TEETH.

SILICIOUS METALIC, OR MINERAL INCORRUPTIBLE TEETH.

It has for many years been a great desideratum among European and American Dentists, to manufacture Teeth from incorruptible materials which should imitate the natural living Teeth, Many have devoted years to unsuccessful experiments, and others have succeeded in manufacturing teeth of materials similar to the porcelain ware, but generally they have an opaque white appearance, by which they are easily distinguished from the human teeth.

After long and tedious experiments, the subscriber has succeeded in manufacturing teeth of materials entirely incorruptible, and perfectly in imitation of human teeth. They have a semi-transparency, and are made of various sizes and shades.

In cases where absorption of the aveolar process, or other causes may render it necessary, he will cast of the same materials attached to the teeth, artificial gums, which shall imitate the gum and supply the loss of substance.

It is entirely impossible for these teeth to change their color, or cause fœtid breath.

He will insert them from one to entire sets, in such manner that they will make articulation of the voice perfect, and materially assist in mastication; and so that they cannot be distinguished from the most beautiful natural living teeth by the most scrutinizing observer.

He also performs all the various operations in Dental Surgery, according to the late scientific improvements in the art.

F. H. KNAPP, Surgeon Dentist.

N. W. corner of Charles & Fayette streets, Baltimore.

TO DRUGGISTS.

A Drug Store situated in a town in one of the most fertile sections of Pennsylvania, is offered for sale. To a person of moderate capital, there are but few more desirable situations. A House and Lot will be rented to the purchaser, if required, and possession thereof given at any time.

For further particulars enquire of the Editors of the Volunteer.

January 31, 1839. 7t.

A new Line of Freight Cars
FROM HARRISBURG TO PHILADELPHIA.

THE subscriber, grateful for past favors, respectfully acquaints his friends and the public, that he has put into operation on the HARRISBURG, LANCASTER, and COLUMBIA RAIL ROAD, a line of new DOUBLE CARS, which will run regularly between Harrisburg & Philadelphia, by which Goods and Produce of all descriptions will be forwarded with care and despatch, at the lowest rates of freight.

Goods will be received at the WAREHOUSE of THOMAS J. MAXWELL, N. E. corner of Broad and Vine streets, Philadelphia, and forwarded to Harrisburg, Carlisle, Chambersburg, and intermediate places, and by the subscriber,

OWEN M'CABE.

Harrisburg, Jan. 31, 1839.

☞FISH, SALT AND PLASTER, CONSTANTLY ON HAND. Cash paid for almost all kinds of country produce.

MACHINIST AND
Burr Manufacturer.

The subscriber wishes to inform his friends and the public that he continues the manufacturing of all kinds of machinery for Woolen Factories, together with

FRENCH BURR MILL STONES,

at his old stand in New Cumberland, all of which he will warrant to be made in the best workmanlike manner and of the best materials, and sell at the lowest prices, upon accommodating terms.

A constant supply of Cards will be kept on hands, and old machines repaired.

ABR'M MELLINGER.

June 21, 1838. 1y

A VALUABLE TAN YARD
FOR RENT,
AT HARPER'S FERRY, VA.

THE subscribers will lease for one or more years, their valuable Tan Yard, with all its appendages. It is one of the best locations in Virginia for carrying on the business on an extensive scale, as there is abundant room and the materials are ample. A number of the Vats are under cover, and all the buildings are of the most suitable kind—besides the grinding of Bark (which can be got convenient and at fair prices,) is done by water power.

Any quantity of Hides can be procured in the neighborhood, as there is no other tannery within several miles of the place—and there is also every facility for getting hides from the cities, and sending them to market when tanned, either by rail road or canal. There is, likewise, a demand at this place for a large quantity of Leather annually by the Government.

Possession will be given immediately.

For further particulars enquire of

HUGH GILLEECE & CO.

Harper's Ferry, Feb. 7, 1839. cowtf

DR. I. C. LOOMIS,
DENTIST.

INTENDS residing permanently in Carlisle, and would respectfully offer his professional services to the citizens of the place and vicinity.

He has taken rooms at Col. Ferree's Hotel, where he may be found at all hours.

Persons requesting it will be waited upon at their residences.

