This-may certify that I have had in my Mill one of Mr. Howd's direct water wheels for the space of one year. It is a five feet wheel, and I have had a re-action in the same place—I have also had Wheeler's Union Wheel, yet I think Mr. Howd's will do more business with less water than any other I have tried. It does well in back water. I have had from 5 to 6 feet head.
