OF EASTON. FOR AUDITOR-GENERAL : Hon. JOHN A. LEMON, OF BLAIR.

Republican National Convention,

A National Convention of the Republican party A National Convention of the Republican party will meet at Chicago on Wednesday, the second day of June next, at 12 o'clock noon, for the nomination of candidates to be supported for President and Vice President at the next election. Republicans and all who will co-operate with them in supporting the nominees of the party are invited to choose two delegates from each Congressional district, four at large from each State, two from each territory, and two from the Dist ict of Columbia, to represent them in the Convention. of Columbia, to represent them in the Convention J. D. CAMERON, Chairman. THOMAS J. KEOGH, Secretary.

WILL the Vice Presidency have to go a begging? Who wants it?

AT the time we go to press-10 A. M., the Illinois convention.

If there were more McManes' in the Chicago delegation the wishes of the party would be more fairly represented.

THE President has tendered the Post-

IF GRANT should happen to be nominated at Chicago, we presume the "un written constitution" will be considered as amended.

HARRISBURG had a slight fire on Monday, by which three buildings were slightly damaged. A report was current in our town on Monday night that the greater part of the capital city had been destroy ed, but the result of the fire is as above stated.

THE last three of the Raber murderers, Wise, Hummel and Brandt, paid the penalty of their crime on the gallows, in Leb anon, on Thursday of last week. Wise made a confession, admitting his own guilt and also asserting the guilt of his accomplices.

TWENTY Democratic Congressmen re fused to join the brigands who had every-

lowed its great zeal for the nomination of "the old demander" to run away with its usually good sense It will not advance the cause of the "great gift taker" by unearth ing Democratic lies and hurling them at his competitors. Unless we mistake the signs of the times there is a "dish of crow" in store for the Critic.

REV. W. W. HICKS, of Florida, who is well and favorably known in this county, heads the Grant delegation to Chicago from that State. Mr. Hicks is a warm friend of the "silent man," but if his favor ite is defeated at Chicago his voice will be heard in advocacy of the election of the nominee of that convention, whoever he may be. All good Republicans should imitate his example.

GRANT'S Southern speeches were to conservative for stalwart Republicans, and when he undertook to say, in effect, that there is no lawlessness and disloyalty, then his assertions are flatly contradicted by the almost daily occurrence of some act of lawlessness or some utterance of disloyalty. The leaders in the South are not the meek and harmless creatures that the ex-Presi dent would have us believe them to be.

Why does not some one name our Congressman Fisher for the Vice Presidency. Nobody se ms to be thinking of him for anything else.— Valley

We can't spare Congressman Fisher; we want him to "lay out" his Democratic competitor for Congressional honors this fall. There is scarcely a prominent Democrat in the district who is not "thinking of him" as the man who can carry this dis. trict over any candidate that party may pit against him.

THE management of the Harrisburg Patriot give notice that hereafter a Sunday edition of that paper will be issued, which shows a progressive spirit on their part. There is a marked improvement in every department of the paper of late, and it now comes to us freighted with the latest and freshest news from all quarters of the globe. Barring its detestable politics we wish it increased success and pros-

THE West Point investigation, concerning the mutilation of the colored cadet Whittaker, a notice of which appeared in our columns at the time, has about closed, and it looks as if the verdict would fasten the guilt upon Whittaker himself. This ening note sent Whittaker was written by himself, and that the slip of paper upon which it had been written had been torn from the sheet of paper upon which he had begun a letter to his mother. Upon this testimony they say that he is guilty of tieing his hands and feet, hammering his head, tearing his clothing, slitting one of his ears and cutting a piece out of the other! WANTED--INDEPENDENT DELE-

Just at this time we want them badly, and here and there they are coming to the surface and asserting their independence and manhood by pledging themselves to disregard the instructions of the State convention and vote as their constituents desire they should vote. The latest case of manly independence-and one that should be imitated by scores of delegates Hon. They cannot close, their eyes to the fact that the Republicans whom they are to represent at Chicago are in direct antagonism with the resolutions of instruction Thursday-there is nothing definite from adopted by the State convention. These gentlemen are proper sub

Some of them are in position where they fear the dan gers of offending the party in their imme diate districts by disregarding their well known sentiment with reference to the Presidency, but at the same time they also fear giving offence in another direction.
