age."—[Feb. 7-1m.]

E. F. Kunkel's Bitter Wine of Iron. This truly valuable tonic has been so thoroughly tested by all classes of the community that it is now deemed indispensable as a Tonic medicine. It costs but little, purifies the blood and gives tone to the stomach, restores the system and prolongs life. Everybody should have it. For the cure of Weak Stomachs, General Debility, Indigestion, Diseases of the Stomach, and for all cases requiring a tonic.—[Feb. 7-1m.]

Do you want something to strengthen you? Do you want a good appetite? Do you want to get rid of nervousness? Do you want energy? Do you want to sleep well? Do you want to build up your constitution? Do you want to feel well? Do you want a brisk and vigorous feeling? If you do try KUNKEL'S BITTER WINE OF IRON. Beware of counterfeiters, as Kunkel's Bitter Wine of Iron is the only safe and effective remedy in the known world for the permanent cure of Debility and Delicacy. It is a number of imitations offered to the public, I would caution the community to purchase none but the genuine, and to be distinguished by E. F. Kunkel, and having his stamp on the cork of every bottle. The very fact that others are attempting to imitate this valuable remedy proves its worth and its value in its favor. Get the genuine. E. F. Kunkel's. Sold only in \$1 bottles. Sold by Druggists and dealers everywhere. E. F. Kunkel, Proprietor, 259 North Ninth Street, Philadelphia, Pa.