Oak Grove Furnace, Oct. 4, 1838. tf

CHANGE OF AGENTS
For Morrison's Universal Medicines.

HORATIO SHEPHERD MOAT, late Sole Agent in the United States, having been dismissed by the British College of Health, Dr. George Taylor now of the city of New York, has been appointed Sole General Agent and Hygia Delegate to the United States.

The said George Taylor has appointed A. D. Olmstead, of Montrose, Susquehanna county, Pennsylvania, Sole General Agent for the states of Maryland and Delaware, and thirty three counties east of the Allegheny Mountains, Pennsylvania; and George C. Hand, Surgeon Dentist, of Allentown, Lehigh county, Pa., General Agent for four counties in the state of New York, and seven in the state of New Jersey, to wit:—Burlington, Cape May, Cumberland, Gloucester, Monmouth and Salem, in the state of New Jersey; Gennessee, Livingston, Monroe and Steuben, in the state of New York.

Hereafter, no person can or will vend the genuine Hygeian Medicines within the said districts, except by the authority of the said A. D. Olmstead and George C. Hand. All former agencies within said districts having terminated by the removal of H. S. Moat, who is now offering for sale under the firm of Moat & Pelham, Medicines of their own manufacture, which will readily be detected, as such will not have the signature of *A. D. Olmstead, G. C. Hand,* or Olmstead & Hand, on the cover of each box or package.

The leading principles of the Hygeian or Morisonian theory of Disease, are too favorably and generally known to require a minute explanation in this advertisement.

These medicines cure all diseases which admit of a cure, and many heretofore deemed incurable.

They may be given with safety to the weakest patient, and under every circumstance and stage of human suffering, and to children of the most tender age.

None offered for sale within the aforesaid districts are genuine, unless each box or package have a fac simile of James Morrison's, signature, with a sac simile of the signature of George Taylor, and also the written signature of A. D. Olmstead, G. C. Hand, or Olmstead & Hand, with the written signature of Sole Agents, when appointed.

The Pills are of two kinds—No. 1 and No. 2, sold in boxes with envelopes, at 25 and 50 cents; and packages at $1 and $3. Each packet contains a proportion of about two to one of No 2. The Powders are in separate boxes—price 25 cents.

No chemical apothecary or druggist is ever employed to sell these medicines.

Respectable persons complying with the requisitions required may be appointed agents on liberal terms.

Office and General Depot, No. 5 South Front street, Philadelphia.

A. D OLMSTEAD, General Agent,
For 33 counties, Pa., the states of Maryland and Delaware,
G. C. HAND, General Agent,
For 5 counties, N. Y., and 7 counties, N. J.

The public is hereby notified that we have united our business, and hereafter it will be conducted under the firm of Olmstead & Hand.

All orders directed to Olmstead & Hand, No. 5 south Front street, Philadelphia, will receive prompt attention.

OLMSTEAD & HAND.

The above medicine is for sale by

CHARLES OGILBY, Agent for Carlisle.

Sept 20, 1838. 1y

TO BRIDGE BUILDERS
F. GOOD'S
IMPROVEMENT IN BRIDGES.

FRANCIS GOOD, of the township of New London, in the county of Chester, and state of Pennsylvania, obtained letters patent for an improved plan of erecting Bridges over streams of water. The plan combines strength and permanency with economy, so much so as not to require, in some situations, more than one half the expense to erect a Bridge on this plan, and when built would not be liable to be injured by a freshet, or rise in the stream, the Bridge being constructed and secured in such a manner, that if the water should rise so high as to run over the top of it, the Bridge would remain firm and secure. The plan has been submitted to a number of scientific men, who all pronounce it a great improvement. One on this plan has been erected over a branch of Whiteclay creek, in the township of Londongrove, which received the approbation of a Jury appointed by the court to view the same. The subscriber having purchased the rights of the states of Pennsylvania west of the Susquehanna, New Hampshire, Vermont, New Jersey, Eastern Shore of Maryland, North and South Carolina, Indiana, Kentucky, Michigan, Mississippi, Louisiana, Missouri, and the territories of Wisconsin and Florida, will sell single, township, county, or state rights, to any person or persons, and will give every explanation that may be necessary, at his place of residence, *Kirk's Mills, Lancaster county, Pennsylvania,* or to the Editors of the Volunteer, *Carlisle, Pa.*

FRANCIS G. FELL.

