At the Conference last week, Rev. S. C. Sealow, W. E. Evans, J. C. Clarke, Dr. S. M. Jones and F. E. Jones were elected delegates to the general conference at Cincinnati, and Revs. Dr. Thompson Mitchell and John J. Pease as alternates.

Cambria county is to have a new Court House. The new structure will be of stone, and work will be commenced at once. It is more than likely that it will be a fine addition to the Court House of Justice, as the Commissioners have been viewing that structure.

Dr. Hugh Pictair, one of the owners of the Altoona Tribune, was elected one of the two local delegates to General Conference which meets in Cincinnati, May 1st, 1880, at the late session of the Pennsylvania Central Conference. The other one is Mr. G. M. Snop, of Hollidaysburg.

The strike among the miners in the Clearfield coal region, which was inaugurated some time ago, has terminated, at least for the moment, excepting about thirty, being out of the mines. The indications for an early settlement of the difficulty is not very flattering, as both miners and operators seem determined not to yield to each other.

There will be a temperance sermon preached in the Presbyterian church on Sunday evening next, by Rev. Cyrus Rightmeyer, and every evening during the week there will be temperance services held in Penn Street Hall. These meetings will be held under the auspices of the Good Templars of this place.

One of a party of street Arabs, who were indulging in a snow-balling match in front of the residence of Dr. Jackson, on Penn street, on Saturday afternoon, succeeded in throwing a ball through a large pane of glass in the office window of that gentleman. The snow scamp, as soon as he discovered the mischief he had done, went up street like a quarter horse.

"Golden Days," a high-toned literary paper for boys and girls, can be had every Tuesday at the Germania Store, at a cent per copy. It is a first-class publication in every particular.

From the State Auditor General's Report for 1879, we learn that Huntingdon County paid into the State Treasury, during the year, \$11,647.75, and received from it in diverse ways, \$47,938.13. Of the latter amount \$35,000 was for the erection of buildings and expenses of Commission to select a site for a Middle Pennsylvania Normal School at Altoona. The cost of the buildings was \$47,938.13.

A few weeks ago we published a short article in the JOURNAL, arguing the erection of a letter-box at the depot for the convenience of those of our citizens who had letters to mail after the closing of the office. We were happy to say this week that the article had the desired effect, and that the Postoffice Department had caused a box to be put up at the depot, which will be in its place in a short time.

We understand that our next door neighbor, Geo. A. Port, esq., the wide-awake Fifth street dealer in all kinds of goods, is about to build a handsome residence for himself and family on the corner of Seventh and Church streets, during the coming season.

Mr. Port has had considerable experience in building when he undertakes to build a residence for himself; you can bet your bottom dollar that it will be a handsome one.

In the list of appointments made by the Central Conference, at Altoona, Pa., Tuesday last, we find the following names of Reverend gentlemen who at one time filled the Methodist pulpit in this place, and the appointments had just received from the conference: Presiding Elder, Harrisburg District, A. M. Baritz, Milton; M. K. Foster, Lewisburg; J. S. McMurtry, Smithton; B. H. Hamlin, Altoona; J. H. Ewing, Tyrone; and R. W. Wilson, Woodland. Rev. G. D. Peinpaeker remains at Ridge Avenue, Harrisburg, and G. Geyer, at Logan's Valley.

WRECK.—About ten minutes after 6 o'clock, Tuesday evening, March 18, 1880, the Central Road, was arriving a coal train on the top track from the Mt. Union. As it neared the foot of Fifth street, a rail gave way, causing the engine to jump the track and run over the board walk, and striking a rail was torn up, and the engine, striking up and plowing the ground for nearly fifty feet. The engine was reversed by the engineer, Mr. Chas. Faegley, and the sudden stopping of it, caused the locomotive to strike, knocking its truck out from under it. To the tender was coupled a stock car filled with horses from Bedford county, which jumped upon it, and the weight of the live freight being thrown to one side, the car was ever turned. After the wreck whistle had been sounded, a goodly number of citizens gathered at the place, when the horses were removed from their awkward and dangerous position, and removed to the Franklin House stable. Fortunately none of the horses were injured, beyond a few scratches. The wrecking crew promptly cleared away the debris. By the accident the Fast Line west was delayed about 40 minutes, and the Atlantic did not arrive until about nine o'clock, whilst Broadway south did not leave until after the arrival of the northern train, due here at 7:25, when passengers and baggage were transferred at the Broad Top coal wharf. The fireman, Samuel Oellers, whilst jumping off, made a narrow escape from being crushed by the falling tender.

Considerable excitement was caused by the accident, the population (even women with babies in their arms) turning out to see what was to be seen, and for the next few days our citizens will have a topic—the might have been—to talk about.

The wrecked engine, No. 445, seems to be fortunate, as it was the one in the coal oil, which was in November last.

CONFERENCE APPOINTMENTS.—At the session of the Central Pennsylvania Conference, held at Altoona, the following appointments were made for the
