IMPORTANT To Millers & Manufacturers.

HOWD'S IMPROVED DIRECT

ACTION WATER WHEEL. THE public are informed that the subscriber has bought the right of the above water wheel; for the State of Pennsylvania. It is consulted by those having them in use, as one of the most important improvements that has ever been introduced. Persons desirous of seeing the been introduced. Persons desirous of seeing the wheel, can do so, by calling at the foundry of DAVID COCKLEY, Lancaster. The annexed certificates have been given as a slight testimonial of its value; they will speak for themselves. All communications addressed to the subcriber in Lancaster, Pa, will be promptly attended to.

MICHAEL M'MATH. April 11, 1839.

[Copr.]
This is to certify, that I have put in one of Howd's Patent Cust Iron Direct Action Water Wheels, in the place of a Reaction Wheel; that the Direct Wheel does not flood the tail race as much be table on the posterior of the property of the proper much by three inches as the reaction did, and that I can grind seven bushels with the direct action wheel an hour, and drive two run of stones, where I could not grind four bushels in the same time with the reaction and drive one

PETER FAHNESTOCK. Ephrata tp. Lan. co. Oct. 1838.

Alloway, May 5, 1838. This may certify, that I have been engaged in putting in S. B. Howd's cast iron direct action Water Wheel, both in the State of New York-and in Michigan, and can give it as my decided opinion that with 8 feet head or under, rightly put in, it will do more business with the I have not had any experience in, and in reference to back-water, is second best to none that I have yet tried. In reference to guarding against-ice, there can be no better operation, and it is very easy to be kept in repair.
STEPHEN AILES, Millwright.

Alloway, September 3, 1838.

This may certify that I have had in my Mill one of Mr. Howd's direct water wheels for the space of one year. It is a five feet wheel, and hive had a-re-action in the same place—I have also had Wheeler's Union Wheel, yet I think Mr. Hawd's will do more business with less water than ear other I have wind. the than any other I have tried. It does well in back water. I have had from 5 to 6 feet head. I think we could do as much work with half the water as we used to do with the under shoot wheel, which has also been in operation in my mill.

LAWRENCE RILEY.

Lvons, September 3, 1838.
This may certify, that we have used one of S.
Howd's patent water Wheels since December
last, by the side of a reaction wheel, and we
think that Howd's will do double the business, with the same water that the reaction wheel will door very near. We never have but three feet head, and can grind with that eight bushels feet head, and can grind with that eight bushels per hour. We are subject to back-water. This wheel will do as good business under back water. as the re-action, and we recommend it to the attention and patronage of the public.

CHANGE OF AGENTS

CHANGE OF AGENTS
For Morrison's Universal Medicities.

FOR TIO SHEPHERD MOAT, late Sole and the United States, having been dismissed by the British College of Health, Dr. George Taylor now of the city of New York, has been appointed Sole General Agent and Hygia Delegate to the United States.

The said George Taylor has appointed A. D. Olmstead, of Montrose, Susqueinanna county, Pennsylvania, Sole General Agent for the states of Muryland and Delaware, and thirty three counties east of the Allegheny Mountains Pennsylvania, and George C. Hand, Surgeon Dentist, of Allentown, Lehigh county, Pa., General Agent for four counties in the state of New York, and seven in the state of New Jersey, to witt-

gent for four counties in the state of New York, and seven in the state of New Jersey, to wittend the state of New Jersey, to wittend the state of New Jersey, Gennessee, Livingston, Monroe and Steuben, in the state of New York.

Hereafter, no person can or will vend the genuine Hygeian Medicines within the said districts, except by the authority of the said A.D. Olmstead and George C. Hand. All former agencies within said districts having terminated by the removal of H. S. Moat, who is now offer. by the removal of H. S. Moat, who is now offering for sale under the firm of Moat & Pelham, Medicines of their own manufacture, which will readily be detected, as such will not have the signature of A. D. Olmstead, G. C. Hand, or Olmstead & Hand, on the cover of each box or package.

The leading principles of the Hygeian or Morsonian theory of Disease, are too favorably and generally known to require a minute explanation in this advertisement.

These medicines cure all diseases which admit of a cure, and many heretofore deemed in-

They may be given with safety to the weakest patient, and under every circumstance and stage of human suffering, and to children of the

most tender age.

None offered for sale within the aforesaid districts are genuine, unless each box or package have a fac simile of James Morrison's signature, with a sac simile of the signature of George lor, and also the written signature of A. D. Olm-stead; G. C. Hand, or Olmstead & Hand, with he written signature of Sole Agents, when appointed.

The Pills are of two kinds—No. 1 and No. 2,

sold in boxes with envelopes, at 25 and 50 cents; and packages at \$1 and \$3. Each packet con-tains a proportion of about two to one of No 2. The Powders are in separate boxes—price 25

cents.

No chemical apothecary or druggist is ever employed to sell these medicines.

Respectable persons complying with the requisitions required may be appointed agents on iberal terms.

A new Line of Freight Cars

FRANCIS G. FELL,

PROM HARRISBURG TO PHIL
ADELPHIA.

Scptember 20, 1838.