September 20, 1838.

We, the Commissioners of Chester county, having erected a Bridge on the model of Francis Good's patent, are decidedly of the opinion that it is a very valuable improvement, especially for building over small streams, being much less expensive in their construction.

Elijah Lewis,
J. W. Passmore,
John Bettler,
Commissioners.

June 11, 1838.

Interesting Case Cured,

BY DR. WM. EVANS' CAMOMILE TONIC AND FAMILY APERIENT PILLS.

BENJAMIN BOWN, corner of Shippen and George streets, Philadelphia, was affected for seven years with extreme nervousness, by which he was not able to write his name. His symptoms were evacuation, daily spasmodic pain in the head, loss of appetite, palpitation of the heart, giddiness and dimness of sight, also inability of engaging in any thing that demanded vigor or courage; sickness of the stomach, impaired appetite, coldness and weakness of the extremities, emaciation and extreme debility, disturbed rest, a sense of pressure and weight on the stomach after eating, great mental despondency, severe flying pains in the chest, back and side, costiveness and a dislike for society and conversation. Mr. B. has made trial of various medicines now before the public, but to no effect, until, observing in a public paper some cures performed by Dr. William Evans's Camomile Tonic and Family Aperient Pills, he was induced to give them a trial, of which he is any time happy to state that they effectually cured him of the above distressing disease.

Persons who doubt the above cure, are most respectfully directed to the above mention person, at the North west corner of Shippen and George streets. BENJAMIN BOWN.

Dr. W. Evans' Camomile Pills.

FEMALES who are daily troubled with that distressing disease, *Sick Headache,* which destroys the peace and happiness of thousands, can be effectually cured by using Dr. Evans' Camomile Tonic and Family Aperient Pills.—Vide other medical advertisements.

TO THE PUBLIC.

FOR the purpose of removing a *general prejudice* that prevails against the Homœopathic practice of medicine, as well as to give a *quietus* to the *unfounded reports* of some *interested* individuals concerning it, the subscriber thinks it necessary to present to the public the following voluntary certificates of *cures* performed by him, from persons of respectability, long known in the borough of Carlisle. Persons similarly afflicted may have their *complaints* as well as their *prejudices* removed, by calling on E. EHRMAN, Homœopathic Physician, E. Main street, Carlisle.

December 27, 1838.

TRIUMPH

Of the Homœopathic, over the old practice of Medicine fairly established.

TO WHOM IT MAY CONCERN.

SOMETIME the last of August, A. D. 1837, a small protuberance appeared on my face near my left eye: I thought it was what is called a blind boil, and treated it accordingly. Several days after it first appeared, it was examined by a physician of this place, who pronounced it a CANCER, and directed me to apply *a lunar caustic,* which I did for two or three weeks, but found no help from it. I also applied other remedies to no better effect, after which I was directed to use caustic potash, but all to no purpose. The last proposed remedy created a sore about the size of a quarter of a dollar, and a copious discharge. It was again examined by a medical doctor, and thought by him to be sufficiently burned by the caustic, and he advised me to apply some healing salve. I did so, and as it healed, the cancer was more visible than at first; and by the time the sore was healed, or nearly so—for it never was fully healed from its first appearance, until healed in the way hereafter stated. At this time there was a head appeared on the surface, about the size of a five penny bit, with a shooting pain and a crawling sensation in it.

