day of Marco. 1880, Mary, wife of Levi Van derpoor, left his home and on infant child of only four weeks old in his care, in company with Levi Quick, an old man aged about seventy-four years, she being about twenty turee. They were last seen on their way Suow Shoe, on Friday, March 27th. The baby died on the 30th of March, possibly from the cruel neglect of its inhuman mother. The woman named above, is a daughter of Danie Butler. The aggrieved husband, who lives at Moshannon Mills, distance four miles from Snow Shoe, this county, has no desire that the truant wife shall return, but wishes the public to be informed of the heartless conduct of both the mother and her illegal paramour [Evchanges will confer a favor by noticing.]

I therefore recommend this excellent remedy to all sufferers with Rheuma-
