Republican National Convention.

A National Convention of the Republican party will meet at Chicago on Wednesday, the second day of June next, at 12 o'clock noon, for the nomination of candidates to be supported for President and Vice President at the next election. Republicans and all who will co-operate with them in supporting the nominees of the party are invited to choose two delegates from each Congressional district, four at large from each State, two from each territory, and two from the Dist 'ct of Columbia, to represent them in the Convention.

J. D. CAMERON, Chairman.

THOMAS J. KEOGH, Secretary.

SOME one asserts that it was Bishop Simpson who suggested Sherman's march to the sea.

THE Democratic house of the Maryland Legislature has directed the Committee on Education to report a bill abolishing the State Normal School.

BY order of Secretary Schurtz, Indian Commissioner Hayt, who has been for a long time suspected of crookedness, has been removed from office.

THE Commissioners of Fairmount Park, Philadelphia, have agreed to recall their order for the removal of the Permanent Exhibition building, providing the management raise $100,000 within six months.

AFTER a trial of three weeks, in the Allegheny county Courts, Samuel McLain has been found guilty of murder in the second degree, for the killing of little Sammy Hunter at Braddocks, on the 5th day of last March.

THE Maine farce has ended In both branches of the legislature the legally elected Fusionists have come forward, been qualified and taken their seats. In the Senate seven of them have been seated, and in the House, twenty-two.

Mrs. Harry J. Phillips, the wife of a prominent politician and ex member of the Legislature, committed suicide at Scranton, on Friday night, by drinking an ounce of laudanum and an ounce of chlorodine. Before taking the fatal dose she fitted up her chamber like a bridal parlor.

THE *London Times* of the 15th ult., gives the following item of political news from the United States: "Mr Garfield has been elected to succeed the late Mr. Thurman as Senator from Ohio." *The Times* might have added that the deceased Senator came to his end by a sudden and untimely attack of soft money.

WE are going to prune our subscription list until the name of every "dead head" is cut off of it. The accounts of all such are now in the hands of our attorney, who will extend the time of payment until the first day of March, after which time suit will be brought in every case. Only those who pay can have the JOURNAL sent to their address. tf,

ANOTHER Philadelphia rough, Thomas J. Ryan, who was Bill M'Mullin's right-bower in assisting to break up the Democratic convention in that city at the point of the pistol, has gone through the Courts unscathed. In the case of M'Mullin and this bruiser—both of whom were guilty of the charges against them—there were some square toed lies sworn to.

THE Newport *News* has passed into the hands of Messrs. Cook & Fry, they having purchased the interest of Mr. J. C Barret in the concern. Our friend Fry has been doing the brain work on the paper for some years past, and he did it well.—The new firm promises to dress the paper in a new suit in the course of a week or two. We wish them all the success imaginable.

THE public debt statement of February 1, shows a gratifying reduction in the amount since the first of January. At that time the total debt, including principal and accrued interest, less cash in the treasury, was $2,011,798,504, while on February 1, it was $2,000,785,240, showing a decrease of $11,014,263. Since June, 1879, there has been a decrease of $26,423,015. The amount of cash in the Treasury on February 1 was $203,142,268.

GEN. H. V BOYNTON, Washington correspondent of the Cincinnati *Gazette*, has preferred charges before Secretary of War Ramsey against Gen. Sherman, for conduct "unbecoming an officer and a gentleman." These gentlemen, it seems, have been bad friends for some time, and Gen. Sherman denounced Boyton as a liar and slanderer, saying "that for a price he could be hired to slander his own mother" And now Boynton brings charges of libel against Gen. Sherman.

AN OLD man named Lewis died in New York, about three years ago, possessed of about $1,800,000, all of which he bequeathed to the U. S. Government for the purpose of assisting to liquidate the national debt. A conspiracy was at once formed to cheat the Government, and a bogus widow came to the fore and claimed her share of this large sum of money. She was shown to be an imposter, and on Saturday last she and her accomplices were arrested and imprisoned.

THAT pious fraud and human hyena, Rev. Edward Crowley, who had charge of the Shepherd's Fold in New York, where little orphan children are starved and beaten like brutes, was, on Saturday, indicted and imprisoned for trial. Twenty-five indictments have been found against this human monster, and it convicted before the Courts, as we have no doubt he will be, he should be confined in some solitary prison cell the balance of his life. The testimony of the injured children stamps him a brute.

THE CONVENTION AND PLATFORM.

The Republican State Convention assembled in the Opera House, at Harrisburg at noon, on Wednesday, and was presided over by A. G Olmsted, of Potter, as permanent chairman. We delay the JOURNAL this morning to notice briefly its doings and to give the platform. John A Lemon, of Blair county was nominated for Auditor General on the first ballot by a vote of 158 to 93 votes for J. A. M. Passmore. Hon. Henry Green, of Easton, was nominated for Supreme Judge by acclamation.

When the resolution instructing for Grant, and requesting that the delegation to the National Convention vote as a unit, was offered, the wildest excitement prevailed, and it was received by groans and hisses by the Blaine element of the convention. But the friends of Grant succeeded in passing it by a vote of 133 to 113. Such men as Gen Koontz, Gen Albright, John Stewart, of Franklin, and Wolfe, of Union, opposed the passage of the resolution and championed the cause of "the man from Maine." A committee of nine was appointed to select delegates and alternates to the National Convention, and Presidential Electors. For our district, J. G. Isenberg and B F. Wagonseller were chosen as delegates, J W Mattern and W. C. Pomroy, alternates, and Geo. B. Weistling elector.