Having been acquainted for several years with Mr. Asa F. Smith, generally known in this neighborhood, by the name of the *Indian Doctor,* and having seen him during the time I was applying the remedies above stated, I asked his opinion. He said, he feared they would not effect a cure; that he had cured many, and was perfectly acquainted with them in all their stages and variety. After I had found those *remedies* which I had been using, ineffectual, I applied to the said Mr. Smith; he applied a plaster, with a small quantity of powder, much larger than the tumor, which was exceedingly painful. He gave me a phial of the powder, and the composition of the plaster, with directions how to use them.—It will be observed that the plaster was only for the purpose of *sticking* and keeping the air from the wound—the powder was intended to have effect on the cancer—and an effect it had, indeed, for it burned similar to red hot iron. The application of which I continued for about 38 days, during which time my sufferings were extreme, beyond description. Indeed, it *now* appears astonishing to me how I bore up under it so long. In the course of this application, there were several pieces of this cancer taken out; but after taking out a piece in one place and then going to another, for the same purpose, by the time I had succeeded in taking that out another one appeared in the place whence the former one had been removed, until I had taken out three pieces in the same place in succession, and more still appeared in the same place. By the sufferings I had endured from the application of the said powder I was induced to cease using it. The day on which I ceased the application of it I was informed that Dr. Frederick Ehrman professed to be skilled in the cure of cancers; this was sometime in December 1837, to the best of my recollection. I called on the doctor that evening. The next day he called to see me, and gave me medicine, which was used inwardly.—He would not allow any *outward* application, excepting *dry lint*—and to my astonishment, there was no further discharge from the wound, more than barely saturated the small quantity of lint, which was only sufficient to cover it. After I had taken his prescription for three or four days, I found by the sensation in the other side of my face, that it was as highly charged with the cancer as was the side I had made the application of the powder to, aforesaid, and that it had also got down over my under jaw into the glands of my neck. I also found a cancerous sensation on the inside of my right arm, between the wrist and elbow, and another in the fleshy part of my right thigh, and also in other parts of my body. The sensation was so well known by me, having experienced so much of it, I could not have been mistaken. After taking Dr. Ehrman's prescription two or three days, I observed a change in all those affected parts, above named, and more particularly in the wound which was opened by the former application, which now began to heal. I think it was not more than two or three weeks from the time Dr. Ehrman made the first application until my face was healed completely over, and has continued so ever since, and appears to be sound.

From the foregoing facts I feel it a duty I owe to Dr. Ehrman and to the public at large, to certify that HE FULLY REMOVED THE CANCER FROM MY SYSTEM, *by his prescription,* and that he not only cured me of the cancer, but has partially removed a disposition which I had long felt of a dyspeptic affection, and also some urinary obstruction, so that I feel more whole and sound in body than I have for several years past. Given under my hand at Carlisle, county of Cumberland, and state of Pennsylvania, the 13th day of August A. D. 1838.

JACOB SQUIER.

A CASE OF DYSPEPSIA

of 20 years standing cured by Homœopathic practice.

I do certify that I have been afflicted with dyspepsia for the time above mentioned, and for the last five years *very severely,* attended with a burning, aching and beating in the stomach, and occasionally with stitches and vomiting. I could not relish strong diet of any kind, and was generally of a costive habit. During my long illness, I employed *nine* different physicians, at different times, in the hope of getting some relief, if not entirely cured; but all was in vain.—At length I heard of different astonishing cures performed by Dr. Frederick Ehrman, Homœopathic Physician, and I employed him as the *tenth,* but without much hope. He gave me some pleasant medicine and continued it four or five weeks, when I felt great relief, and in a very short time afterwards I was completely cured, and for nearly a year since I have enjoyed a good state of health, without the least symptom of that disagreeable complaint returning. I would therefore recommend to those afflicted with similar or other complaints, to make early application to Dr. Ehrman, whose medicine is not only pleasant to the taste, but seldom or never fails in affording relief. Moreover, the Doctor's charge is uncommonly moderate. Witness my signature at Carlisle, the first day of November 1838. C. MOORE, Hanover st.

TO THE PUBLIC.