We, the Commissioners of Chester county, having erected a Bridge on the model of Francis Chock, that he has put into operation on the HAR. Hisburg, LANCASTER, and COLUMBIA RAIL ROAD, a line of new DOUBLE CARS, which will run regularly between Harrisburg & Philadelphia, by which Goods and Produce of all descriptions will be forwarded with care and so filed and so filed to facility removed a disposition which I had long felt of a dyspeptic affection, and also some urm, ary obstruction, so that I feel more whole and so some urm, ary obstruction, so that I feel more whole and so some urm, ary obstruction, so that I feel more whole and so some urm, ary obstruction, so that I feel more whole and so some urm, ary obstruction, so that I feel more whole and so some urm, ary obstruction, so that I feel more whole and so some urm, ary obstruction, so that I feel more whole and so some urm, ary obstruction, so that I feel more whole and so some urm, ary obstruction, so that I feel more whole and so some urm, ary obstruction, and that he to follow in the care and so some urm, ary obstruction, so that I feel more whole and so some urm, ary obstruction, so that I feel more whole and so some urm, ary obstruction, so that I feel more whole and so some urm, and to the public at large, to certify that HE FULLY REMOVED THE FANKER PROOFS of the efficacy of Dr. W.

I a very valuable improvement, especially for a dyspeptic affection, and also some urm, ary obstruction, so that I feel more whole and so some urm, ary obstruction, so that I feel more whole and so some urm, ary obstruction, and that he not only cured me of the cancer, but he not only cured me of the cancer, but he not only cured me of the cancer, but he not only cured me of the cancer, but he not only cured me of the cancer, but he not only cured me of the cancer, but he not only cured me of the cancer, but he not only cured me of the cancer, but he not only cured me o

Iphysicians with but little success. Sometime

ment prescribed, a living skeleton, almost with-out aily hope of relief. One of my neighbors who visited me about this time, advised me to call on Dr. Frederick Ehrman, and I did so, on of the Homopathic, over the old practice of Medicine fairly established.

TO WHOM IT MAY CONCERN.

SOMETIME the last of August, A. D. 1837, a small protuberance appeared on my face near my left eye: I thought it was what is called a blind boil, and treated it accordingly. Several days after it first apleared, it was examined by a physician of this place, who pronounced it are caustic, which I did for two or three weeks, but found no help from it. I also applied other remedies to hobetter effect, after which I was directed to use caustic potash, but all to no purpose. The last proposed remedy created a sore about the size of a quarter of a dollar, and a conjous discharge. It was again examined by a medical doctor, and thought by him to be sufficiently burned by the caustic, and he advised me to apply some healing salve. I did so, and as it healed, the cancer was more visible than at first, and by the time the sore war healed, or nearly so—for it never was fully healed from its first.

PETERS'PILIS

THE TRUE RICHES OF LIFE IS

THE TRUE RICHES OF LIFE IS

IF HEALTH.

We know that health, and the ability to labor is the wealth of the great mass of the people in this as in most other countries. To preserve, therefore, that health by NAT URAL means, is a grand moral and political scheme, to fulfil which regulares our utmost attention.

The unparalled reputation which Peters' Pills have acquired as a Medical Restorative, is the most unquestionable proof that can be given of their immense importance to the afflicted, in almost every class of diseases. The number of letters received from patients recovering throw their means is really prodigious, and the complaints which they have cured are almost as varied as they are numerous. But still there are some in which they are more especially beneficial than in others, and among those may be manch and bowels, such as Cholic, Flatulence, and Indigestion, for which they are not only a certain but, an immediate cure.

It is well known that from the disarrangement

and Indigestion, for which they are not only a certain but, an immediate cure.

It is well known that from the disarrangement of the stomach and howels, arise nine tenths of all the maladies of adult and declining life, that this is the foundation of Flatulency, Spasmodic Pains, Indigestion, Loss of Apetite &c., and that those in their turn give birth to Dropsy, Liver Complant, Consumption, and habitual lowness of spirits; therefore Peters' Pills being the very best medicine which has ever been discovered; for the incipient diseases of the intestines, are necessarily the surest preventives of those dreadful, and also general disorders, which embitter mature life, and drag so many millions to un-

dies, and by

operation, producing neither nausea, griping nor debility.

The efficacy of these Pills is so well known,

and their use so general, that further commen s considered unnecessary.

Headache, Sick and Nervous. THOSE who have suffered, and are weary of L. suff ring from these distressing complaints, will find in Peters' Vegetable Pills a remedy at once certain, and immediate in its effects.

In Dyshepisia they stand unrivalled; many have been cured in a few weeks after having suffered under this dreadful complaint for years.

In habitual Costiveness they are decidedly superior to any Vegetable Pills ever yet discovered, and besides, this they are recommended by all the eminent and leading members of the medical Faculty.

For sale as above.

A CATALOGUE OF REASONS. For using Dr. Peters' Celebrated Vegetable

PILLS.

1. Because they are exceedingly popular, which proves them to be exceedingly good.

2. Because they are composed of simples which have the power to do good in an immense isburg. number of cases, without possessing the means to do injury in any.

3 Because they are not a quack medicine, but the scientific compound of a regular physician, who has made his profession the study of his life. 4 Because they are not unpleasant to take nor distressing to retain, while they are most effect.