The following is the platform:

Resolved, 1. That rejoicing, as we do, over the steady growth of the national prosperity, which began in 1876 with the change of the balance of trade in our favor, and over the successful resumption and maintenance of specie payments, we may reasonably claim the financial soundness and prosperity of the country as the natural result of th financial policy we, as a party, have sustained.

2. The resumption of specie payments having been accomplished, at the time appointed by law, and the finances of the country being in a thoroughly healthy condition, we regard it as unwise to engage in any new attempts at financial legislation. The country is prosperous under our financial system as it is, and we know of no good reason why that system should be now disturbed.

3. The presistent efforts of the free traders to destroy our tariff, piecemeal, by legislation to repeal the duties on special articles, admonish us of the necessity of adhereing more strongly than ever to the tariff policy of the past twenty years, which has built up our grand system of manufactures, fostered the revenues of the government and promoted our national prosperity. The business of the country will not bear this tinkering of the tariff; and if any revision of that tariff is to be made at all, it should be done through a commission of capable men, after a patient and thorough hearing of all parties to the interests involved.

4. We object most decidedly to all attempts to enact a new tariff through the agency of commercial treaties. A treaty framed, negotiated, discussed and ratified in secret, is not a proper method of regulating the revenues of the government.

5. In view of recent events in congress and in the southern states, and latter y in the state of Maine, we deem this a fitting opportunity to re affirm our adherence to the follow ng principles, viz:

I. The union of the states—with equal rights—indestructable by any constitutional means.

II. Protection to the person, liberty and property of the citizen of the United States, in each and every portion of our common country, wherever he may choose to move, demanding of him only obedience to the laws and proper respect for the rights of others.

III. Strict integrity in fulfilling all our obligations, state or national.

IV. The perfect security of free thought, free speech and a free press, and of equal rights and privileges to all men, everywhere, irrespective of nationality, color or religion.

V A pure and free ballot, thoroughly protected, so that every man entitled to cast a vote may do so, just once, at each election, without fear of molestation, moral or physical, on account of his political faith, nativity, or the hue of his skin.

VI. Honesty in elections The people having the virtue and the patriotism to govern themselves, our government must depend for its stability upon honest elections. Until a man is considered infamous who casts an illegal vote, our government will not be safe, and whoever deprives a citizen of his right to vote, is a traitor to our government.

VII. An honest count of all votes legally cast, and an honest return of whoever is elected, free from all attempts to defraud the people of their choice through technicalities or by any arbitrary rejection of their votes.

6. We extend to the republicans of Maine our congratulations over the peaceful and successful resistance to an effort to defraud the people of that state of the right to choose their own representatives, and to the attempt to steal the government of that state. Our republican form of government will be a signal failure when any political party can succeed in defying the public will as shown by the people at the ballot box.

7. We deeply regret the growing tendency to throw elections aside on mere technicalities and informalities. The right of the people to choose their public servants is too sacred to be subverted upon any pretext that the returns of election are deficient in some trivial matters of form.

8. We thank our senator and representatives at Washington, in the last congress and in this, for their firm adhesion to republican principles and policy, and for their opposition to democratic schemes to renew the obsolete doctrine of state rights, and to cripple the government by withholding needed appropriations in order to coerce legislation repealing all national laws that protect the purity of the ballot box.

Resolved, That the chairman of the republican state committee is hereby instructed and required to carefully examine whether any person to-day placed on the electoral ticket be legally disqualified, from any cause, from serving as an elector; and, in case any such legal disability be found, the state committee shall substitute another name from the same congressional district.

ANOTHER NEW PAPER.—The *Juniata Herald* is the name of a new candidate for public favor just started at Mifflintown, Juniata county, by our old-time friend, Wm. M. Allison, esq., the first number of which reached us on Wednesday evening. The paper is a quarto, seven columns to the page, and its typographical appearance gives evidence that a skilled workman is in charge of its mechanical department, whilst its editorial and local columns show that no novice in the business occupies the editorial chair. The paper is Republican in politics, and Col. Allison being an editor of large experience will make its presence felt in little Juniata. We welcome our old friend back to the fraternity and hope that he has struck a bonanza.

DURING a debate in the House of Representatives, on Friday last, upon a bill to remove political disabilities, Speaker Randall said that he was "always on the side of pensioners and relieving disabilities." Mr Conger reminded Mr. Randall that those who asked pensions and those who asked amnesty were hardly in the same class, when Speaker Randall promptly replied that he '*would admit them all to full citizenship, and those who had suffered he would have pensioned.*" There it is in plain Anglo Saxon, from the mouth of the Democratic Speaker of a Democratic Congress, that he is in favor of pensioning *all* who suffered, whether North or South of Mason and Dixon's Line.

PETITIONS are rolling into Congress, some of them containing thousands of names, in favor of the passage of the Weaver equalizing pension bill, but in most cases the signatures are all forgeries. Senator Cameron presented one of these petitions a few days ago, and in doing so he made the startling announcement that he believed every one of the names to be forgeries It is about time that this thing was stopped. The Weaver bill is a nonsensical move, and can only be bolstered up by the friends of the measure resorting to forgery.

THE popular *American Agriculturist* and the JOURNAL, "the handsomest and best paper in the county," one year for only $3 00. The money, in every case, to accompany the order. This is a rare chance. tf.