I do certify with pleasure, that Dr. Frederick Ehrman, Homœopathic Physician, of Carlisle, cured me of the following complaints, to wit:—In the autumn of 1837 I was afflicted with a violent attack of *dysentery,* and I applied to and was attended by one of our most eminent physicians, with but little success. Sometime after I was afflicted with what is generally termed *inflammatory rheumatism,* and the pains I suffered were excruciating, particularly in my joints. I was attended by the same eminent physician, and so acute were my pains, that laudanum was copiously administered to lull me and ease my sufferings—it afforded but a temporary relief; my joints were swelled and stiff, my right arm and hand were powerless—I could not move a finger. I had the *white swelling* in my right knee, and my ankle joint was swelled and stiff. I had a *cough* with purulent expectoration, accompanied with the *dysentery.* In fact I was left by the different diseases, and the treatment prescribed, a living skeleton, almost without any hope of relief. One of my neighbors who visited me about this time, advised me to call on Dr. Frederick Ehrman, and I did so, on the principle that *a drowning man would catch at straws;* or, in other words, I was willing to try *any thing* to get relief from the miseries I was laboring under, and contrary to my expectation, as well as all who saw me, I soon found a general relief—my pains removed, and my flesh and health increased by Dr. Ehrman's treatment, and from that time I enjoyed and now enjoy a better state of health than before I was afflicted. I do therefore, with confidence recommend to those suffering under similar afflictions, to call upon Dr Ehrman, in Carlisle, (the sooner the better, after they become afflicted) under a firm belief that they will be soon relieved and restored to their usual if not better health, than before they were afflicted, without the use of the *lancet,* or the disagreeable and painful operation of *blistering* or uncommon restriction of diet.—His medicine is pleasant but powerful, and is always attended with beneficial consequences.—Given under my hand at Carlisle the 15th day of November, A. D. 1838. E. ZERMAN.

☞CONSUMPTION CURED!☜

In the fall of the year 1837, I was afflicted with a bad cold, which brought on a severe cough.—For about two months it increased more and more, though I tried every means to get relief. I then employed one of our most eminent physicians, but still got worse and worse; at length I was confined to bed, and every movement of my body brought on the cough so severely that I thought I must die. I cannot describe the sufferings I felt from the pain in my breast, nor the quantity of putrid matter I discharged when coughing—it appeared that my whole inside would be spit out. I was reduced to a skeleton. About this time some of my friends came to see me and related some cures of similar complaints performed by Dr. Ehrman; and strongly urged me to give him a trial. I had heard of them before, and consented, without any hope however of recovering. But, contrary to the expectation of my friends, as well as myself, I was, by his treatment, soon able to leave my bed and attend to my business as usual, which I believe I never would have done, but for his medical treatment; and my strength speedily returned. From that time I have enjoyed better health than I had done for several years before. Now, I would say to those similarly afflicted, and to the public at large, that my firm belief is, if it had not been for the treatment of Dr. Frederick Ehrman, on the Homœopathic principle of medical practice, I would now have been numbered with the dead, instead of giving this information for the benefit of the public, which I consider it my duty to do. Given under my hand at Carlisle, the 7th day of December, 1838. JOHN CORNMAN.

GEORGETOWN, D. C. June 28, 1838.

TO DR. WM. EVANS—Respected friend: I am truly gratified that I can return my sincere thanks to you, who have been the cause of my being restored to *perfect health.* For five months past I have been laboring under a severe Chronic Inflammatory Rheumatism, attended with debility, loss of appetite, lowness of spirits &c. Having frequently heard of the truly excellent quality of your Camomile Pills, I at last determined to make trial of them; although not without considerable opposition from my physician and family. At last seeing my determination they argeed to the trial; and upon using the third package, I was altogether restored to health. How can I express my gratitude and sincere regard for such a saviour of human frames? My case was altogether hopeless, and I must confess myself surprised at the extraordinary result. No people were ever more blessed than we are with such remedies. The many quack advertisements which appear in the papers which I received from your city, deterred me from using your pills before I did. I can truly say that no medicine in the known world has had such an effect on me as your Camomile and Aperient Pills. What makes the cure more extraordinary is that I am more than forty years of age, and for the last four years could just move about, and only at short intervals. I am at present entirely recovered, and my hopes are that you may enjoy a long and prosperous life. If I am spared, I will almost certainly come to Philadelphia to see you.

If my name and letter will be of any service to you, you are at perfect liberty to make use of them, and all I can do to aid you will be done with unbounded pleasure.

Your most truly grateful and humble serv't,
WILLIAM JOHNSON.

Sept 6, 1838.

TO THE PUBLIC.

MORE PROOFS of the efficacy of Dr. W. Evans' Camomile Tonic and Family Aperient Pills.—Mr. Joshua Swain, Cape May county, N. J., effectually restored to health from the following distressing symptoms:—Extreme debility, attended with constant pain in the side, back and limbs, giddiness and dimness of sight; sickness at the stomach, impaired appetite; difficulty of breathing; great pressure and weight at the stomach after eating; depression of spirits, coldness and weakness of the extremities; flying pains in the chest; costiveness, and other symptoms not necessary to enumerate. Mrs. Swain, wife of the aforesaid Mr. Swain, has also been restored to health by the above invaluable medicines. Her symptoms were—nervousness, head ache, pain in the side, loss of appetite, disturbed rest, eructations, &c. The public are hereby informed that their motives for making this declaration are, that others afflicted with like symptoms may receive information of, and be cured by the same inestimable medicine.

For sale at the Herald Office, Carlisle.

Sept 6, 1838.

IMPORTANT TO FEMALES.

DR. WM. EVANS' Camomile Pills have proved to be the most useful medicine now before the public, in eradicating all the diseases connected with the female sex. One of the most dangerous epochs to females is at the change of life, and it is then that they require a medicine, which will so invigorate their mind, and strengthen their constitutions, as may enable them to withstand the shock. Ladies who are in a delicate state, are often troubled with sickness, such as vomiting, heart burn, head ache, tooth ache, hysterics, and other troublesome symptoms, from which they will find themselves relieved, by taking Dr. Evans' Camomile Pills, which remove disorders in the head, invigorate the mind, strengthen the body, improve the memory, and enliven the imagination. Remembering always to keep the bowels open with Evans' Family Aperient Anti-bilious Pills. For sale at the

HERALD OFFICE, Carlisle and by
S. WILSON & Co. Shippensburg.

Carlisle, Sept 6, 1838.

PETERS' PILLS.

THE TRUE RICHES OF LIFE IS
HEALTH.

We know that health, and the ability to labor is the wealth of the great mass of the people in this as in most other countries. To preserve, therefore, that health by NATURAL means, is a grand moral and political scheme, to fulfil which requires our utmost attention.

THE unparalleled reputation which Peters' Pills have acquired as a Medical Restorative, is the most unquestionable proof that can be given of their immense importance to the afflicted, in almost every class of diseases. The number of letters received from patients recovering thro' their means is really prodigious, and the complaints which they have cured are almost as varied as they are numerous. But still there are some in which they are more especially beneficial than in others; and among those may be named the too often fatal complaints of the stomach and bowels, such as Cholic, Flatulence, and Indigestion, for which they are not only a certain but an immediate cure.

It is well known that from the disarrangement of the stomach and bowels, arise nine tenths of all the maladies of adult and declining life; that this is the foundation of Flatulency, Spasmodic Pains, Indigestion, Loss of Apetite &c., and that those in their turn give birth to Dropsy, Liver Complaint, Consumption, and habitual lowness of spirits; therefore Peters' Pills being the very best medicine which has ever been discovered for the incipient diseases of the intestines, are necessarily the surest preventives of those dreadful, and also general disorders, which embitter mature life, and drag so many millions to untimely graves.

In speaking thus Dr. Peters arrogates nothing to himself that has not been conceded by the public. He is no needy quack or unknown speculator, who comes before the world as his own herald and witness, but is placed in a responsibility of situation by the patronage which he has enjoyed for years, and which is increasing to an extent unprecedented in the annals of medicine, that makes him careful to arrest nothing which is not borne out by the most infallible proof, and hence he does not fear to be put to the test in any thing which he has promised respecting his Pills.

Dr. Peters is most happy to be able to state, on the authority of a great number of regular physicians, that wherever his Vegetable Pills have been introduced, they have almost superceded the adoption of *mercurial experiments,* for their peculiar faculty in sweetening the blood, and stimulating it to expel all noxious juices, and in giving strength and tone to the nerves, prevents disease from acquiring that strength which must be got under, if at all, by dangerous remedies.

Prepared by JOS. PRIESTLY PETERS, M. D. 129 Liberty street, New York. Each box contains 40 pills; price 50 cents.

These celebrated Pills are sold by all the principal Druggists in Baltimore, Philadelphia, Washington city, and throughout the United States, the Canadas, Texas, Mexico, and the West Indies, and by

JOHN J. MYERS, Carlisle,
SAMUEL ELLIOTT, Do.
S. WILSON & Co., Shippensburg,
GEO. GARLIN, Chambersburg,
LEWIS DENIG, Do.
ALEX'R SPEER, Mercersburg,
P. W. LITTLE, Do.

December 6, 1838. 1y

QUACKS & THEIR DESTRUCTIVE NOSTRUMS.

—The united testimony of physicians throughout the United States has fully proved the fact that Peters' Vegetable Pills are the only true Vegetable Pills which will stand the test of analyzation; hence the proprietor would most earnestly urge them to the notice of those who have been in the habit of using, as cathartics or aperients, the destructive and irritating quack pills so generally advertised, and which are at best but slow consumers of the vital functions, and murderous agents, even to the most hale. It is true, most of them produce a purgative effect, and sometimes transient relief; but in most cases they injure the digestive organs, and an habitual resort to them must terminate in confirmed dyspepsia.

It is true that cathartic and aperient medicines are often required, but the nicest discrimination should always be observed in the selection; and, if this be done, nothing injurious can result from their use.

To produce this much desired result, Dr. Peters has made it his study for several years and feels proud to say he has succeeded at length far beyond his expectations. The object of his pills is to supercede the necessity of a frequent recourse to injurious purgatives, and to offer a medicine safe, certain, and pleasant in its operation.

Prepared by Jos. Priestly Peters, M. D. No. 129 Liberty street, New York. Each box contains 40 pills. Price 50 cents. For sale by J. J. Myers, and S. Elliott, Carlisle, and Samuel Wilson & Co. Shippensburg. Dec. 6.

Peters' Vegetable Pills.

MORE than three millions of boxes of these celebrated pills have been sold in the U. States since January, 1835.

Hundreds and thousands bless the day they became acquainted with *Peters' Vegetable Pills,* which in consequence of their extraordinary goodness, have attained a popularity unprecedented in the history of medicine.

When taken according to the directions accompanying them, they are highly beneficial in the prevention and cure of Bilious Fever, Fever and Ague, Dyspepsia, Liver Complaints, Sick Headach, Jaundice, Asthma, Dropsy, Rheumatism, Enlargement of the Spleen, Piles, Cholic, Female Obstructions, Heart Burn, Nausea, Furred Tongue, Distension of the Stomach and Bowels, Incipient Diarrhoea, Flatulence, Habitual Costiveness, Loss of Apetite, Blotched or Sallow Complexion, and in all cases of Torpor of the Bowels, where a cathartic or an aperient is needed. They are exceedingly mild in their operation, producing neither nausea, griping nor debility.

The efficacy of these Pills is so well known, and their use so general, that further comment is considered unnecessary. Dec. 6.

Headache, Sick and Nervous.

THOSE who have suffered, and are weary of suffering from these distressing complaints, will find in *Peters' Vegetable Pills* a remedy at once certain, and immediate in its effects.

In *Dyspepsia* they stand unrivalled, many have been cured in a few weeks after having suffered under this dreadful complaint for years.

In habitual Costiveness they are decidedly superior to any Vegetable Pills ever yet discovered, and besides this they are recommended by all the eminent and leading members of the medical Faculty.

For sale as above. Dec. 6

A CATALOGUE OF REASONS,
For using Dr. Peters' Celebrated Vegetable PILLS.

1. Because they are exceedingly popular, which proves them to be exceedingly good.

2. Because they are composed of simples which have the power to do good in an immense number of cases, without possessing the means to do injury in any.

3 Because they are not a quack medicine, but the scientific compound of a regular physician, who has made his profession the study of his life.

4 Because they are not unpleasant to take nor distressing to retain, while they are most effective to operate.

5 Because they are recommended as standard medicine by the regular faculty.

6 Because by keeping the system in a natural state of action, they cure almost every disease which is incidental to the human frame.

7 Because they are cheap and portable, and will retain all their virtues in full vigor, in any climate; and for any length of time.

8 Because, notwithstanding their simplicity and mildness, they are one of the speediest purgative medicines which has yet been discovered.

9 Because they are an unfailing remedy for procuring a good appetite.

10 Because in cases of spleen or despondency, by their healthy influence on the excited state of the body, they have a most happy effect, in calming, and invigorating the mind.

11 Because they effect their cures without the usual attendants of other pills, sickness and gripings.

12 Because as well as being an unrivalled purifier of the general system, they are a sovereign remedy for sick head-ache.

13 Because they differ from the majority of medicines, in the fact that the more they are known the more they are approved.

14 Because as their application creates no debility in the system, they may be taken without producing any hindrance to business or the usual pursuits of every day life.

15 Because when once introduced into a family, or a village, they almost immediately take the precedence of all other medicines in general complaints.

16 Because a number of the wonderful cures they have effected, can be substantiated without any undue means being resorted to, to procure invalid testimonies.

17 Because their composition is such, that they are equally applicable to the usual diseases of warm, cold, or temperate climates.

18 Because two or three, are in general sufficient for a dose—so that, as is the case with the generality of patent medicines—the patient is not compelled to make a meal of them.

19 Because each individual pill is put up under the immediate superintendence of the proprietor, so that no mistake in the composition or quantity can possibly occur through the carelessness of a less interested agent.

20 Because they purify the frame without debilitating the system.

21 Because, notwithstanding their immense popularity, no person has ever ventured to raise against them the breath of censure, which would not have been the case, if envy could have discovered in them a single flaw to cavil at

22 Because—(and this fact is of the utmost importance)—ladies in a certain situation may take them, (not more than two or three at a time however!) without in the slightest degree incurring the hazard of abortion. Were the virtues of Peters' jacstimable pills, confined to this desirable end alone, it would give them a decided advantage over the medicines of all competitors, as in no cases is there more danger to be apprehended, or for which so few have been discovered, as the one referred to.

23 Because while they are so efficient in their operations with adults they may at the same time be administered to children and even to infants, in small quantities, half a pill for instance, without the slightest danger.

24 Because their virtues are acknowledged to stand pre-eminent, for their soothing influence upon young ladies while suffering from the usual changes of life, as directed by the laws of Nature. Dec. 6.

LIVER COMPLAINT,

Cured by Dr. Wm. Evans' Chamomile Tonic and Aperient Pills.

MRS. LYTLE, Mount Joy, Lancaster co. Pa, completely restored to health, by Dr. Evans' Chamomile Pills. Her symptoms were, great pain in her right side, could not lie on her left without an aggravation of the pain, disturbed rest. Extreme debility, pains in the head, loss of appetite, palpitation of the heart, giddiness and dimness of sight, langor, with other symptoms indicating great derangement in the functions of the liver. Miss Lytle, daughter of the aforesaid Mrs. Lytle, has also been restored to perfect health, by the same invaluable medicine. Her symptoms were extreme nervousness, attended with severe pain in her side, sickness on the stomach, eructions, &c. Mrs. Lytle has the pleasure of informing the public, that numerous cases similar to her own, (in her vicinity) have been restored to health by the same invaluable medicine. General Office for the sale of Dr. Wm. Evans' Chamomile Tonic Pills, is at No. 19 North Eighth st. Philadelphia, a few doors above Market.

Interesting case of Dyspepsia and Hypocondriacism,

Cured by Dr. Evans' Chamomile Tonic and Family Aperient Pills.

Mrs. Good, of Mount Joy, Lancaster co. was affected for 7 years with the above distressing symptoms of which she was confined to her bed for 9 months. Her symptoms were, depression of spirits, sickness at the stomach, head ache, impaired appetite, great pressure and weight at the stomach after eating, great mental despondency, flying pains in the chest, back and sides, costiveness, emaciation, coldness and weakness of the extremities, a dislike for society or conversation, involuntary sighing and weeping, and langor and lassitude upon the least exercise.—Mrs. Good was in the most desperate situation, and could obtain no relief until she was advised by her neighbors to make trial of Dr. Evans' Chamomile Pills, of which she is happy to state that she is now enjoying all the blessings of perfect health. Persons desirous of further information will be satisfied of every particular of her astonishing cure, by applying at 19 North Eighth street, Philadelphia, or at her residence.

The above medicine is for sale by
